Stevenson, Delegates Agree United Nations Will Survive

UNITED NATIONS, N. Y. (AP)—A neutralist and a Latin-American U.N. delegate concurred today in Adlai Stevenson's belief that the United Nations will survive despite the life-and-death issues that tested it this year.

Stevenson, chief U.S. delegate to the world organization, told a news conference Thursday the 104-nation body would win the struggle for existence even though many claimed it was in its death throes and he himself had warned it had taken a turn that could lead to its destruction.

The Soviet Union's diagnosis of the U. N.'s chances was expected today when Deputy Foreign Min-

ister Valerian A. Zorin meets newsmen to give his appraisal of the 16th General Assembly, which recessed for Christmas Thursday.

Stevenson noted that when the 16th assembly met last September, a host of life-and-death issues faced it.

"On every one, we have today... a result better than we dared to predict," he declared.

The crucial problems, he said, had included the job of replacing the late Dag Hammarskjold as secretary-general, the China seating question, the financial crisis which threatened to bankrupt the U.N., and the Congo problem.

The first three have been solved

for the time being at least, he noted.

"The news from the Congo," he said, "is a fresh reminder of the durability of the United Nations."

Stevenson emphasized again he was disturbed by the support Asian and African nations gave India's use of force against Portuguese Goa. Such an attitude, he told the Security Council Monday night, "can only lead to chaos and the disintegration of the United Nations."

He charged that the Soviet Union had tried to pit the large Asian-African group against the West but said this had not succeeded.

Stevenson's view on the U.N.'s durability was shared by the Asian neutralist and Latin-American delegates, both of whom asked not to be named.

"They said the U.N. was wrecked on the problem of the secretary-general and then on the Congo, and now they say it on Goa," said the Asian diplomat. "I don't think so. The organization has even grown with each of these crises."

The Latin-American said: "The new nations have gotten new ideas into the stream of international debate."

This was a good thing, he said, and should not do the U.N. any harm.

Report Notes Kennedy Sr. Is Improved

WEST PALM BEACH, Fla. (AP)—Richard Cardinal Cushing visited his old friend, ailing Joseph P. Kennedy, today and reported the President's father was very much improved, and had spoken to him.

The cardinal, who is from Kennedy's home city of Boston, said he had told Kennedy, a former ambassador to Great Britain: "My dear friend, Mr. Ambassador, keep up your courage. We're all praying for you. You're going to be all right."

And to this, he said the 73-year-old Kennedy, who has been partly paralyzed from a blood clot on the brain, replied: "I know I am."

This was the first time since his Tuesday stroke that the elder Kennedy had been reported able to talk. Previous reports from his doctors had indicated that he was unable to speak but he could recognize members of his family.

The cardinal said that he had cautioned his old friend not to say anything more so that he would not use up his reserve strength.

The cardinal visited some 20 minutes in the hospital on his way home from Lima, Peru.

When reporters asked Cardinal Cushing about the fact that Kennedy had spoken to him, when all prior reports had been that the patient was unable to speak, he explained Kennedy "says a word or two, but they don't want him to keep speaking or tire himself out."

The cardinal's summing up of the situation was, "I think he's very much improved."

One of the ailing Kennedy's sons, Atty. Gen. Robert F. Kennedy, had spent the night at St. Mary's Hospital after returning from a quick trip to Washington. He had gone back to the capital for one day after a hurried trip here when his father was stricken.

An 8 a.m. bulletin from the team of physicians attending the elder Kennedy said:

"Mr. Kennedy spent a good night, resting comfortably. His condition is unchanged."

Dr. Marco Johansson, chief attending physician, said Thursday night his patient was "a little better." At the same time the doctor described himself as "more satisfied."

The attending physicians reported in a bulletin at 8 a.m.: "Mr. Kennedy spent a good night, resting comfortably. His condition is unchanged."

A son, Atty. Gen. Robert Kennedy, who arrived Thursday night from Washington, spent the night at the hospital. He had gone back to the capital for one day after a hurried trip here when his father was stricken.

The fact that the President's 73-year-old father has managed to survive for three days with a blood clot on the brain increased his chances for survival, hospital sources said.

But whether the former ambassador to England can overcome the partial paralysis and other effects of the stroke was another question.

The President will return to his father's bedside tonight from his (Continued on Page 2)

Thousands to Commemorate Holy Birth

Christmas Eve Services Set By City and Area Churches

Various churches in the area have planned special Christmas Eve services Sunday evening.

A festive choral celebration of Holy Communion will be held in St. Philip's Episcopal Church at 11:30 p. m. Christmas Eve. The Rev. William G. Huber will be celebrant and preacher.

The service will be preceded by Christmas carols and anthems sung by a group of choir members beginning at 11:10 p. m. Among selections to be sung will be: "From out the Streets" by Williams, "O Little One Sweet" by Bach, "In Dulci Jubilo," a traditional carol, and "Lo, How a Rose E'er Blooming" by Praetorius.

"Masters in This Hall" by Holst will be sung by the choir just before the processional hymn. The introit will be "Truly My Soul Waileth Upon God" by Willan. The anthem will be "O Come to the Manger" by Ringwald. Hymns to be sung by the congregation will include: "O Come, All Ye Faithful," "O Little Town of Bethlehem," "The Snow Lay on the Ground" and "Angels, We Have Heard on High."

ACOYTES serving at the Christmas Eve service will include Mike O'Donnell, John Wright and Louis Pomerville with Bill Weldon in charge.

At 9 a. m. on Christmas morning there will be a family service

of Morning Prayer and Christmas carols. The rector will read the service and give a brief meditation. Acolytes serving will be Bill Weldon and John Wright.

There will be a celebration of Holy Communion at 7:30 p. m. for St. John the Baptist Day. Acolytes will be Tom Wright and Mike Melson.

The Traditional Christmas Eve Candlelight Service at the First English Lutheran Church in Ashville will be held at 11 p. m. Sunday. Pastor Gruenberg will present as the sermon theme, "Mary's Christmas," based upon the Introit for Christmas.

The Senior Choir, under the direction of Mrs. Donald Flierl and accompanied by Mrs. George Lambert, will present a selection of anthems and carols for this service. Familiar Christmas hymns will be sung by the congregation, and the final candle, the Christ Candle in the Advent Wreath, will be lighted to commemorate the coming of Christ.

The First Presbyterian Church will hold a Sunday evening Christmas Eve Communion Service beginning at 10:30 p. m. The Sacrament of the Lord's Supper will conclude shortly after midnight. This is an attempt on the part of the church to join in the traditional custom of starting Christmas day by the celebrating of Christ's purpose in coming, mainly to give

Himself for us.

SPECIAL music will be provided by Mrs. M. W. Burkhart at the harp playing selected Christmas carols.

The choir, under the direction of Mrs. Clark Will, will be singing, "Never Was a Child so Lovely," Mrs. Theodore Huston will be at the organ, playing for the prelude, "Fantasia on Old Christmas Carols" by William Faulkes. (Continued on Page 2)

U.S. To Take Action against Red Members

WASHINGTON (AP)—The Justice Department says it will take action next month against members of the U.S. Communist party.

The announcement came Thursday after Atty. Gen. Robert F. Kennedy hurried back to his Palm Beach, Fla., where his father lies seriously ill, to map the government's next move against the Communist party, its officers and its members.

The action now was focused on the party members, who number about 10,000 according to the FBI. A Dec. 20 deadline passed without any of them registering as agents of the Soviet Union as required by the Internal Security Act.

The act carries stiff penalties for noncompliance: up to \$10,000 and five years in prison for each day of violation.

Just what action the Justice Department plans to undertake next month wasn't spelled out.

However, department spokesmen have explained that there is an elaborate procedure to be followed. Each party member must be accused formally before the Subversive Activities Control Board of belonging to the party. The board then must order each individual to register. This order is subject to court review.

Talks Resumed Today; Next Steps Aired

Negotiation Methods With Soviet Sought; Summit Meet Eyed

HAMILTON, Bermuda (AP)—President Kennedy and Prime Minister Macmillan today were reported in complete agreement on their next steps in the Berlin crisis, the results of the recent Soviet nuclear tests and the little they know about the confused Congo situation.

Kennedy and Macmillan resumed their talks this morning.

The two leaders of the Western alliance were expected to go deeper into all three situations, and others as well, in further talks before Kennedy flies back to Palm Beach, Fla., late today to the bedside of his seriously ill father.

They conferred for five hours in their first session Thursday and there was every indication that the atmosphere was harmonious. But their spokesmen emphasized that each subject was discussed only to a limited extent.

In their talk on Berlin, White House press secretary Pierre Salinger said, Kennedy and Macmillan concurred on "steps that can be taken in this particular field." Informants said this meant the position the West should take in trying to negotiate a peaceful solution with Moscow.

The next step, it was agreed in Paris at the Big Three origin ministers' meeting last week, will be talks by U.S. Ambassador Llewellyn Thompson with Soviet Foreign Minister Andrei A. Gromyko in Moscow to determine if there is a chance for formal negotiations on a new Berlin agreement.

But informants said they still must decide on a further approach to Moscow; whether, for example, to work toward a foreign ministers' meeting and ultimately an East-West summit.

They also must discuss ways to bring French President Charles de Gaulle around. De Gaulle insists that the tension over Berlin is all of Soviet making and therefore the Soviets must take the first steps toward easing it.

In the field of nuclear testing, Kennedy and Macmillan heard reports by their experts on the recent Soviet tests and what the experts have been able to deduce from them about Soviet advances in development of nuclear weapons.

Salinger said the discussion did not extend to policies—whether the United States should resume testing in the atmosphere—but it was felt the conversation may have strengthened Kennedy's hand with fearful European allies if he decides the United States must resume testing above ground to counter Soviet advances.

One source of tension between the two Western allies was eased by reports of an accord reached in the Congo between Premier Cyrille Adoula of the Leopoldville government and President Moise Tshombe of Katanga.

The United States staunchly supported the United Nations military action in secessionist Katanga while Britain has been critical of the fighting.

A joint communique issued after the first talk said the information on the Congo "is still very scanty," but added: "We must hope that a satisfactory solution is in the course of achievement on the spot."

GIs Play Santa In West Germany

FULDA, Germany (AP)—U. S. soldiers played Santa Claus today to children on the western side of the East-West border in Germany.

In Hesse, the 1st Reconnaissance Squadron of the 14th Armored Cavalry dispatched four jeeps to carry 2,000 packages of toys, candy and cookies to youngsters living along the patrol route.

The jeeps operated in teams of two, with a Santa Claus attached to each of the two teams. Ringing bells announced the arrival of the jeep-borne Santas at each village.

Leading one of the patrols was PFC. Kenneth Hartline of Belmont, Ohio.

Deadline Looms For Congo Unity

LEOPOLDVILLE, the Congo (AP)—Premier Cyrille Adoula says next Wednesday is the deadline for Katanga to honor President Moise Tshombe's unity commitment—and there'll be trouble if it doesn't.

The chief of the Congo's central government told newsmen Friday his regime will take energetic actions to see that the eight-point agreement be signed with the secessionist leader is respected.

Tshombe said on his return to Elisabethville, his U. N.-occupied capital, that the agreement to end Katanga's secession was subject to ratification by his Cabinet and Assembly—"and that cannot be done for at least 10 days."

Adoula declared, however, that Tshombe had undertaken to send Katanga deputies and senators to the Congolese Parliament and start the unification process by Dec. 27.

Both government quarters here and Belgians in Elisabethville said they expect the United Nations to enforce the agreement, again resorting to force if necessary.

The Congo's information minister, Joseph Ileo, declared after the signing of the agreement "We do not intend to be outwitted again" by Tshombe.

Ileo noted that Tshombe had repudiated similar agreements in the past but asserted that "this time the U.N. is directly involved and has the responsibility to see

that the commitment is completely respected.

Tshombe signed the declaration at the U.N. military base at Kitona after 17-hour talks with Adoula and handed it to U.N. Undersecretary Ralph Bunche. The accord promised to place Tshombe's Katanga gendarmerie under the authority of Congolese President Joseph Kasavubu and pledged to support policies of the United Nations, which has demanded expulsion of foreign mercenaries directing Katanga armed forces.

On returning to Elisabethville, the Katanga capital, Tshombe declared he had "not found anything at Kitona."

"The important thing is that the accord we have reached has to be ratified by my ministers and by the national (Katanga) assembly, and that cannot be done for at least 10 days," he said.

Belgian observers in Elisabethville—where Katanga armed resistance crumbled after a two-week battle with U.N. troops—said they doubted that Tshombe's ministers and other followers would accept the agreement.

The Belgians also speculated if ratification is denied, the U.N. command will feel compelled to resort to further military action. A U.N. spokesman declared that "there is no question of ratification as far as U.N. representatives are concerned." "It is signed, sealed and delivered," he said of the agreement.

Officials in Washington were also doubtful. A high-ranking U.S. official said that "the road ahead is still a rocky one. What we hope is that Katanga will live up to the agreement."

No Paper Monday

In order for staff members to enjoy Christmas with their families, The Herald will not be published Monday.

Features and comic strips normally carried in Monday's paper will appear in Tuesday's edition.

All members of The Herald organization take this opportunity to extend to you their most sincere wishes for a safe and joyful Yuletide season.

Strong Winds, Snow, Sleet Hit Rockies

By THE ASSOCIATED PRESS
Snow, sleet and rain blown with cutting force by winds up to 97 miles an hour swept down the northern Rockies today, closing highways in three states.

A cold front erased balmy temperatures and produced a variety of weather that included lightning storms and rain.

Northern Montana was hardest hit, but winds triggered a series of snowfalls that closed two major highways in western Wyoming.

In Colorado, winds up to 62 miles an hour smashed signs and windows and overturned two light airplanes—both with occupants—on runways at Denver. No one was hurt seriously.

The first full day of the winter season also brought wintry weather to many other sections of the country.

Light snow fell across northern areas from Montana eastward through the Dakotas into the Upper Mississippi Valley. Snow and cold hit broad sections from the Great Lakes through Michigan into northern Ohio and western Pennsylvania and northeastward through interior parts of New York and New England.

Officers Trap Man Wanted In Columbus

Two local State Highway Patrolmen aided Columbus Police and the Franklin County Sheriff's Department in the apprehension of a Columbus man wanted for "investigation" at about 2 a. m. today.

City Police and the Sheriff's Department were also alerted for the subject being pursued by the Franklin County Departments.

A Patrol spokesman said that Columbus Police pursued the motorist south on Route 23 at a high rate of speed. Officers, unable to overtake the subject, alerted Pickaway County departments.

Local City Police placed a roadblock at the intersection of Routes 22 and 23 as a precautionary measure.

MEANWHILE State Patrolmen headed north on Route 23 in an attempt to meet the oncoming fugitive.

The State Patrol cruiser joined the pursuit near Little Walnut and within five minutes had stopped the runaway vehicle about 2 miles north of here and apprehended the subject.

Franklin County units arrived on the scene shortly after the apprehension, Patrolmen said, and returned the "wanted subject" back to Franklin County.

An early broadcast inaccurately reported that local City Police had apprehended a subject in a stolen car, north on Route 23.

Information concerning reasons for the pursuit of the motorist by Franklin County was not available at noon today.

Stevenson, Delegates Agree United Nations Will Survive

UNITED NATIONS, N. Y. (AP)—A neutralist and a Latin-American U.N. delegate concurred today in Adlai Stevenson's belief that the United Nations will survive despite the life-and-death issues that tested it this year.

Stevenson, chief U.S. delegate to the world organization, told a news conference Thursday the 104-nation body would win the struggle for existence even though many claimed it was in its death throes and he himself had warned it had taken a turn that could lead to its destruction.

The Soviet Union's diagnosis of the U. N.'s chances was expected today when Deputy Foreign Min-

ister Valerian A. Zorin meets newsmen to give his appraisal of the 16th General Assembly, which recessed for Christmas Thursday.

Stevenson noted that when the 16th assembly met last September, a host of life-and-death issues faced it.

"On every one, we have today a result better than we dared to predict," he declared.

The crucial problems, he said, had included the job of replacing the late Dag Hammarskjöld as secretary-general, the China seat question, the financial crisis which threatened to bankrupt the U. N. and the Congo problem.

The first three have been solved

for the time being at least, he noted.

"The news from the Congo," he said, "is a fresh reminder of the durability of the United Nations."

Stevenson emphasized again he was disturbed by the support Asian and African nations gave India's use of force against Portuguese Goa. Such an attitude, he told the Security Council Monday night, "can only lead to chaos and the disintegration of the United Nations."

He charged that the Soviet Union had tried to pit the large Asian-African group against the West but said this had not succeeded.

Stevenson's view on the U.N.'s durability was shared by the Asian neutralist and Latin-American delegates, both of whom asked not to be named.

"They said the U.N. was wrecked on the problem of the secretary-general and then on the Congo, and now they say it on Goa," said the Asian diplomat. "I don't think so. The organization has even grown with each of these crises."

The Latin-American said: "The new nations have gotten new ideas into the stream of international debate."

This was a good thing, he said, and should not do the U.N. any harm.

Report Notes Kennedy Sr. Is Improved

WEST PALM BEACH, Fla. (AP)—Richard Cardinal Cushing visited his old friend, ailing Joseph P. Kennedy, today and reported the President's father was very much improved, and had spoken to him.

The cardinal, who is from Kennedy's home city of Boston, said he had told Kennedy, a former ambassador to Great Britain:

"My dear friend, Mr. Ambassador, keep up your courage. We're all praying for you. You're going to be all right."

And, this, he said the 73-year-old Kennedy, who has been partly paralyzed from a blood clot on the brain, replied: "I know I am."

This was the first time since his Tuesday stroke that the elder Kennedy had been reported able to talk. Previous reports from his doctors had indicated that he was unable to speak but he could recognize members of his family.

The cardinal said that he had cautioned his old friend not to say anything more so that he would not use up his reserve strength.

The cardinal visited some 20 minutes in the hospital on his way home from Lima, Peru.

When reporters asked Cardinal Cushing about the fact that Kennedy had spoken to him, when all prior reports had been that the patient was unable to speak, he explained Kennedy "says a word or two, but they don't want him to keep speaking or tire himself out."

The cardinal's summing up of the situation was, "I think he's very much improved."

One of the ailing Kennedy's sons, Atty. Gen. Robert F. Kennedy, had spent the night at St. Mary's Hospital after returning from a quick trip to Washington. He had gone back to the capital for one day after a hurried trip here when his father was stricken.

Northern Montana was hardest hit, but winds triggered a series of snowfalls that closed two major highways in western Wyoming.

In Colorado, winds up to 62 miles an hour smashed signs and windows and overturned two light airplanes—both with occupants—on runways at Denver. No one was hurt seriously.

The first full day of the winter season also brought wintry weather to many other sections of the country.

Light snow fell across northern areas from Montana eastward through the Dakotas into the Upper Mississippi Valley. Snow and cold hit broad sections from the Great Lakes through Michigan into northern Ohio and western Pennsylvania and northeastward through interior parts of New York and New England.

Officers Trap Man Wanted In Columbus

Two local State Highway Patrolmen aided Columbus Police and the Franklin County Sheriff's Department in the apprehension of a Columbus man wanted for "investigation" at about 2 a. m. today.

City Police and the Sheriff's Department were also alerted for the subject being pursued by the Franklin County Departments.

A Patrol spokesman said that Columbus Police pursued the motorist south on Route 23 at a high rate of speed. Officers, unable to overtake the subject, alerted Pickaway County departments.

Local City Police placed a roadblock at the intersection of Routes 22 and 23 as a precautionary measure.

MEANWHILE State Patrolmen headed north on Route 23 in an attempt to meet the oncoming fugitive.

The State Patrol cruiser joined the pursuit near Little Walnut and within five minutes had stopped the runaway vehicle about 2 miles north of here and apprehended the subject.

Franklin County units arrived on the scene shortly after the apprehension, Patrolmen said, and returned the "wanted subject" back to Franklin County.

An early broadcast inaccurately reported that local City Police had apprehended a subject in a stolen car, north on Route 23.

Information concerning reasons for the pursuit of the motorist by Franklin County was not available at noon today.

"HEY, THERE'S AN ELEPHANT IN YOUR CAR"—"I know it," says animal trainer Manuel King. It's a baby elephant, and he's waiting in Port Houston, Tex., for docking of the ship bringing the elephant's mother from Thailand. The reunion was a flop, however—neither pachyderm seemed to remember the other.

Christmas . . .

(Continued from Page 1)
Offering, "Come, Lord Jesus" by Bach; and Postlude, "Silent Night" by Gruber.
A special Christmas Eve Service will be held at 4 p. m. in the Calvary EUB Church. Everyone is invited.

The Pilgrim Holiness Church will present a Christmas Play at 7:30 p. m. Christmas Eve. The play, entitled, "Why Christmas?" will be directed by Mrs. Thomas Beavers.

The play is to be presented by the Young People's Class. The public is cordially invited to attend.

A CHRISTMAS Carol Service program, entitled "The Light Shines", will be given by the Sunday School and choir at 7:30 p. m. on Christmas Eve in the St. Paul Ev. Lutheran Church, Route 2, Ashville. The service is open to the public.

The First Methodist Church will hold a Christmas Eve Candlelight Service Sunday at 9 p. m. in the sanctuary of the church.

The Church of the Nazarene will hold a service at 7 p. m. Christmas Eve. The choir will be featured in a presentation of the Christmas Story in song. Soloists will be the Misses Sue Anderson and Freda Good. Also, a trio will sing. The pastor, the Rev. R. Dale Frueling, will read the narrative and bring a message entitled "The Gift of God's Love".

A SPECIAL Christmas Eve Service will be presented by the George Blackstone family at the Church of Christ Sunday evening. The presentation will include special organ and piano music as well as selections played on the marimba. Mrs. George Blackstone and daughter, Joyce, will play a violin duet. The Rev. George Blackstone will deliver the evening message.

Blue Santas Carry Largest Load Ever

WASHINGTON (AP)—The Post Office Department said proudly today that its blue-clad Santas are carrying out the largest, most successful delivery of Christmas mail in history.

In the first 20 days of December, 9.5 billion pieces of mail passed through their hands. This was 5.7 per cent more than last year and receipts were up about \$5 million to \$172.1 million. The total incoming and outgoing mail handled for the Christmas season should easily exceed 11 billion pieces, the department said.

Supreme Court Asked To Toss Out Suit against McKinley

COLUMBUS, Ohio (AP)—The Ohio Supreme Court was asked today to throw out a suit seeking to keep Canton McKinley High School's 1962 football suspension intact.

Yuletide Spirit Shines on West Side of Berlin

BERLIN (AP)—More than 800 huge Christmas trees are lit each dusk along the Western side of the Communist wall through Berlin.

On the East Berlin side of the barrier nothing matches this pre-Christmas atmosphere.

There are Christmas decorations, lighted trees and all, deeper inside East Berlin at the shopping centers. But along the Communist side of the 25 miles of concrete and barbed wire there are only three spindly fir trees set up by the East German guards.

One, at Elisenstrasse between the Soviet and American sectors, is stuck into a low, concrete road barrier. It has no lights, no decorations.

In the background a powerful battery of Red loudspeakers blares out Communist propaganda slogans interrupted by popular German—and some American—Christmas songs.

"You in West Berlin will be able to celebrate a peaceful Christmas because we built the wall to ward off any provocations," a shrill voice announces.

Then come "Silent Night" and "I'm Dreaming of a White Christmas" with German lyrics.

Across the end of Harzerstrasse cuts the ugly Communist wall—eight feet high. Behind it, Red guards can be seen looking through the slit of a wooden watch tower.

One of the many West Berlin Christmas trees stands at the dead end of Harzerstrasse.

East German border police occasionally hurl bricks at it. "They have missed so far," the lone West Berlin policeman on duty said.

Police report that at least five of the 800 trees set up by various West German organizations have been damaged by brick-throwing Red guards at other points.

In West Berlin, up to the wall, there is the usual pre-Christmas bustle. Busy shoppers hurry home with armfuls of parcels.

Busy with their Christmas shopping, West Berliners have little time to go to the wall. Hardly anybody waves across to East Berlin relatives.

Report Notes

(Continued from Page 1)
overnight conference in Bermuda with British Prime Minister Harold Macmillan.

Meanwhile, other members of the Kennedy family have kept a constant vigil in the wing of St. Mary's Hospital where Joseph Kennedy occupies Room 335.

There have been a number of conflicting statements from official sources regarding the elder Kennedy's condition.

Dr. Johannsen, emerging from a look at his patient at 11:30 p. m., gave the first firm report that Kennedy had improved.

His right side was still partially paralyzed and he was unable to talk. But he has been able to recognize members of his family.

Before Dr. Johannsen's hopeful comment, the latest official medical bulletin had been issued at 6:50 p. m. by Kennedy's youngest son, Edward M. Kennedy.

It said only: "Mr. Kennedy's condition had not changed significantly. He is resting quietly." Asked if he thought there was any improvement, young Kennedy said, "There's nothing that would indicate a significant change."

But even at that time, when pressed by reporters, Dr. Johannsen, a German-born internist, smilingly lapsed into French phrases like "un soupçon" and "un peu" to disclose that a little improvement had been noted.

Reserve Issue Is Confronted By Pentagon

WASHINGTON (AP)—The Reserve Officers Association has accused Secretary of Defense Robert S. McNamara of not dealing fairly with the nation's reservists and their families.

The accusation was in a broad attack the association directed Thursday at the Pentagon on reserve matters.

There has been "obvious downgrading of the reserve consideration at all levels," the association said. It also claimed the Pentagon reaches decisions on the reserves "by mysterious methods not shared with the American people or even with the Congress."

Later, the Defense Department commented in a statement that it is "fully convinced of the importance and the capabilities of the reserve system and the indispensable contribution" it makes to the nation's defense.

The association's statement asserted that: 1. McNamara has permitted to go unchallenged many public misconceptions about the reserve program and that this threatens to undermine the morale of reserve units.

2. The Defense Department has failed to understand the broader aspects of the reserve program and abolished the offices in each service of the assistant secretary for reserve and personnel affairs.

Deaths

MRS. LILLIAN HIMROD Services will be at 1:30 p. m. tomorrow in the Deffenbaugh Funeral Home for Mrs. Lillian Himrod 88, who died at 4 a. m. yesterday in the Circleville Home and Hospital.

Services will be conducted by the Rev. O. F. Gibbs. Burial will be in Forest Cemetery. Friends may call at the funeral home.

In 1954 a squall over Lake Michigan created a single giant wave, 5 to 20 feet high, that struck the Chicago shoreline and drowned seven persons.

Tree Problem Solved OIL CITY, Pa. (AP)—Steven Strube, 6, yearned for a big green pine tree to decorate for Christmas. But his brother, Scott, 2, is allergic to pine trees.

A sympathetic "Santa Claus" came to the rescue Thursday, sending the George Strube family a surprise gift—an aluminum tree.

New Albany Men Sentenced for Ashville Burglary

Two New Albany, O., men apprehended by quick law enforcement work last Saturday a few hours after burglarizing the Scioto Grain Co. in Ashville were sentenced yesterday by Pickaway County Common Pleas Court Judge William Ammer.

Jerry Hanning, who had a long record of prior encounters with the law, drew a 1-15 year term in the Ohio Penitentiary, Columbus, for breaking and entering and two 1-7 year sentences on two counts of grand larceny.

Jerry Sullivan, his companion, was placed on three years probation on the same charges. He is wanted for questioning in connection with other crimes in the New Albany area.

The men stole approximately \$579 worth of merchandise and equipment from the Ashville firm.

The case of Irland Gene Robinson, whose only permanent address is Circleville, on a charge of issuing a \$12 check to Durwin Karshner on the Third National Bank Nov. 13 was continued until next week after Robinson pled guilty to issuing the draft without having an account with the financial institution.

Revenue Men Hold Confiscated Car

TOLEDO, Ohio (AP)—A late-model sedan seized by internal Revenue agents in a gambling raid will be kept for use by federal officers.

The car belonged to Edwin Watruba, 45, of Sandusky. Watruba, in addition to losing the car, was fined \$300 and given a six-month suspended jail sentence by U. S. District Judge Frank L. Kloebe.

Judge Kloebe ordered the car sold at auction, but the General Services Administration said the government could keep the car. Kenneth Cannon, chief of the Toledo IRS Intelligence Division, said that the vehicle will be used by revenue agents in the Cleveland area.

Speeding Motorists Fined by City Court

Two speeding motorists were fined in Circleville Municipal Court yesterday following arrests made by the State Highway Patrol.

Ronnie Allen, 26, Route 3, was fined \$15 and costs for speeding at 75 miles per hour in a 60 mile zone.

Michael G. Shaikun, 19, Louisville, Ky., paid a \$25 fine and costs for speeding at 75 miles per hour in a 50 mile zone.

The Elder Canal — opened through the Danish-ruled duchies of Schleswig and Holstein in 1784 — was the first of the world's great canals.

Ralph L. Beck Dies at Age 73

Mr. Ralph L. Beck, 73, of 116 E. Water St., died at 4 a. m. today in University Hospital, Columbus, following a brief illness.

Mr. Beck and his brother, Charles H. Beck, 147 Pleasant St., operated a meat market in downtown Circleville for many years until the deceased retirement several years ago.

He was born December 3, 1888, in Circleville, the son of Lewis and Elizabeth Pitt Beck.

A veteran of World War I, Mr. Beck was a member of the Hall Adkins Post No. 134 of the American Legion and the Trinity Lutheran Church.

HIS WIFE, Mrs. Ruth H. Beck, preceded him in death in 1969.

Survivors are: a son, John L. Beck, 123 Watt St.; a daughter, Mrs. James Lytle, Peoria, Ill.; a brother, Charles H. Beck, 147 Pleasant St.; two sisters, Mrs. Elizabeth Beck and Miss Mabel C. Beck, both of 119 Pleasant St.; and five grandchildren.

Services will be at 3 p. m. tomorrow in the Mader Funeral Home with the Rev. Carl Zehner officiating. Burial will be in Forest Cemetery.

Friends may call at the funeral home.

East German border police occasionally hurl bricks at it. "They have missed so far," the lone West Berlin policeman on duty said.

Police report that at least five of the 800 trees set up by various West German organizations have been damaged by brick-throwing Red guards at other points.

In West Berlin, up to the wall, there is the usual pre-Christmas bustle. Busy shoppers hurry home with armfuls of parcels.

Busy with their Christmas shopping, West Berliners have little time to go to the wall. Hardly anybody waves across to East Berlin relatives.

Stark County Prosecutor Norman J. Putman said in a brief that the Ohio High School Athletic Association lacked authority to seek a high court writ of prohibition that would prevent the county common pleas court from lifting the suspension.

The association asked the writ after the lower court temporarily enjoined the suspension imposed for alleged theft of two football-playing brothers from Portsmouth High School.

Both schools are members of the association which regulates athletic competition among some 1,500 public and parochial school members.

Putman said in a demurrer to the writ of prohibition suit that school boards have the capacity to contract and sue but not to form a voluntary association for such a purpose.

The prosecutor added that lower courts were competent to determine their jurisdiction and that the association could appeal rather than ask the high court to ban injunction.

The common pleas court is free to consider a permanent injunction against the suspension unless the Supreme Court orders otherwise.

The high court recently refused to issue a temporary writ of prohibition but said that action did not bar consideration of a request for a permanent writ against the trial court.

Crosby Hospitalized For Stomach Pains
SAN FRANCISCO (AP)—Crooner Bing Crosby, 57, was hospitalized early today after complaining of abdominal pains after a dinner party.

Crosby, accompanied by his wife, Kathy, arrived at St. Joseph's Hospital at 12:15 a.m.

Hospital sources said the ailment had not been diagnosed and there were no plans to release him immediately.

Berger Hospital Treats One Injury
A 27-year-old Circleville man who injured his right ankle while playing ball at Stoutsville was treated and later released at Berger Hospital's Emergency Room yesterday.

Max Spangler, 513 E. Mound St., was treated for an ankle sprain following the accident.

The average American man's weight is up from 160 pounds in 1900 to an average of 165. Women also have gained five pounds, to reach an average of 127.

Tree Problem Solved

OIL CITY, Pa. (AP) — Steven Strube, 6, yearned for a big green pine tree to decorate for Christmas. But his brother, Scott, 2, is allergic to pine trees.

A sympathetic "Santa Claus" came to the rescue Thursday, sending the George Strube family a surprise gift—an aluminum tree.

New Albany Men Sentenced for Ashville Burglary

Two New Albany, O., men apprehended by quick law enforcement work last Saturday a few hours after burglarizing the Scioto Grain Co. in Ashville were sentenced yesterday by Pickaway County Common Pleas Court Judge William Ammer.

Jerry Hanning, who had a long record of prior encounters with the law, drew a 1-15 year term in the Ohio Penitentiary, Columbus, for breaking and entering and two 1-7 year sentences on two counts of grand larceny.

Jerry Sullivan, his companion, was placed on three years probation on the same charges. He is wanted for questioning in connection with other crimes in the New Albany area.

The men stole approximately \$579 worth of merchandise and equipment from the Ashville firm.

The case of Irland Gene Robinson, whose only permanent address is Circleville, on a charge of issuing a \$12 check to Durwin Karshner on the Third National Bank Nov. 13 was continued until next week after Robinson pled guilty to issuing the draft without having an account with the financial institution.

Ike Settles Down For Vacation Stay
PALM DESERT, Calif. (AP)—Former President Dwight D. Eisenhower settled down today to a winter desert vacation expected to include golf, relaxation and a couple of speeches.

Eisenhower looked with pleasure through his rented home here, chatted briefly with newsmen, then adjourned to the adjoining Eldorado Country Club after he and Mrs. Eisenhower arrived Thursday.

Revenue Men Hold Confiscated Car

TOLEDO, Ohio (AP)—A late-model sedan seized by internal Revenue agents in a gambling raid will be kept for use by federal officers.

The car belonged to Edwin Watruba, 45, of Sandusky. Watruba, in addition to losing the car, was fined \$300 and given a six-month suspended jail sentence by U. S. District Judge Frank L. Kloebe.

Judge Kloebe ordered the car sold at auction, but the General Services Administration said the government could keep the car. Kenneth Cannon, chief of the Toledo IRS Intelligence Division, said that the vehicle will be used by revenue agents in the Cleveland area.

Speeding Motorists Fined by City Court

Two speeding motorists were fined in Circleville Municipal Court yesterday following arrests made by the State Highway Patrol.

Ronnie Allen, 26, Route 3, was fined \$15 and costs for speeding at 75 miles per hour in a 60 mile zone.

Michael G. Shaikun, 19, Louisville, Ky., paid a \$25 fine and costs for speeding at 75 miles per hour in a 50 mile zone.

The Elder Canal — opened through the Danish-ruled duchies of Schleswig and Holstein in 1784 — was the first of the world's great canals.

Ralph L. Beck Dies at Age 73

Mr. Ralph L. Beck, 73, of 116 E. Water St., died at 4 a. m. today in University Hospital, Columbus, following a brief illness.

Mr. Beck and his brother, Charles H. Beck, 147 Pleasant St., operated a meat market in downtown Circleville for many years until the deceased retirement several years ago.

He was born December 3, 1888, in Circleville, the son of Lewis and Elizabeth Pitt Beck.

A veteran of World War I, Mr. Beck was a member of the Hall Adkins Post No. 134 of the American Legion and the Trinity Lutheran Church.

HIS WIFE, Mrs. Ruth H. Beck, preceded him in death in 1959.

Survivors are: a son, John L. Beck, 123 Watt St.; a daughter, Mrs. James Lyle, Peoria, Ill.; a brother, Charles H. Beck, 147 Pleasant St.; two sisters, Mrs. Elizabeth Beck and Miss Mabel C. Beck, both of 119 Pleasant St.; and five grandchildren.

Services will be at 3 p. m. tomorrow in the Mader Funeral Home with the Rev. Carl Zehner officiating. Burial will be in Forest Cemetery.

Friends may call at the funeral home.

New Citizens

DAYS OF YORE—Back in 1938 President Franklin D. Roosevelt appointed Joseph P. Kennedy, the President's father, ambassador to the Court of St. James's. Here (upper) Roosevelt congratulates Kennedy after Kennedy was sworn in by Supreme Court Justice Stanley Reed (middle). The following year Kennedy gave an affair at the U.S. embassy in London. He and Mrs. Kennedy (left) are shown with two of their guests, the late King George VI and Queen Elizabeth, parents of the reigning Queen Elizabeth.

Billings Says Imprisonment Was 'Unjust'

SAN FRANCISCO (AP) — Former labor leader Warren K. Billings, who spent 23 years in prison in the aftermath of one of labor's most celebrated cases of the century, has won a pardon. He called his imprisonment "unjust" but said he's not bitter.

Billings, now 68, was convicted with Thomas J. Mooney of a bombing in San Francisco on July 22, 1916, during a parade of Spanish-American War veterans urging preparedness for World War I. Ten persons were killed and 40 injured.

Mooney, who had been pardoned in 1939, died March 6, 1942, after his death sentence was commuted to life imprisonment. Billings, who received a life sentence, was released from prison in 1939 after his sentence was commuted to time served.

"It will not change my outlook on life," the short, blond Billings said Thursday at a news conference after learning that he had been granted one of 37 Christmas pardons by Gov. Edmund G. Brown.

"It's something I feel I have been entitled to for 45 years," said Billings, a part-time clock repairman here who lives in nearby San Mateo.

The historic San Francisco Preparedness Day bombing touched off widespread labor demonstrations.

Organized labor and liberal groups contended for some 20 years that the case was contrived to weaken the then struggling labor movement.

Old Santa Finds Justice in Court

YOUNGSTOWN, Ohio (AP) — Santa Claus found justice in the holiday spirit when he appeared before Municipal Court Judge Donald Hanni on a charge of going through a stop sign.

Appearing in his red costume with beard and all the trimmings Thursday Roy Pearson, employed as a Santa at a downtown store, received suspended \$10 fine and good wishes of the season.

Santa went back to the business at hand, spreading joy to the young and hope to older folk. He plans to drive his "sleigh" with more caution in the future.

No Police, No Case

CINCINNATI (AP)—Judge Daniel Handley dismissed 53 cases in his traffic court Thursday.

It was a record number for him. The reason? In all but two of the cases, policemen who issued the tickets failed to show up to prosecute.

First holiday greeting card was a New Year's card printed from a crude woodcut about 1450 in the Rhine Valley, Germany. It shows the Christmas Child standing in the bow of an ancient galley manned by angels, with the Holy Mother seated at the mast.

Inspection of Milk Sporadic, But Remedy Is Being Sought

COLUMBUS, Ohio (AP) — The inspection of milk, "nature's most perfect food," is somewhat sporadic in Ohio, but state health officials say they are striving to remedy the situation.

According to Health Department Milk Sanitation Supervisor Richard Martin, no local health department in the state is required by law to follow a code of regula-

tions regarding milk sanitation.

"However, under a bill before the House Committee on Interstate and Foreign Commerce in Washington, required adoption of certain federal controls which the Ohio Health Department has been following would become mandatory for all 50 states," Martin said.

He said approximately 118 of Ohio's 200 local health departments have adopted the federal code, adding:

"There are areas in 24 of Ohio's 88 counties that have no specific codes whatsoever regarding milk sanitation.

"Although local health departments are not required to adopt any special code, people have little to fear from the sale of raw milk.

"Less than one per cent of the state's daily eight million quart supply is sold as raw milk."

There are 325 milk plants and approximately 25,000 milk producers in Ohio. Each year the state health department conducts a short instruction course for local departments to keep them abreast of the federal code.

Those local departments which do not adhere to the federal regulation have their own specific codes.

The sanitary quality of milk shipped interstate, as well as intrastate, has been a matter of concern to receiving states and municipalities for many years. Lack of a national approach to a solution of this problem prompted a federal program.

So far, 14 states have required their health departments by law to follow the Public Health Service code. Twenty-two states including Ohio advocate the PHS code but do not require it.

How Weather Looks Today

COLUMBUS, Ohio (AP) — Official Weather Bureau summary of Ohio's weather outlook:

Skies were cloudy over all of Ohio except the extreme southwest this morning, and light snow flurries were falling in the northeast.

Early morning temperature readings were below freezing, with Youngstown 25, Columbus 28 and Chesapeake 31.

Sunshine and warmer weather is expected over the southern portion of Ohio today. Afternoon temperatures will reach the 40s. Cloudiness and temperatures in the 30s will persist to the north.

Showers will be general over the state tonight as a low pressure system approaches. Winds will shift to northerly late tonight, changing the rain to snow flurries.

Saturday will be mostly cloudy and colder with snow flurries continuing.

SOUTHERN & CENTRAL OHIO — Temperatures will average three to seven degrees below normal. Normal high 38-44, normal low 22-27. Colder Saturday, warmer Monday, colder Tuesday and Wednesday. Precipitation will average one-half to one inch in occasional rain and snow through Monday.

NORTHERN OHIO — Temperatures will average two to five degrees below normal. Normal high 35-38, normal low 19-22. Cold with only minor daily temperature changes, but turning warmer about Wednesday. Precipitation will average one-half to three-fourths of an inch melted in almost daily snow flurries and a more general snow Friday night through Saturday and again early next week.

'ENTOMBED' 7 WEEKS—Richard Hatfield, 21, gives Brownie a fond embrace in Gilbert, W. Va., after the dog's rescue from an abandoned mine where it was entombed for seven weeks. The dog was fed on scraps dropped down a hole. Rescuers finally dug Brownie out.

Night Club Leveled

Open Evenings Until Christmas

Civil Defense Progress

While the nation awaits the planned conversion of existing urban facilities into fallout shelters for millions — a development expected to make substantial progress within the next year — another preparatory operation is already under way.

Without fanfare the federal government has been stockpiling \$200 million worth of portable hospitals and medical supplies. In 14 states 22 civil defense stockpile de-

pots are already in existence. Elsewhere in the nation sealed boxes are stored containing all that is needed to set up 200-bed emergency hospitals. Enough material is being assembled to create 1,930 emergency hospitals.

There are more than 7,000 items costing about \$25,000 packed into each hospital unit. Emergency hospitals are assigned to non-target areas on the theory they would not survive a big nuclear blast.

Peace Outweighs Prosperity

NEW YORK (AP)—The greatest gift at Christmas time isn't prosperity.

It is peace—and family unity. No group of our people realizes more the blessing of Christmas at home than the millions of ex-servicemen who spent past Christmases far from home in wartime.

Their minds this time of year turn back to those past times, their half-forgotten ordeals abroad, and their hearts surge with gratitude that they made it home at last. And they remember, with a pang, the fate of those who didn't.

Men are never more desperately lonely than at Christmas time on a battlefield. No matter how strong their faith in their cause, on this day that cause has an air of unreality and illusion.

"Why am I here?" each man asks himself. "Why am I not home? War doesn't make sense."

That timeless query rises in the breasts of thousands of men on both sides of a battlefield: "Why? What am I doing here? What are any of us doing here?"

And their only reply is the growling of distant guns some-

where over the horizon, or the throb of hostile engines in an unfriendly sky.

Life is bittersweet as well as lonely to troops at war on Christmas day. No one wants to have to pull a trigger or launch a bomb.

The men at the actual front drop back in clusters for a hot meal and maybe a religious service. They feel closer to each other than ever—because there is no one else near in that strange land to feel close to.

Unit loyalty has to take the place of family loyalty. The members of a platoon are all brothers—blood brothers. A man's platoon is his whole family.

But as he gulps his scalding coffee he looks around and wonders: "Will he be here tomorrow? Will I be here?"

Sometimes presents from home arrive on Christmas day. They are opened in reverence. A man peers into a battered package, then lifts out broken chunks of dried and crumbling fruit cake and passes them around to his buddies. Everybody shares what he has.

The men who get mail take their letters and walk a little way apart. They want to read them alone. They don't want to show the sudden tears in their eyes.

Sometimes the soldier holding the mail calls out a name twice. "Well, do you want it or don't you?" he demands.

No one answers. No one wants to. Suddenly the soldier understands. He calls out another name as he puts at the bottom of the pile the letter that came for a man who could have read it yesterday, but today is dead of news from home—and will be forever.

On Christmas night, back in the line, the troops lie in their foxholes and stare up at the stars, and that yearning query again rises inside with a strength that almost chokes them: "Why?"

Helping their loved ones garland a Christmas tree now, many a man looks back and remembers a Christmas spent in snowy Belgium, or on some stinking Pacific island, or on a frozen ridge in Korea — and thinks a grateful prayer.

"Why is it every time we have an argument you never take MY side!"

Inside You and Yours

By BURTON H. FERN, M.D.

The risk of accidental poisoning in children:

1. Is greater when parents are younger. T— F—
2. Is highest among 5-year-olds. T— F—
3. Increases after supper. T— F—
4. Decreases after one case in the family. T— F—
5. Changes with the child's personality. T— F—

1. True. Accidentally - poisoned children seem to belong to younger parents. More mature adults generally watch toddlers better and prevent most accidents.

If you're a young, working mother, play safe! Leave your children with a mature dependable sitter.

2. False. Tiny babies don't get into things. And 5-year-olds are wising up to worldly dangers. But 2 and 3-year-olds creep, crawl and climb, getting into all sorts of things they don't understand. Watch every child — but especially your 2½-year-old!

3. False. Poisoning may occur any time. But, like doctors, it prefers special office hours — 7 to 8

and 10 to noon in the morning; and 3 to 5 in the afternoon.

You can't watch Junior every minute and cook meals at the same time. And as a mealtime hunger grows, he may eat anything—drugs, cleansers, cosmetics, etc. After meals, he's well watched and too full to eat anything.

A padlocked poison cabinet doesn't help much if you leave bottles lying around after use. Don't store poisons in familiar bottles that invite Junior to try a nip.

4. False. Unlike lightning, poisoning often strikes twice. And once bitten isn't twice warned — unless you double your guard!

5. True. Stubborn explorers eventually turn up and swig down some long-forgotten poison. Toddlers with winning temper tantrums easily break rules and explore forbidden cupboards.

Shy, easily hurt children break fewer rules. Their tensions pour out during sleep and often wet the bed. Poor eaters eat less poison too.

Caution! Beware of over-confidence! Every child is a possible poison statistic!

How Did Program End?

ROCHESTER, N. Y. (AP) — Television editor Harold Nichols of the Rochester Democrat and Chronicle said he received a telephone call from a reader-viewer who asked how a recent television program had ended.

"Just when it got to the climax, the batteries on my hearing aid went dead and I couldn't figure out the finish," the caller said.

Good Purposes Get Twisted

By George Sokolsky

Sometimes a good purpose grows into a twisted operation. It is not unusual for public officials who have been retired to organize to keep their fingers in the pie. Sometimes this is due to nothing more serious than curiosity and backstairs gossip; at other times it is organized but camouflaged trade unionism with the object of controlling and dominating a public service.

The Foreign Service was established to guarantee that the State Department will have available at all times skilled, educated, competent officers who can be moved from place to place. It was never intended that these officers should replace the President of the United States or the Secretary of State in the formation of policy.

The public holds the President and the Secretary of State responsible for the conduct of foreign affairs. It is true that these two officials must be supported by competent staff; but it is not true that such a staff are entrusted to replace the President or the Secretary of State. And as one looks at the State Department personnel, there is no one in whom the people are likely to prefer to place confidence than in John F. Kennedy.

However, no President and no Secretary of State can be stronger than the organized power of minor officials to resist their authority. It has been experience that minor officials do exert authority which the higher officials cannot politically afford to repudiate.

Dacor stands for "Diplomatic and Consular Officers Retired, Inc." It is an association of former Ambassadors and other public officials who have served their country in the field of foreign relations. It was incorporated in 1962 and exercises enormous power.

"Dacor maintains a placement service which puts qualified members in touch with firms, foundations and other organizations seeking such talent on either a full or part-time basis. This involves consultative work for either private or governmental organizations; advisory work concerning foreign trade or international relations; research, instruction, translation, and other activity in these fields."

In other words, its purpose is to perpetuate the services of those who are no longer of service, either because of age or ability. The organization has all the characteristics of a trade union, including group insurance and the publication of a special bulletin. This paragraph in one of Dacor's Bulletins is most significant:

"In cooperation with the Department of State and the American Foreign Service Association, Dacor keeps under review the effects of Foreign Service retirement legislation, proposing, when appropriate, improvements to keep it up to date or eliminate inequities."

The Business World

By Sam Dawson

NEW YORK (AP) — If there's any last-minute Christmas gift most Americans would like to get from Santa Claus it might well be a weekend free of crisis.

Crisis crowd so fast on each other's heels in the international trouble spots and in the domestic political, business and financial worlds that many Americans are pretty resigned to them if not callous.

Still it would be nice to have this long Christmas weekend free of any new crises. The old ones are quite enough.

At least the stock markets will be closed, and any flareup of that particular type will be postponed. The bulls and bears may argue over their eggnogs as to the reasons the market has been seemingly all mixed up of late. But as for doing anything about their convictions, or the latest rumors they've heard, they will have to wait till next week's four-day run, mercifully shortened by the feast day.

Labor and management may or may not hold their peace — although at the local level here and there some showdowns are brewing. The big set to in sight, over a new steel contract, might considerably simmer down for the holidays — but you can't count even on that.

Congressional tempers are building up over a lot of issues.

The tariff battle seems sure to break out in intensity not known for years. It is reaching into many sections of business, into every part of the land.

Nervousness over the outflow of gold and the continued deficit in the U. S. balance of payments, with more dollars going out than

returning, is definitely back in the what-to-do-about-it lineup if yet to return to crisis status.

Any political flareup around the world — Goa, Indonesia, Katanga, to name the latest — can affect currency markets to small or large degrees and send money scurrying from one country to another, such as from Holland to Switzerland.

The domestic issue of foreign aid is tied in closely with currency movement, especially those that could affect the dollar adversely. But the issue is at crisis stage now largely for other reasons. These include disputes over actions of countries high on the list of those getting U. S. aid, past or

present: such as India, Laos, Vietnam, Ghana, Poland, Yugoslavia and assorted Latin-American lands.

The business world is also bracing for a battle building up among various savings institutions over interest rates. Banks and savings & loan associations, among others are competing for funds. The immediate result will be a rise in interest paid on savings. But that could mean a rise in charges on mortgages, on loans to business, on consumer debt.

All of these things will continue or build up. What we're asking, Santa, is please just not any new ones for this weekend at least.

You're Telling
Me!

Thirty members of Europe's various royal families were invited to Athens to attend a birthday party for King Paul of Greece. Guaranteeing, no doubt, everyone a royal good time!

Paleontologists, uncovering the first complete dinosaur skeleton ever found in South Africa, estimate it's 150 million years old. That's a long time in the deep freeze.

Grandpappy Jenkins, worn to a frazzle by his Christmas shopping says department stores should add one more improvement — escalators with chairs.

For the first time, several Hawaiian high school football teams are to use shoes in their games. Guess they found it to tough to keep cleats attached to bare feet.

Some of South Sea islanders use bones for money — Factographs. In America we roll 'em to win or lose it.

Milt, the sterling printer, says no matter how hard he tries he just can't work up sympathy for a pal of his who writes from Florida he's having trouble with his golf swing.

Try and Stop Me

By BENNETT CERF

A WEEK-END MOTOR TRIP has been simplified and made infinitely more attractive in England by a move Americans would do well to copy.

British Railways has inaugurated a car-tourist service. A motorist no longer has to inch his way through the hopelessly congested streets of the cities themselves and the suburbs surrounding them. He simply loads his car on a piggy-back flatcar, and is taken smoothly by rail to the area he's chosen for his weekend romp — be it the mountains or the seashore.

Some trains provide picnic meals, too, that the motorist can eat either in a dining car or enthroned in his own sedan. After a carefree week-end tootling about in his automobile, he reloads it on the train, and sleeps in comfort all the way home.

Peter Lind proposes the only absolutely certain method to stop runaway horse: put two dollars on it.

May the joys of Christmas fill
your hearts with wonder and love, both
now and through the coming years.

Defenbaugh Funeral Home

Civil Defense Progress

While the nation awaits the planned conversion of existing urban facilities into fallout shelters for millions — a development expected to make substantial progress within the next year — another preparatory operation is already under way.

Without fanfare the federal government has been stockpiling \$200 million worth of portable hospitals and medical supplies. In 14 states 22 civil defense stockpile de-

pots are already in existence. Elsewhere in the nation sealed boxes are stored containing all that is needed to set up 200-bed emergency hospitals. Enough material is being assembled to create 1,930 emergency hospitals.

There are more than 7,000 items costing about \$25,000 packed into each hospital unit. Emergency hospitals are assigned to non-target areas on the theory they would not survive a big nuclear blast.

Peace Outweighs Prosperity

NEW YORK (AP)—The greatest gift at Christmas time isn't prosperity.

It is peace—and family unity. No group of our people realizes more the blessing of Christmas at home than the millions of ex-servicemen who spent past Christmases far from home in wartime.

Their minds this time of year turn back to those past times, their half-forgotten ordeals abroad, and their hearts surge with gratitude that they made it home at last. And they remember, with a pang, the fate of those who didn't.

Men are never more desperately lonely than at Christmas time on a battlefield. No matter how strong their faith in their cause, on this day that cause has an air of unreality and illusion.

"Why am I here?" each man asks himself. "Why am I not home? War doesn't make sense."

That timeless query rises in the breasts of thousands of men on both sides of a battlefield: "Why? What am I doing here? What are we doing here?"

And their only reply is the growling of distant guns some-

where over the horizon, or the throb of hostile engines in an unfriendly sky.

Life is bittersweet as well as lonely to troops at war on Christmas day. No one wants to have to pull a trigger or launch a bomb.

The men at the actual front drop back in clusters for a hot meal and maybe a religious service. They feel closer to each other than ever—because there is no one else near in that strange land to feel close to.

Unit loyalty has to take the place of family loyalty. The members of a platoon are all brothers—blood brothers. A man's platoon is his whole family.

But as he gulps his scalding coffee he looks around and wonders: "Will he be here tomorrow? Will I be here?"

Sometimes presents from home arrive on Christmas day. They are opened in reverence. A man peers into a battered package, then lifts out broken chunks of dried and crumbling fruit cake and passes them around to his buddies. Everybody shares what he has.

"Why is it every time we have an argument you never take MY side!"

Inside You and Yours

By BURTON H. FERN, M.D.
The risk of accidental poisoning in children:

1. Is greater when parents are younger. T— F—

2. Is highest among 5-year-olds. T— F—

3. Increases after supper. T— F—

4. Decreases after one case in the family. T— F—

5. Changes with the child's personality. T— F—

1. True. Accidentally - poisoned children seem to belong to younger parents. More mature adults generally watch toddlers better and prevent most accidents.

If you're a young, working mother, play safe! Leave your children with a mature dependable sitter.

2. False. Tiny babies don't get into things. And 5-year-olds are wising up to worldly dangers.

But 2 and 3-year-olds creep, crawl and climb, getting into all sorts of things they don't understand. Watch every child — but especially your 2½-year-old!

3. False. Poisoning may occur any time. But, like doctors, it prefers special office hours — 7 to 8

and 10 to noon in the morning; and 3 to 5 in the afternoon.

You can't watch Junior every minute and cook meals at the same time. And as mealtime hunger grows, he may eat anything—drugs, cleansers, cosmetics, etc. After meals, he's well watched and too full to eat anything.

A padlocked poison cabinet doesn't help much if you leave bottles lying around after use. Don't store poisons in familiar bottles that invite Junior to try a nip.

4. False. Unlike lightning, poisoning often strikes twice. And once bitten isn't twice warned — unless you double your guard!

5. True. Stubborn explorers eventually turn up and swig down some long-forgotten poison. Toddlers with winning temper tantrums easily break rules and explore forbidden cupboards.

Shy, easily hurt children break fewer rules. Their tensions pour out during sleep and often wet the bed. Poor eaters eat less poison too.

Caution! Beware of over-confidence! Every child is a possible poison statistic!

How Did Program End?

ROCHESTER, N. Y. (AP) — Television editor Harold Nichols of the Rochester Democrat and Chronicle said he received a telephone call from a reader-viewer who asked how a recent television program had ended.

"Just when it got to the climax, the batteries on my hearing aid went dead and I couldn't figure out the finish," the caller said.

Good Purposes Get Twisted

Sometimes a good purpose grows into a twisted operation. It is not unusual for public officials who have been retired to organize to keep their fingers in the pie. Sometimes this is due to nothing more serious than curiosity and backstairs gossip; at other times it is organized but camouflaged trade unionism with the object of controlling and dominating a public service.

The Foreign Service was established to guarantee that the State Department will have available at all times skilled, educated, competent officers who can be moved from place to place. It was never intended that these officers should replace the President of the United States or the Secretary of State in the formation of policy.

The public holds the President and the Secretary of State responsible for the conduct of foreign affairs. It is true that these two officials must be supported by competent staff; but it is not true that such a staff are entrusted to replace the President or the Secretary of State. And as one looks at the State Department personnel, there is no one in whom the people are likely to prefer to place confidence than in John F. Kennedy.

However, no President and no Secretary of State can be stronger than the organized power of minor officials to resist their authority. It has been experience that minor officials do exert authority which the higher officials cannot politically afford to repudiate.

Dacor stands for "Diplomatic and Consular Officers Retired, Inc." It is an association of former Ambassadors and other public officials who have served their country in the field of foreign relations. It was incorporated in 1932 and exercises enormous power.

"Dacor maintains a placement service which puts qualified members in touch with firms, foundations and other organizations seeking such talent on either a full or part-time basis. This involves consultative work for either private or governmental organizations; advisory work concerning foreign trade or international relations; research, instruction, translation, and other activity in these fields."

In other words, its purpose is to perpetuate the services of those who are no longer of service, either because of age or ability. The organization has all the characteristics of a trade union, including group insurance and the publication of a special bulletin. This paragraph in one of Dacor's Bulletins is most significant:

"In cooperation with the Department of State and the American Foreign Service Association, Dacor keeps under review the effects of Foreign Service retirement legislation, proposing, when appropriate, improvements to keep it up to date or eliminate inequities."

By George Sokolsky

It played an important part in bringing about corrective legislation in 1956, 1958, and 1960. This includes relief for Foreign Service widows who were not receiving any annuities. Dacor is sponsoring legislation at the present time."

In other words Dacor is engaged in lobbying for social and other benefits for its members. What needs to be studied is the effect of the organization on policy. A dominant clique can destroy the policy of any President or Secretary of State. This happened in the China policy during the Truman Administration. It happened to the Cuban policy when the President hardly had his teeth in his desk and the Secretary of State was just about learning how to walk from the elevators to his office in the State Department building. Neither the President, the Secretary of State nor the Under Secretary of State was familiar with the Cuban situation.

Neither President Eisenhower

nor Secretary of State John Foster Dulles was familiar with the details of the Cuban situation and they chose to ignore information which came to them from Ambassadors Robert Hill of Mexico and Earl E. T. Smith of Cuba. The result was that when the Kennedy Administration took over it was immediately faced with the insistent need to meet a policy concerning which the data was then inadequate.

I have been told that there are now about 125 unassigned Foreign Service Officers hanging around the State Department at the present moment looking for jobs. They become a problem to President Kennedy and Secretary of State Dean Rusk, because many of them have influential friends among members of Congress. There is nothing new in this. Every President has encountered this disease in one form or another. It needs to be made known to the public.

Peace and joy to you and your loved ones during this glorious season.

Professor's Theory Notes Smaller Size, Longer Life

By HENRY W. PIERCE
Central Press Association
Correspondent

Want to live to be 120?
Start dieting young—preferably
just after weaning.

That's the essence of a new design for eating that could let your children live far beyond the traditional three score-and-ten.

If experiments on rats and hamsters are any indication, all you need do nearly to double your children's life span is cut down the number of calories they get while they're growing. Be sure, however, that proteins, vitamins and minerals are kept at normal levels.

Animals fed this way live up to twice as long as their heavier-eating comrades.

This is the theory of Prof. Clive McCay of Cornell, a leading figure in the research, who attributes the effect to a slow-down in growth. Animals raised on a high-protein, low-calories diet take longer to mature. By lengthening the time it takes to mature, the aging process is prolonged, too.

There's a price tag on those extra years, though. Professor McCay warns. Animals fed the special diet never get as big as their normally fed brothers and sisters. Presumably this would apply to people also.

A few scientists think small size

Prof. Clive McCay uses hamsters like these in some experiments.

may have something to do with the creature's longer lives. Smaller animal—and, perhaps, smaller people—would function more efficiently than their larger counterparts, according to the theory. The added efficiency would mean, among other things, extra years of life.

The life-lengthening diet must be nutritious says McCay, a world authority on dog nutrition. "It is absolutely necessary that normal amounts of tissue-building proteins be included," he declares. "Vitamins and minerals must be kept at normal levels also. The only thing we've reduced in the diets of our experimental rats is calorie consumption."

In doing his research, Professor McCay compared 34 rats raised normally with a group of 36 raised on a low-calorie diet from the age of weaning. He also compared these two groups with a third group that was allowed to grow normally for two weeks after weaning and then put on the special diet.

All the rats were put on normal diets at the age of 28 months. They were given as much food as they wanted for the rest of their lives.

Both groups of low-calorie animals grew more slowly than the others. As expected, they remained smaller. However, 13 of the low-calorie animals lived more than three and a half years—longer than any of the normally fed rats. Among people, this would be equal to an age of 110 to 120 years.

A few low-calorie Methuselahs lived four years, or double the average rat's life span. This would be like living to the age of 150!

It's a pleasure to
serve people like
you. Happy Yule.

Air Officer Is Charged

Passing Information
To Agents Alleged

WASHINGTON (AP)—The Air Force has charged a decorated officer with giving U.S. military information to foreign agents during a visit to Germany last year.

The officer, Capt. Joseph P. Kauffman, 43, has been returned to Germany for investigation.

The foreign power involved was not identified, but it was believed to be a Communist country.

The Air Force said Thursday the investigations now under way will determine if Kauffman, a finance officer who holds the Bronze Star and several other World War II and Korean War decorations, will be tried before a court-martial.

The four alleged violations reported by the Air Force in response to inquiries were:

1. Conspiring with foreign agents to communicate U.S. defense information to a foreign country on or about October 1960.

2. "Wrongly" communicating information relative to the national defense with reason to believe the information would be to the advantage of a foreign nation.

3. Failure to notify his commander of attempts by foreign agents to get him to reveal security information.

4. Falsifying answers to a questioner by "denying that he had been employed by a foreign government or any agency of a foreign government."

The Air Force said the information allegedly handed to foreign agents concerned personnel and installations where Kauffman had been stationed.

Kauffman, a bachelor, was born in Rutland, Vt.

Union Leader Sued

CINCINNATI (AP)—A suit asking \$500,000 was filed Thursday against James Luken, rebel union leader, by Harold J. Gibbons, a Teamsters Union official. The U. S. District Court suit claimed Luken holds money and property belonging to the old Local 98 of the Teamsters.

Judge Seeks Happy Yule For Children

CINCINNATI (AP)—Police Judge Raymond Shannon took steps today to see that two little girls would enjoy Christmas. He sentenced their parents to the workhouse for child neglect.

Patrolman Dale Gadberry told the judge he responded to a trouble run at the home of Taylor Riley, 42, on Dec. 13 and found it a "filthy mess."

The officer said Riley and his wife Helen, 40, were drunk and that two male guests in the home "had passed out from drinking."

Garbage, waste from two family pets and empty liquor bottles lay about the apartment, he said, adding that the girls, Robin, 3, and Judy, 5, were playing near a partly decorated Christmas tree when he arrived.

Mrs. Riley told the judge her husband brought home two friends and she joined their drinking party because she was afraid not to do so.

"This home could not get into the filthy condition it was unless it was neglected over a period of time. The only way your children will be able to enjoy Christmas is to put them in a home and you two in jail," Judge Shannon said.

He sentenced Riley to six months in the workhouse and gave Mrs. Riley a 30-day term.

Welfare workers said Robin and Judy will be kept at a children's home until after Christmas. The state will furnish a tree and gifts.

Kennedy Critic Praises Remark

TUCSON, Ariz. (AP)—Sen. Bart Goldwater, R-Ariz., a frequent critic of the Kennedy administration, has praised the President's South American program.

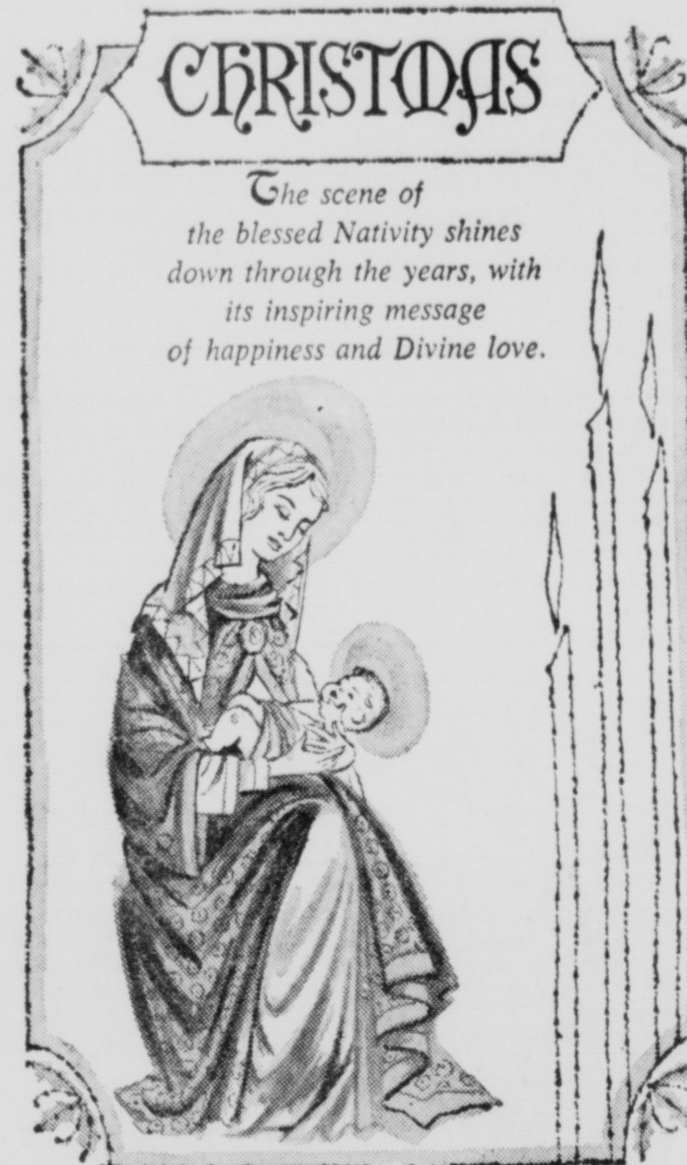

"I'll have to take my hat off to him," Goldwater told a civic club Thursday night. "What he said (on his recent South American trip) took courage."

"Before much progress can be made, the land owned by a few in Latin-American countries must be divided. The big question is how."

Many Yule Cards End in Wastebasket

DAYTON, Ohio (AP)—Postal officials here say that each day they are tearing up 8,000 to 10,000 Christmas greeting cards sent with three-cent stamps. The reasons are that such letters are either sealed, improperly addressed or the addresses did not guarantee forwarding postage

when he moved out of town. There is no provision for returning cards to senders when they are mailed with three-cent stamps. So they are being shredded. "We don't even open them up first to see if there's any money inside," said Postmaster Hugh T. Albright, explaining that would take too many man hours.

amounts of tissue-building proteins
be included," he declares. "Vita-
mins and minerals must be kept
at normal levels also. The only
thing we've reduced in the diets
of our experimental rats is caloric
consumption."

In doing his research, Professor
McCay compared 34 rats raised
normally with a group of 36 raised
on a low-calorie diet from the age
of weaning. He also compared
these two groups with a third
group that was allowed to grow
normally for two weeks after
weaning and then put on the spe-
cial diet.

All the rats were put on normal
diets at the age of 28 months. They
were given as much food as they
wanted for the rest of their
lives.

Both groups of low-calorie ani-
mals grew more slowly than the
others. As expected, they remain-
ed smaller. However, 13 of the low-
calorie animals lived more than
three and a half years—longer
than any of the normally fed rats.
Among people, this would be equal
to an age of 110 to 120 years.

A few low-calorie Methuselahs
lived four years, or double the av-
erage rat's life span. This would
be like living to the age of 150!

It's a pleasure to
serve people like
you. Happy Yule.

Air Officer Is Charged

Passing Information
To Agents Alleged

WASHINGTON (AP)—The Air
Force has charged a decorated
officer with giving U.S. military
information to foreign agents dur-
ing a visit to Germany last year.

The officer, Capt. Joseph P.
Kauffman, 43, has been returned
to Germany for investigation.

The foreign power involved was
not identified, but it was believed
to be a Communist country.

The Air Force said Thursday
the investigations now under way
will determine if Kauffman, a fi-
nance officer who holds the
Bronze Star and several other
World War II and Korean War
decorations, will be tried before
a court-martial.

The four alleged violations re-
ported by the Air Force in re-
sponse to inquiries were:

1. Conspiring with foreign
agents to communicate U.S. de-
fense information to a foreign
country on or about October 1960.
2. "Wrongly" communicating
information relative to the na-
tional defense with reason to be-
lieve the information would be to
the advantage of a foreign nation.
3. Failure to notify his com-
mander of attempts by foreign
agents to get him to reveal se-
curity information.
4. Falsifying answers to a ques-
tioner by "denying that he had
been employed by a foreign gov-
ernment or any agency of a for-
eign government."

The Air Force said the infor-
mation allegedly handed to foreign
agents concerned personnel and
installations where Kauffman had
been stationed.

Kauffman, a bachelor, was born
in Rutland, Vt.

Union Leader Sued

CINCINNATI (AP)—A suit ask-
ing \$500,000 was filed Thursday
against James Luken, rebel union
leader, by Harold J. Gibbons, a
Teamsters Union official. The U.
S. District Court suit claimed
Luken holds money and property
belonging to the old Local 98 of
the Teamsters.

Judge Seeks Happy Yule For Children

CINCINNATI (AP)—Police
Judge Raymond Shannon took
steps today to see that two little
girls would enjoy Christmas. He
sentenced their parents to the
workhouse for child neglect.

Patrolman Dale Gadberry told
the judge he responded to a
trouble run at the home of Taylor
Riley, 42, on Dec. 13 and found
it a "filthy mess."

The officer said Riley and his
wife Helen, 40, were drunk and
that two male guests in the home
"had passed out from drinking."

Garbage, waste from two family
pets and empty liquor bottles lay
about the apartment, he said, add-
ing that the girls, Robin, 3, and
Judy, 5, were playing near a
partly decorated Christmas tree
when he arrived.

Mrs. Riley told the judge her
husband brought home two
friends and she joined their drink-
ing party because she was afraid
not to do so.

"This home could not get into
the filthy condition it was unless
it was neglected over a period of
time. The only way your children
will be able to enjoy Christmas
is to put them in a home and you
two in jail," Judge Shannon said.

He sentenced Riley to six
months in the workhouse and gave
Mrs. Riley a 30-day term.

Welfare workers said Robin and
Judy will be kept at a children's
home until after Christmas. The
state will furnish a tree and gifts.

Kennedy Critic Praises Remark

TUCSON, Ariz. (AP)—Sen. Bart
Goldwater, R-Ariz., a frequent
critic of the Kennedy administra-
tion, has praised the President's
South American program.

"I'll have to take my hat off
to him," Goldwater told a civic
club Thursday night. "What he
said (on his recent South Ameri-
can trip) took courage."

"Before much progress can be
made, the land owned by a few
in Latin-American countries must
be divided. The big question is
how."

SQUIRRELY SHOP—Children
go to Louis Main's barber
shop in Freeburg, Ill., with
nuts and candy in their
pockets—not for the barber,
but for his pet squirrel,
Chip, which has the run of
the place. Chip is one of
the smoothest pickpockets in
the animal world. Main
nursed the squirrel back to
health after it fell out of its
nest.

Apparent Bomb Found Harmless

DAYTON, Ohio (AP)—A bright-
ly wrapped Christmas package
touched off a bomb scare when
it was found outside the rear of
a large clothing store in a suburban
Kettering shopping center Thurs-
day.

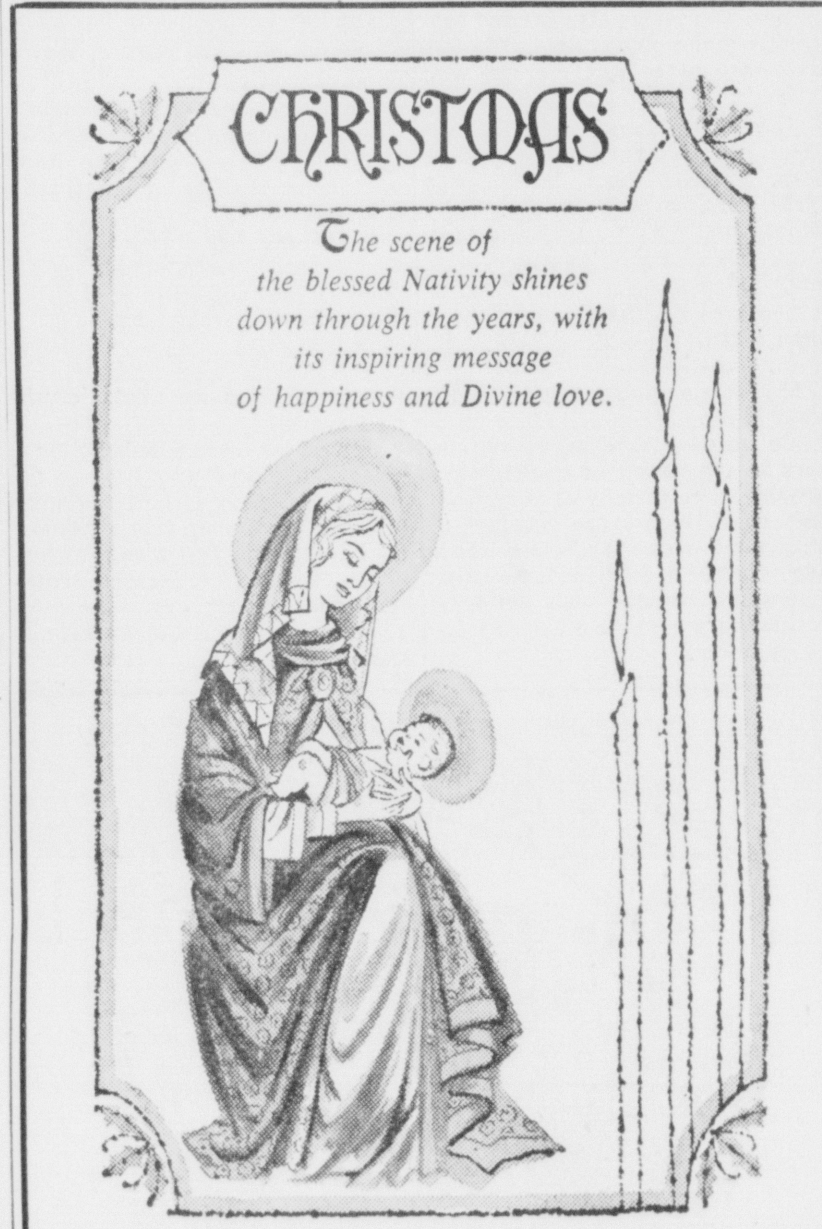

Clerk Alice Elkins, who found
the package said she opened it
to try to determine who the owner
was. Inside she discovered the
makings of what appeared to be
a bomb. Police summoned a de-
molition crew from Wright-Patter-
son Air Force Base. They dis-
mantled a timing device connect-
ed to a flashlight battery and to
a five-inch railroad fuse, (a king
of flare). But demolition men said
the contraption was harmless.

"Been a good boy and eaten
your spinach?" asked a depart-
ment store Santa in Boston as he
hoisted a child to his lap. "Are you
kidding?" replied the boy "Who
the heck eats spinach any more?"

Many Yule Cards End in Wastebasket

DAYTON, Ohio (AP)—Postal
officials here say that each day
they are tearing up 8,000 to 10,
000 Christmas greeting cards sent
with three-cent stamps. The rea-
sons are that such letters are
either sealed, improperly address-
ed or the addresses did not
guarantee forwarding postage
when he moved out of town.
There is no provision for re-
turning cards to senders when
they are mailed with three-cent
stamps. So they are being shred-
ded. "We don't even open them
up first to see if there's any
money inside," said Postmaster
Hugh T. Albright, explaining that
would take too many man hours.

Women's Republican Club Has Yuletide Musical Tea

More than 50 members and guests of the Pickaway County Women's Republican Club attended a Christmas Holiday Musical Tea held on Monday in the new and beautifully decorated home of Mrs. Eugene P. Hanson, in Circleville.

The assembly all joined in singing "Joy To The World", accompanied by the club's vice-president, Mrs. H. E. Louis. The meeting was called to order by the Club President, Mrs. H. O. Caldwell. Mrs. Caldwell read the poem, "I Heard The Bells on Christmas Day", by Henry Wadsworth Longfellow.

Visiting guests were welcomed by a hand-clapping ovation be-

fore the brief business portion of the meeting.

A gift of a cash donation was voted to be sent to "CARE" from the club.

Mrs. Donna L. Wagner, Republican Central Committeewoman, from Washington C. H., talked on the importance of club membership.

Mrs. Donald H. Watt told of a free book, "Facts On Communism", which any one may secure by writing to Congressman William H. Harsha, who is presently in Portsmouth. Mr. Harsha will be glad to mail the book to anyone requesting it upon his return to Washington, D. C.

Mrs. Darrell Hatfield read the "Christmas Story" as recorded in St. Luke, Chapter 11, and Miss Gladys Vause read "Peace On Earth Good Will To Men".

Young Mr. Skipper Hanson played the piano accompaniments for the group carol sing and later presented a selection of background music for the tea hour.

Mrs. C. L. Costlow read an account of the numerous and varied Christmas customs throughout the world.

Many Christmas gift-wrapped packages donated by members were placed beside a large Christmas Tree. These were left to be taken to the Orient State Institute by Mr. and Mrs. Elmer Siegle.

Pouring at the lovely lace-covered tea table were: Mrs. H. E. Louis and Mrs. Donna L. Wagner. Assisting hostesses included Mrs. C. P. Heiskell, Mrs. Peter Kelzsch and Mrs. Lawrence Liston.

Because of the uncertainty of weather conditions, it was voted to dispense with the January meeting. Thus the New Year activities of the club will begin in February. This first event will feature a covered dish luncheon and the showing of the Holy Land pictures which Mr. and Mrs. H. O. Caldwell photographed during their extended trip recently to that area.

Mr. and Mrs. Harold Clifton, 307 S. Court St., are holiday hosts to Capt. and Mrs. David Corzilius and children, Brian and Susan, who have arrived on leave from Tachikawa, Japan where Capt. Corzilius has completed a three year tour of duty. Mrs. Corzilius is the former Yvonne Clifton. The Corzilius family will be guests also of Capt. Corzilius' parents, Mr. and Mrs. Cleon Corzilius, Route 1, Grove City, until the Air Force officer departs Jan. 3 for Tucson, Ariz., where he will begin a tour of duty at David-Monthan Air Force Base.

Jam Tarts Delicious After School Treat

Jam tarts are the kind of wintertime sweet that can be baked in a twinkling for the hungry after-school gang the day you do your pie baking.

Scraps of leftover pie pastry and spoonfuls of jam are the ingredients needed. Whipped cream is optional.

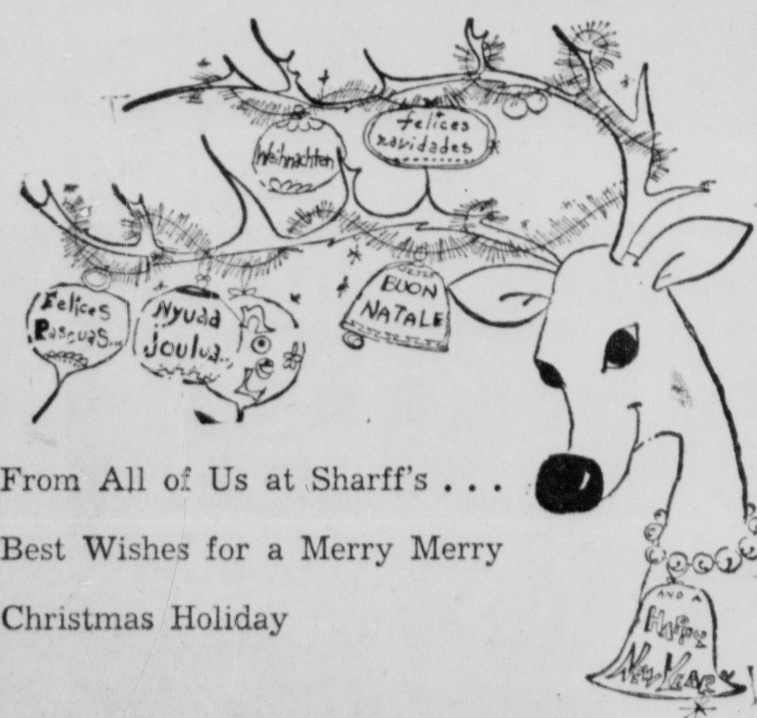

To make these delicious bitesize pastries, roll dough out thin and cut into rounds. Sprinkle the rounds with granulated sugar and fit them into muffin tins. Bake at 375 degrees about 10 minutes or until lightly browned.

Remove pastry shells from tins and fill centers with any flavor jam. Apple butter and raspberry preserves make good fillings, too. Serve each tart with a chie dab of whipped cream.

Local BPW Has Birthday Fete And Yule Meet

The Circleville Business & Professional Women's Club enjoyed its annual Birthday and Christmas Party on Thursday at the Mecca Restaurant. Guests were members from the Washington C. H. and Greenfield Clubs.

A delicious three course dinner was enjoyed with 60 members and guests at 7 p. m.

The Rev. Henry A. Walters, pastor of the Presbyterian Church, was the speaker. Carols were sung by the group, led by Mrs. Harold Defenbaugh with Miss Margie Carman at the piano.

Christmas music was furnished by the Star Dusters, a group of high school students who were: Miss Sally Linn, piano; Grayville Jones, drums; Larry Plum, trumpet; John Wardell, clarinet; Wayne Winner, tenor sax and Edward Evans, alto sax.

The seven charter members of the club were introduced. They included Mrs. Anna Chandler, Miss Marguerite Clark, Miss Mary Howard, Miss Minnie Palm, Miss Nellie Palm, Mrs. Iram Stevenson and Mrs. Ester Work. Each was presented a gift from the club.

The table was decorated with artificial Christmas arrangements and these were awarded as door prizes. The tables also carried programs made of red Santa Claus and each place was marked with a favor.

The committee in charge was Mrs. Emma Curlett, chairman; Mrs. Freda Collins, Mrs. Sylvia Reid, Mrs. Betty Barr, Miss Ruth Montelius, Miss Daisy Karleskint, Mrs. Elaine Poling and Mrs. Dorothy Smedley.

The next regular meeting of the club will be Jan. 25.

If you're a stickler for accuracy, chili is not a pepper. It is a vegetable, say the experts, and producers in the nation of quality chili powder. Two pounds of pods from imported peppers are required to obtain one pound of the powder, according to a food firm. Selected spices are blended with the pure powder to a chie choice flavor and color.

Christmas Dinner Party Enjoyed by Local Jaycees

The Pickaway Country Club was a scene of festive gaiety Saturday evening for the Jaycees annual Christmas dinner party.

Seasonal decorations enhanced the club rooms for the sociable occasion which featured games and dancing.

Striking Christmas arrangements centered the serving table for the buffet later in the evening.

Mr. Harold Nagel and Mr. John Hill were in charge of arrange-

ments for the enjoyable affair.

Those attending included Mr. and Mrs. Don Crist, Mr. and Mrs. Harold Nagel, Mr. and Mrs. John Hill, Mr. and Mrs. Bill Stout, Dr. and Mrs. Robert N. Phillips, Mr. and Mrs. Dick Koch, Mr. and Mrs. Richard Fullen, Mr. and Mrs. Paul Marshall, Mr. and Mrs. John Dougherty, Mr. and Mrs. Norman Henderson, Mrs. Laurence Priest, and Mr. and Mrs. Jack Alkire.

Mr. and Mrs. Lester Smith, Mr. and Mrs. Dwight Radcliff, Mr. and Mrs. John Weigel, Mr. and Mrs. Joe Blue, Mr. and Mrs. Frank Bowling Jr., Mr. and Mrs. Jerry Goetemann, Mr. and Mrs. John Fissell, Mr. and Mrs. Clyde Cook Jr., Mr. and Mrs. Nelson Stevens, Mr. Robert Wellington and Miss Mary Ann Edstrom, and Mr. and Mrs. Russ Smith.

Mr. and Mrs. Charles Allton, Mr. and Mrs. Don Hill, Mr. and Mrs. William Clifton, Mr. and Mrs. Robert Ransom, Mr. and Mrs. Harold Richards, Mr. and Mrs. Donald Stage, Mr. and Mrs. John Stevenson, Mr. and Mrs. Roy Huffer Jr., William Speakman and Miss Patty Smith.

Guests for the evening were Dr. and Mrs. Raymond Carson of Portsmouth.

Mints Star In Sweet Potato Dish

When cold, brisk weather puts a keener than usual edge on dinner appetites, how lucky you are if you have some canned sweet potatoes on a shelf to whip into an extra vegetable.

There are many quick ways to vary these potatoes, ranging from candying them to mashing them with butter and milk, or with butter and fruit juice.

One of the newer creations is a delicious combination of the two. The canned sweets are mashed with butter and seasonings, turned into a casserole, then covered with crushed after dinner mints. The mints form a crisp, sweet crust, when baked, that is most refreshing.

Though you can serve this potato dish with virtually any kind of meat, it's best with its usual meaty companions — ham, poultry or game.

Crusty Sweet Potatoes

- (Four servings)
- 1 can sweet potatoes
 - 2 tablespoons melted butter
 - 1/2 teaspoon salt
 - 1/4 cup orange juice
 - 1/2 cup after dinner mints, crushed coarsely
 - 2 tablespoons unmelted butter
- Mash the potatoes with any liquid in can. Whip in butter, orange juice and salt. Turn into a shallow baking dish. Dot with additional bits of butter. Sprinkle crushed mints evenly over the top. Bake at 350 degrees about 25 minutes.

Colorful Candies Useful Trimmers

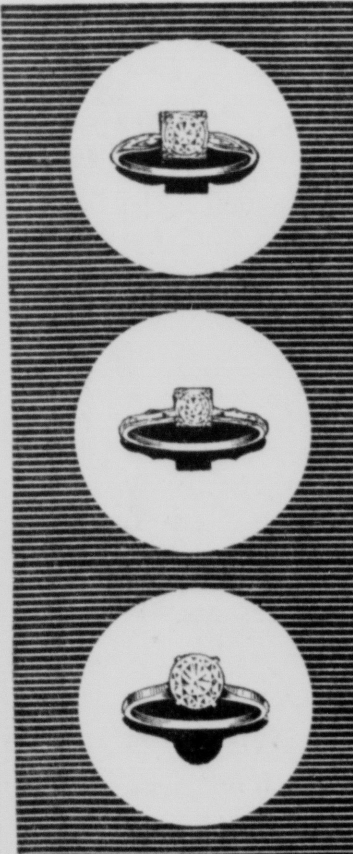

Cake and candy are good companions, especially when the candy is suitable for decorating.

Keep candies on your pantry shelf with your other dessert trimmings, and you'll always be ready for some quick cake decorating.

One of the most effective, yet simple, treatments for a birthday cake is to outline the edges of a white or chocolate frosted cake with various candies. On the top, print the date — and year, if you dare — with small pastel mints.

DOUBLE-BREADED CHIC is handsomely displayed in a coat of dyed fur seal. Youthfully styled in three-quarter length, it is a model to wear both in town and in the country.

Olive Packing Requires Skilled Hand Labor

Though automation appears to be taking over in many food industries, a surprising amount of skilled hand labor still is required in the packing of imported Spanish green olives.

Because of the delicate nature of the olive flesh, many of the same methods employed centuries ago by the Spanish are followed today.

For example, in Seville, Spain the natives pluck the olives from trees by hand just as it was done centuries ago.

Olives that are to be stuffed, are pitted by workers, too, using hand-operated machines.

Even the popular pimiento stuffing is a hard task. Sweet peppers are shredded by hand into narrow strips, then folded and pressed into olive cavities.

Modern stainless steel equipment largely takes over when the olives arrive in barrels. Specially designed hoppers loosen and discard broken portions of the olives, fill standard jars and covers the olives with more brine.

Nonetheless, a certain amount of exacting hand labor still is needed. For instance, the jars for such delicacies as party pack olives which include anchovy, onion, almond and pimiento stuffed olives, must be filled by hand. Experts impale each olive by hand on the branches of the little plastic trees each jar contains. Automation can't yet do this properly.

New Low-Calorie Specials Just Suited to Holidays

By ALICE DENHOFF
If the household includes dedicated dieters — and even if it doesn't! — it's a good idea to vary the rich holiday fare with a series of low-calorie specials tucked in here and there. Here is one such special that everyone will like.

LOW-CALORIE EGG NOG
2 c. reliquified instant nonfat dry milk crystals (according to package directions)

4 eggs
1 tsp. sugar
1/2 tsp. orange extract
Nutmeg to taste

1.3 c. instant dry milk crystals
1.3 c. ice water
1/2 tsp. lemon juice

Combine reliquified milk, eggs, sugar, orange extract and nutmeg; beat well.

Chill until just before serving. Then combine 1.3 c. dry milk crystals and ice water. Beat until soft peaks form (3 to 4 min.). Add lemon juice and beat until stiff peaks form (3 to 4 min. longer). Fold whipped mixture into chilled milk mixture. Sprinkle with nutmeg as desired.

Serves 4 with a nutritious beverage that approximates 143 calories per serving.

For a soup that is healthful and hearty yet very low in calories, a new spinach soup fills the bill.

To make it, assemble the following ingredients.

SPINACH SOUP
9 c. finely chopped spinach

1 qt. reliquified instant nonfat dry milk crystals
1 tsp. all-purpose flour Seasoned salt to taste
2 diced medium-sized canned pimientos

Combine spinach and reliquified dry milk crystals. Cover and cook over low heat, stirring occasionally, for 10 min.

Remove 1 c. liquid; reserve. Combine flour and seasoned salt; stir in reserved 1 c. liquid. Stir into remaining soup mixture. Cook over low heat, stirring constantly until thickened.

Add pimientos; heat to serving temperature, stirring often. Calories per each of 6 servings add up to a mere 71.

Save Pickle Juice

Save that spicy brine in which dill pickles are put up. Use it as a marinade for such relish vegetables as sliced cucumbers and onions. After the vegetables have soaked in the brine a couple of hours, you'll find they have absorbed some of that good dill flavor.

Some cooks like to add a few drops of lemon flavoring to their pumpkin pie filling.

Next time you mash cooked rutabaga, season with butter and light brown sugar.

Appetizing Yams Add Color To Winter Menu

Louisiana sends us yams to add color and flavor to winter meals, both routine and holiday. A Yambilee festival is held every year there, after the main crop has been harvested.

A Yam King and Queen preside over the celebration.

The queen of the kitchen might like to make use of the fresh yams to spell the canned yams which are available the year around. So here are some new recipes, the starter to serve 8.

Marshmallow-Nut Yam Casserole

8 medium-sized yams, cooked, peeled and mashed
1 c. miniature marshmallows
1 c. chopped walnuts
Spread 1-3 of yams in greased 1 qt. casserole. Add marshmallows.

Spread another 1-3 of the yams over marshmallows. Add walnuts. Spread remaining 1-3 of yams over walnuts.

Bake for 25 min. at 375 degrees F.

To do right by leftover turkey one should have something new to offer, such as the following recipe which combines the turkey with yams.

Homestead Turkey And Yams

1/4 c. butter
1/4 c. all-purpose flour
2 c. milk
1 1/4 c. grated process Cheddar cheese
1 1/2 tsp. salt

1/4 tsp. pepper
1/4 tsp. poultry seasoning
2 c. diced cooked turkey
12 small white onions, peeled and cooked

6 medium-sized Louisiana yams, cooked, peeled and cut in half lengthwise
1/4 c. buttered bread crumbs

Melt butter over low heat; add flour and blend. Gradually add milk and cook, stirring constantly, until thickened.

Add 1 c. cheese, salt, pepper and poultry seasoning. Stir until cheese is melted.

Fold in turkey, onions and yams. Turn into well-greased 2 qt. casserole.

Combine bread crumbs and 1/4 c. cheese; sprinkle over other ingredients.

Bake at 350 degrees F. for 30 min. or until crumbs are browned. Serves 4 to 6.

For our own Yambilee finale,

try this unusual dish:

Yams Orientale
1-3 c. vegetable oil
4 medium yams, peeled and halved lengthwise
1 can (1 lb., 4 oz.) sliced pineapple
1-3 c. vinegar
1 1/2 tsp. cornstarch
1/2 tsp. salt

Heat vegetable oil. Add yams and cook over low heat, turning frequently until tender.

Add green pepper; cook over low heat 5 to 10 min. or until tender. Drain pineapple, reserving syrup.

Add pineapple to yam mixture. Blend reserved syrup, vinegar, cornstarch and salt; add to yam mixture.

Cook over low heat, stirring constantly until mixture is thickened, and clear.

Serves 4.

Miss Huffer Honored On Birthday

Mrs. Clyde Huffer, Stoutsville, was hostess Saturday afternoon at a birthday party honoring the Huffers' daughter, Mary Lou, on her 14th birthday.

Mrs. Jack Funk of Circleville assisted Mrs. Huffer in the hospitalities of the occasion.

The Huffer home was decorated in a seasonal theme for the event. Games were played during the social hour and winners were Beverly Barnes, Susan Carpenter, Rosemary Clary and Diane Kennedy.

Later in the afternoon, traditional birthday refreshments were served.

Those attending included: Beverly Barnes, Edwyna Rowland, Karen Barr, Sandy Arledge, Susan Carpenter, Christine Rickly, Sharon Wilson, Benita Rhymer, Patsy Betts, Rosemary Clary, Linda Conkle, Diane Kennedy and the honored guest.

Always cover the container in which you are "steaming" food. Place the food on a rack-type arrangement over a small amount of boiling water so that it will cook by contact with steam, not in the water.

Lions Auxiliary Has Yuletide Social Meet

Members of the Lions Auxiliary held their Christmas party in the Fox Farm on Monday evening.

A three-course dinner was enjoyed at 7 p. m. with a gift exchange and social hour following.

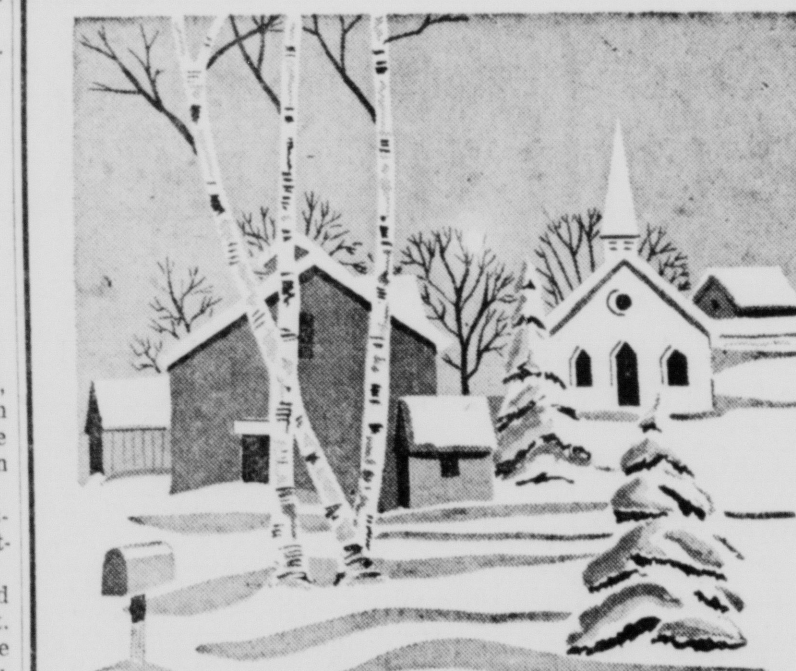

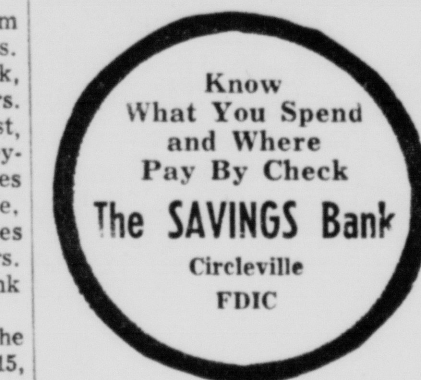

Those attending were Mrs. Sam Cook, Mrs. Gerald Crites, Mrs. Charles Curlett, Mrs. Robert Dick, Mrs. Wesley Edstrom Sr., Mrs. Emmet Evans, Mrs. Milton Griest, Mrs. Bob Miller, Mrs. Donald Meyers, Mrs. Ronald Nau, Mrs. James Peters, Mrs. Clarence Radcliffe, Mrs. Harry Styres, Mrs. Charles Smith, Mrs. Chester Starkey Mrs. Richard Wilson and Mrs. Frank Woodward, Jr.

The next regular meeting of the auxiliary will be held on Jan. 15, 1962.

New Dip for Chips

Keep flavor on the mild side when making a dip to pass with some of today's more highly seasoned crackers and chips.

For instance, cream cheese, salted lightly and thinned to dipping consistency with sour racy chip such as onion-garlic makes a companionable dip for a chips. Spicier dips go well with bland crackers.

Season's Greetings

Greetings to our friends everywhere. We hope to serve you during 1962.

Worship Every Week ---

First Methodist

"A Simple Story" is the theme for the worship services at the First Methodist Church Sunday morning at 8:30 and 10:45 a. m. The Rev. Paul I. Wachs will read the Scripture from Matthew 1:18-25. In the late service special recognition will be given to students and service personnel who are home for the holiday. Baptism and reception of members will be a part of both services.

The Junior Choir, under the direction of Mr. W. S. Williams, will sing "Christmas Is Come" by Peery for the anthem in the early service. In the 10:45 a. m. service the Adult Choir, directed by Mr. C. W. Kirkpatrick will present four special numbers. They will sing "Be Joyful, Be Merry" by Telleg, "For Unto Us A Child Is Born" from Handel's Messiah, "Sleep, My Little Jesus" by Bergmann and "Hallelujah!" from Handel's Messiah.

A supervised nursery is available during both worship services. Sunday School classes for all ages will meet at 9:30 a. m.

A special rehearsal of the Junior, Youth and Senior Chorus will be held at 2:30 Sunday afternoon.

Sunday evening at 9 o'clock a Christmas Eve Candlelight Service will be held in the sanctuary of the church.

Church of Christ

The Sunday School Hour will commence at 9:30 a. m. at the Church of Christ in Christian Union, 436 E. Ohio St. The adults will meet in the sanctuary under the supervision of William Smith. The children will meet in the Junior and Beginner Department auditoriums where Mrs. Marvina Rinehart and Mrs. Virginia Humble are the superintendents. Christmas treats will be given to all who will be present.

Miss Eunice Rooker, a student at the Mt. Carmel High School in Kentucky, will provide special music at the 10:30 a. m. worship service. Assistant Pastor David Van Hoose will deliver the morning message.

During the Adult Worship Hour, Junior Worship will be conducted in the children's auditorium.

The 6:30 p. m. Youth Service will be held in the youth chapel. Mrs. Joy Rooker, who has done missionary work on the island of Dominica, will speak in the service. Jim Huff will have charge of the service.

A special Christmas Eve service will be presented by the Rev. George Blackstone. Eugene, a medical student at the University of Chicago, will provide the special piano and organ music. Louis, who is studying nursing in the Wilson Memorial Hospital, Johnson City, New York, will furnish special music on the marimba. Mrs. George Blackstone and daughter, Joyce, will play a violin duet. Rev. George Blackstone will deliver the evening message.

Trinity Lutheran

The worship services of Trinity Lutheran Church this Fourth Sunday in Advent will be held at 8:30 and 10:45 a. m. Pastor Carl G. Zehner will present the sermon, "Ready for Christmas?", based on Malachi 3:1-3.

The Adult Choir will present special music at the early service. Music will be led at the late service by the Youth Choir. Both choirs are under the direction of Mrs. Thomas Osterling.

Mrs. Karl Herrmann will preside at the organ at both services.

Sunday School for all ages will be held at 9:30 a. m.

The nursery will be open during the late service in the Parish House.

DIAL A DEVOTION — Call GR 4-2123 for a one minute devotion.

Christmas Eve Services will be held at Christ Lutheran Church, Lick Run, Sunday at 7:30 p. m. Members and friends are cordially invited.

The annual Christmas Dawn Service will be held in Trinity Lutheran Church on Christmas morning. Christmas music will begin at 5:30 a. m. with Mrs. Karl Herrmann at the organ.

The worship service will begin at 6 a. m. with a candlelight procession by the Adult, Youth and Children's Choirs under the direction of Mrs. Thomas Osterling.

Special Christmas anthems will be presented by all three choirs. Pastor Carl G. Zehner will present the sermon "A Light In The Darkness" based on John 1:4-14.

Members and friends are cordially invited.

Church of the Brethren
Sunday morning at the Church of the Brethren, the Children's Department will present a Christmas program during the Sunday School hour.

The regular Morning Worship service will be held at 10:45 a. m. with the Christmas sermon. There will be treats for all present at the close of the service.

The Sunday evening worship service will begin at 7:30.

Presbyterian

Sunday School in the First Presbyterian Church will begin at 9:30 a. m. with Edward Grigg, superintendent.

Morning Worship will be held at 10:30 a. m. In the place of the usual morning worship service, the choir will present their annual Christmas Concert consisting of "The Star That Lit the World", music by George Kenner and text by Herbert L. Satterlee.

The choir will be under the direction of Mrs. Clark Will. A portion of the program will consist of the congregation's singing of the old, familiar Christmas carols.

The Rev. Henry A. Waters will bring a short meditation "The Place of Church Music to the Birth of Christ".

Mrs. Theodore Huston will be at the organ playing for her Prelude, "Rhapsody and Old Carol Melodies" by Lester; Offertory, "Cradle Song" from the Christmas Oratorio by Bach; and Postlude, "In Dulci Jubilo" arranged by Matthews.

Sunday Evening, a Christmas Eve Communion Service will be held at 10:30 p. m. The Sacrament of the Lord's Supper will conclude shortly after midnight. This is an attempt on the part of the church to join in the traditional custom of starting Christmas day by the celebrating of Christ's purpose in coming, mainly to give himself for us.

Special music will be provided by Mrs. M. W. Burkhardt at the harp playing "Christmas Carols" — selected.

The choir, under the direction of Mrs. Clark Will, will be singing "Never Was a Child so Lovely".

Mrs. Theodore Huston will be at the organ playing for her Prelude, "Fantasia on Old Christmas Carols" by William Faulkes; Offertory, "Come, Lord Jesus" by Bach; and Postlude, "Silent Night" by Gruber.

Schedule of Meetings In Churches of City

Rev. William A. Baria
Sunday School, 9:30 a. m.; Morning Worship Service, 10:30 a. m.; Baptist Training Union, 6:30 p. m.; Evening Worship Service, 7:30 p. m.; Wednesday, Mid-week Prayer Service, 7 p. m.

Pilgrim Holiness Church
Rev. Alonzo Hill
Sunday School 9:30 a. m.; Worship Service, 10:30 a. m.; Evangelistic Service, 7:30 p. m.; Thursday

Calvary E.U.B.

The Unified Service at the Calvary EUB Church will begin at 9 a. m. with Morning Worship. The sermon topic will be "Bringing Our Gifts to Christ". The Scripture lesson found in Matthew 2:1-12 will be read by the pastor, the Rev. G. H. Niswender, who will be assisted in the service by the Sunday School Superintendent, Carl Agin. There will be reception of new members into the membership of the church.

The congregational hymns will include: "Good Christian Men, Rejoice", "It Came Upon the Midnight Clear", "O Little Town of Bethlehem" and "Angels We Have Heard on High".

The special music will be a trio, "The Song of the Magi" by Holton, sung by Mr. Dale DeLong, Mrs. Andrew Goeller and Mrs. Earl Millirons.

Mrs. Earl Millirons, organist, has announced the following as her numbers: Prelude, "Pastorale" by Chaminade; Offertory, "Christmas Starlight" by Lorenz and Postlude, "Come and Adore Him" by Dale.

The youth and adults will assemble at 10 a. m. for the study of the Sunday School lesson.

The children will meet in the sanctuary with the young people and the adults for the worship service at 9 a. m. and then go to their Sunday School classes at 10 a. m. There will be a Vesper Service at 4 p. m. Everyone is invited.

St. Philip's Episcopal

The Fourth Sunday in Advent will be observed at St. Philip's Church with Morning Prayer and Sermon at 10 a. m. There will be no 8 a. m. celebration of the Holy Communion. The Rev. William G. Huber will read the service of Morning Prayer and preach the sermon. Robert W. Litter will read the First Lesson and will lead the congregation in the responsive reading of the Psalm for the Day.

The choir will sing the Ringwald anthem, "The King Shall Come", at the 10 a. m. service. The canticles for Morning Prayer will be sung, as will also the "Benedictus", which is used during the Sundays in Advent. The hymns to be sung will include: "O Come, O Come, Emanuel"; Rejoice, Re-

joice, Believers" and "Thy Kingdom Come." The organ prelude will be "Divinum Mysterium" by T. H. F. Candlyn.

Acolytes serving at 10 a. m. will be Mike Nelson, Tom Wright, Douglas Thompson, Billy Huber and Danny Thompson with Roddy Sines in charge.

Church School will be held and there will be a nursery for children three years of age and under.

First E.U.B.

"The Light of Christmas" has been chosen by the Rev. O. F. Gibbs for his annual Christmas message to be delivered Sunday morning in First Evangelical United Brethren church. Services begin at 9:30 a. m. The Church Choir, directed by Montford Kirkwood, Jr., will sing "Cantique de Noel" by Adams.

Miss Lucille Kirkwood, organist, announces the following numbers: Prelude, "Yuletide Echoes" by Kohlmann; Offertory, "Lullaby" by Mozart; and Postlude, "Receive Your King" by Lorenz.

Carols to be sung by the congregation include "Joy to the World, the Lord is Come", "O Little Town of Bethlehem", and "Silent Night, Holy Night!"

Prof. J. R. MacMurry, son-in-law of the pastor, will play a trumpet solo "The Holy City" by Adams.

The pastor will receive a class of new members into the church. A special Christmas Offering will be received for the Midwest Homes.

Edwin Richardson will assist the pastor in the worship service.

Sunday school in the Children's Department will convene in the Service Center at 9:25 a. m. with Mrs. Robert Dumm in charge.

Church School in the Youth and Adult Departments will meet following the worship hour.

The Junior Fellowship Hour will

meet in the Service Center at 10:35 a. m. with Elliott Hawkes in charge. Mrs. Donald Johnson and Mrs. Gerald Ayers will be in charge of the Primary Fellowship and Pre-School hour by Mrs. Richard Beadle.

Nursery care is provided in the Service Center from 9:15 until 11:15 a. m. with Mrs. Donald Strawser and Mrs. Ralph Burns in charge.

Church of the Nazarene
The Sabbath Service at the Church of the Nazarene will begin with the Sunday School hour at 9:30 a. m. We will study the old but ever new Biblical account of our Saviour's birth. Superintendent Dawson Park will conduct the adult opening exercises and Mrs. Daryl Thompson will have charge of the children's assemblies.

The worship service will begin at 10:30 a. m. The pastor's message is entitled "Good News — The Saviour Is Come". The Adult Choir under the direction of Mrs. R. Dale Fruehling will sing, "Star of Bethlehem".

There will be no Junior and Young People's Society meetings this Sunday.

The Evening Service will begin at 7 p. m. In this service the choir will be featured as it presents the Christmas Story in song. Soloists are the Misses Sue Anderson and Freda Good. Also a trio will sing. The trio is composed of Mrs. Glen Whitten, Miss Sue Anderson and Miss Freda Good. The pastor, the Rev. R. Dale Fruehling, will read the narrative and bring a message entitled "The Gift of God's Love."

Gospel School
Sunday School at the Gospel Center will begin at 9:30 a. m.

The call of the Carols...

The spirit of Christmas is contagious. Clarion bells and holy music break through the hum of our busy world.

The spell of Christmas calls you!

And it makes you want to call others!

Christmas has always affected men this way. First the herald angels bringing their good tidings to shepherds... the star beckoning three Wise Men to Bethlehem. Then Wise Men and shepherds returning from the Manger to thrill others with their strange story of the birth of the King.

Is it enough to answer the call of the carols?

Brighten someone's life by sharing the vision. Bring someone with you to worship the Christ.

This someone will understand Christmas better when he sees what it means to you!

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Make Church - Going a Habit

Worship Every Week ---

First Methodist

"A Simple Story" is the theme for the Worship Services at the First Methodist Church Sunday morning at 8:30 and 10:45 a. m. The Rev. Paul I. Wachs will read the Scripture from Matthew 1:18-25. In the late service special recognition will be given to students and service personnel who are home for the holiday. Baptism and reception of members will be a part of both services.

The Junior Choir, under the direction of Mr. W. S. Williams, will sing "Christmas Is Come" by Peery for the anthem in the early service. In the 10:45 a. m. service the Adult Choir, directed by Mr. C. W. Kirkpatrick will present four special numbers. They will sing "Be Joyful, Be Merry" by Tellep, "For Unto Us A Child Is Born" from Handel's Messiah, "Sleep, My Little Jesus" by Bergmann and "Hallelujah" from Handel's Messiah.

A supervised nursery is available during both Worship Services. Sunday School classes for all ages will meet at 9:30 a. m.

A special rehearsal of the Junior, Youth and Senior Choirs will be held at 2:30 Sunday afternoon.

Sunday evening at 9 o'clock a Christmas Eve Candlelight Service will be held in the sanctuary of the church.

Church of Christ

The Sunday School Hour will commence at 9:30 a. m. at the Church of Christ in Christian Union, 436 E. Ohio St. The adults will meet in the sanctuary under the supervision of William Smith. The children will meet in the Junior and Beginner Department auditoriums where Mrs. Marvina Rinehart and Mrs. Virginia Humble are the superintendents. Christmas treats will be given to all who will be present.

Miss Eunice Rooker, a student at the Mt. Carmel High School in Kentucky, will provide special music at the 10:30 a. m. Worship Service. Assistant Pastor David Van Hoose will deliver the morning message.

During the Adult Worship Hour, Junior Worship will be conducted in the children's auditorium.

The 6:30 p. m. Youth Service will be held in the youth chapel. Mrs. Joy Rooker, who has done missionary work on the island of Dominica, will speak in the service. Jim Huff will have charge of the service.

A special Christmas Eve service will be presented by the Rev. George Blackstone Family. Eugene, a medical student at the University of Chicago, will provide the special piano and organ music. Louis, who is studying nursing in the Wilson Memorial Hospital, Johnson City, New York, will furnish special music on the marimba. Mrs. George Blackstone and daughter, Joyce, will play a violin duet. Rev. George Blackstone will deliver the evening message.

Trinity Lutheran

The Worship Services of Trinity Lutheran Church this Fourth Sunday in Advent will be held at 8:30 and 10:45 a. m. Pastor Carl G. Zehner will present the sermon, "Ready for Christmas?", based on Malachi 3:1-3.

The Adult Choir will present special music at the early service. Music will be led at the late service by the Youth Choir. Both choirs are under the direction of Mrs. Thomas Osterling.

Mrs. Karl Herrmann will preside at the organ at both services.

Sunday School for all ages will be held at 9:30 a. m.

The nursery will be open during the late service in the Parish House.

DIAL A DEVOTION — Call GR 4-2123 for a one minute devotion. Christmas Eve Services will be held at Christ Lutheran Church, 1400 N. Main St., Sunday at 7:30 p. m. Members and friends are cordially invited.

The annual Christmas Dawn Service will be held in Trinity Lutheran Church on Christmas morning. Christmas music will begin at 5:30 a. m. with Mrs. Karl Herrmann at the organ.

The Worship Service will begin at 6 a. m. with a candlelight procession by the Adult, Youth and Children's Choirs under the direction of Mrs. Thomas Osterling.

Special Christmas anthems will be presented by all three choirs.

Pastor Carl G. Zehner will present the sermon "A Light In The Darkness" based on John 1:4-14. Members and friends are cordially invited.

Church of the Brethren

Sunday morning at the Church of the Brethren, the Children's Department will present a Christmas program during the Sunday School hour.

The regular Morning Worship service will be held at 10:45 a. m. with the Christmas sermon. There will be treats for all present at the close of the service.

The Sunday evening Worship Service will begin at 7:30.

Presbyterian

Sunday School in the First Presbyterian Church will begin at 9:30 a. m. with Edward Grigg, superintendent.

Morning Worship will be held at 10:30 a. m. In the place of the usual morning Worship Service, the choir will present their annual Christmas Concert consisting of "The Star That Lit the World", music by George Kenner and text by Herbert L. Satterlee.

The choir will be under the direction of Mrs. Clark Will. A portion of the program will consist of the congregation's singing of the old, familiar Christmas carols.

The Rev. Henry A. Waters will bring a short meditation "The Place of Church Music to the Birth of Christ".

Mrs. Theodore Huston will be at the organ playing for her Prelude, "Rhapsody and Old Carol Melodies" by Lester; Offertory, "Cradle Song" by Bach; and Postlude, "In Dulci Jubilo" arranged by Matthews.

Sunday Evening, a Christmas Eve Communion Service will be held at 10:30 p. m. The Sacrament of the Lord's Supper will conclude shortly after midnight. This is an attempt on the part of the church to join in the traditional custom of starting Christmas day by the celebrating of Christ's purpose in coming, mainly to give himself for us.

Special music will be provided by Mrs. M. W. Burkhart at the harp playing "Christmas Carols" — selected.

The choir, under the direction of Mrs. Clark Will, will be singing "Never Was a Child so Lovely".

Mrs. Theodore Huston will be at the organ playing for her Prelude, "Fantasia on Old Christmas Carols" by William Faulkes; Offertory, "Come, Lord Jesus" by Bach; and Postlude, "Silent Night" by Gruber.

Calvary E.U.B.

The Unified Service at the Calvary EUB Church will begin at 9 a. m. with Morning Worship. The sermon topic will be "Bringing Our Gifts to Christ". The Scripture lesson found in Matthew 2:1-12 will be read by the pastor, the Rev. G. H. Niswender, who will be assisted in the service by the Sunday School Superintendent, Carl Agin. There will be reception of new members into the membership of the church.

The congregational hymns will include: "Good Christian Men, Rejoice", "It Came Upon the Midnight Clear", "O Little Town of Bethlehem" and "Angels We Have Heard on High".

The special music will be a trio, "The Song of the Magi" by Holton, sung by Mr. Dale DeLong, Mrs. Andrew Goeller and Mrs. Earl Millirons.

Mrs. Earl Millirons, organist, has announced the following as her numbers: Prelude, "Pastorale" by Chaminade; Offertory, "Christmas Starlight" by Lorenz and Postlude, "Come and Adore Him" by Dale.

The youth and adults will assemble at 10 a. m. for the study of the Sunday School lesson.

The children will meet in the sanctuary with the young people and the adults for the Worship Service at 9 a. m. and then go to their Sunday School classes at 10 a. m.

There will be a Vesper Service at 4 p. m. Everyone is invited.

St. Philip's Episcopal

The Fourth Sunday in Advent will be observed at St. Philip's Church with Morning Prayer and Sermon at 10 a. m. There will be no 8 a. m. celebration of the Holy Communion. The Rev. William G. Huber will read the service of Morning Prayer and preach the sermon. Robert W. Litter will read the First Lesson and will lead the congregation in the responsive reading of the Psalm for the Day.

The Choir will sing the Ringwald anthem, "The King Shall Come", at the 10 a. m. service. The canticles for Morning Prayer will be sung, as will also the "Benedictus", which is used during the Sundays in Advent. The hymns to be sung will include: "O Come, O Come, Emanuel"; Rejoice, Re-

joice, Believers" and "Thy Kingdom Come." The organ prelude will be "Divinum Mysterium" by T. H. F. Candlyn.

Acolytes serving at 10 a. m. will be Mike Melson, Tom Wright, Douglas Thompson, Billy Huber and Danny Thompson with Roddy Sines in charge.

Church School will be held and there will be a nursery for children three years of age and under.

First E.U.B.

"The Light of Christmas" has been chosen by the Rev. O. F. Gibbs for his annual Christmas message to be delivered Sunday morning in First Evangelical United Brethren church. Services begin at 9:30 a. m. The Church Choir, directed by Montford Kirkwood, Jr., will sing "Cantique de Noel" by Adams.

Miss Lucille Kirkwood, organist, announces the following numbers:

Prelude, "Yuletide Echoes" by Kohlmann; Offertory, "Lullaby" by Mozart; and Postlude, "Receive Your King" by Lorenz.

Carols to be sung by the congregation include "Joy to the World, the Lord is Come", "O Little Town of Bethlehem", and "Silent Night, Holy Night".

Prof. J. R. MacMurry, son-in-law of the pastor, will play a trumpet solo "The Holy City" by Adams. The pastor will receive a class of new members into the church. A special Christmas Offering will be received for the Midwest Homes.

Edwin Richardson will assist the pastor in the Worship Service.

Sunday school in the Children's Department will convene in the Service Center at 9:25 a. m. with Mrs. Robert Dumm in charge. Church School in the Youth and Adult Departments will meet following the worship hour.

The Junior Fellowship Hour will

meet in the Service Center at 10:35 a. m. with Elliott Hawkes in charge. Mrs. Donald Johnson and Mrs. Gerald Ayers will be in charge of the Primary Fellowship and Pre-School hour by Mrs. Richard Beadle.

Nursery care is provided in the Service Center from 9:15 until 11:15 a. m. with Mrs. Donald Strawser and Mrs. Ralph Burns in charge.

Church of the Nazarene

The Sabbath Service at the Church of the Nazarene will begin with the Sunday school hour at 9:30 a. m. We will study the old but ever new Biblical account of our Saviour's birth. Superintendent Dawson Park will conduct the adult opening exercises and Mrs. Daryl Thompson will have charge of the children's assemblies.

The Worship Service will begin

at 10:30 a. m. The pastor's message is entitled "Good News — The Saviour Is Come". The Adult Choir under the direction of Mrs. R. Dale Fruehling will sing, "Star of Bethlehem".

There will be no Junior and Young People's Society meetings this Sunday.

The Evening Service will begin at 7 p. m. In this service the choir will be featured as it presents the Christmas Story in song. Soloists are the Misses Sue Anderson and Freda Good. Also a trio will sing. The trio is composed of Mrs. Glen Whitten, Miss Sue Anderson and Miss Freda Good. The pastor, the Rev. R. Dale Fruehling, will read the narrative and bring a message entitled "The Gift of God's Love."

Gospel Center

Sunday School at the Gospel Center will begin at 9:30 a. m.

The call of the Carols...

The spirit of Christmas is contagious. Clarion bells and holy music break through the hum of our busy world.

The spell of Christmas calls you!

And it makes you want to call others!

Christmas has always affected men this way. First the herald angels bringing their good tidings to shepherds . . . the star beckoning three Wise Men to Bethlehem. Then Wise Men and shepherds returning from the Manger to thrill others with their strange story of the birth of the King.

Is it enough to answer the call of the carols?

Brighten someone's life by sharing the vision. Bring someone with you to worship the Christ.

This someone will understand Christmas better when he sees what it means to you!

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Local Baha'i Group Lists Weekly Thought

The Local Baha'i Group will
stress this thought for the week:
"The Wise Men traveled far to
worship the Christ, the new-born
King. Followers of Baha'ullah to-
day also worship this same Christ."
"The Baha'i world is inviting the
Christian world to travel still fur-
ther on their journey, a journey
deep into the realm of understand-
ing. This understanding brings a
recognition of the legitimacy of all
religions under the ageless Plan
of God. It brings a knowledge of
the basic unity of all nations, rac-
es, classes and religions; a unity
which is the true solution of the
problems of our day."
"The journey is far, but the re-
wards are great."

Pilgrim Holiness

Sunday School at the Pilgrim
Holiness Church, Hayward Ave.,
Circleville, will begin at 9:30
a. m. with Mrs. Paul Seymour,
supt., in charge. The presentation
will include children from four
classes: Beginners, Thelma Beav-
ers; Primary, Mildred Butter-
baugh; Junior Boys, David Beav-
ers and Junior Girls, Doris Bol-
tenhouse.

The Evening Service will begin
at 7:30 p. m. Featured will be a
Christmas Play entitled "Why
Christmas" under the direction of
Mrs. Thomas Beavers and Mrs.
William Butterbaugh. The play
will be presented by the Young
People's Class. Those participat-
ing include: David Beavers, Mark
Davis, Charlotte Marshall, Tom
Tuttle, Sandra Adams, Phil Davis,
Beverly Tuttle, Ruthie Adams,
Tommy Beavers, Sharon Smith,
Lenora Davis, Nancy Crawford,
Judy Duvall, Bill Adams, Lois
Ann Beavers, Barbara McKittrick,
Lannie Adams and Joyce Cram-
blit.

The public is cordially invited to
attend.

Ashville Area Church Schedules Services

Sunday School at the St. Paul Ev-
lutheran Church, Route 2, Ash-
ville, will begin at 9:30 a. m.

A Christmas Service will be held
at 10:30 a. m. The sermon topic
will be "No Room."

On Christmas Eve, a Christmas
Carol Service, "The Light Shines",
in six parts, will be given by the
Sunday School and choir at 7:30
p. m. The public is cordially invit-
ed to attend.

Clergy Quotes

To me democracy is such a lov-
ely thing that one can hardly hope
to keep it away from other people.
Can you everlastingly cut off a
human being from beauty? I walk
in the suburbs and the scent of the
flowers comes to me. Can you real-
ly stop another from smelling that
scent? — Zulu Chief Albert John
Luthull of South Africa, winner
of the Nobel Peace Prize for 1960.

Church Briefs

The Junior Choir of the Church
of the Brethren had an annual
Christmas party and carol sing on
Wednesday from 4 to 7:30 a. m.
Members of the choir sang at the
Circleville Home and Hospital plus
a number of homes throughout the
city.

The Church of the Brethren
Youth Fellowship presented the
play "He Who Walks in Love",
at 7:30 p. m. yesterday.

The CBYF will be entertaining
the children of Lowery Lane at a
Christmas party today from 6 to
8 p. m. in the basement of the
church. There will be toys for
all. Fifty-seven children from the
area are expected to be present.

The Senior Luther League and
Junior Luther League of the First
English Lutheran Church in Ash-
ville will join together to Christmas
carol tomorrow. Leaguers are to
meet at the church at 6 p. m.

The Lord's Hour at Calvary EUB
Church will be held Wednesday at
7:30 p. m. in the church annex.

Calvary EUB Church announce-
s that a Conference Youth Fel-
lowship Rally will be held at 9:30 a. m.
Thursday in the Maple Street
EUB Church in Lancaster.

A Social Hour meeting will be
held at 7 p. m. Friday in the Five
Points Methodist Church.

A Prayer and Praise Service is
scheduled at 7:30 p. m. Thursday
in the Circleville Gospel Center.
Ralph Calton will be in charge of
the service.

Two meetings are scheduled at
First EUB Church for Wednesday
Night: Prayer Meeting at 7:30,
and Church Choir rehearsal at 8:35
p. m.

The Annual Mid-Year Youth
Convention of the Evangelical Un-
ited Brethren Church will be held

at the Maple Street Church, Lan-
caster, Thursday, beginning at 9:30
a. m.

Boy Scout Troop No. 155 will
meet in the First EUB Service
Center, Thursday at 7 p. m. with
Joe Sweazy and Ted Young in
charge.

The Board of Trustees of First
EUB Church will meet Thursday
at 7:30 p. m. J. E. Millions, pres-
ident, will preside.

Remember Car Lights Must Be on, Too

COLUMBUS, Ohio (AP) — It's
time to turn on those Christmas
lights—on your car as well as
your tree.

State Highway Safety Director
J. Grant Keys recommends that
Ohio drivers travel with head-
lights on—both day and night—as
a safety reminder to other motor-
ists during the Christmas and
New Year holiday weekends.
Keys pointed out that Ohio traffic
fatalities were lower than expect-
ed during the Labor Day week-
end, when the "lights on" cam-
paign also was in use.

Local Baha'i Group Lists Weekly Thought

The Local Baha'i Group will stress this thought for the week:
"The Wise Men traveled far to worship the Christ, the new-born King. Followers of Baha'ullah today also worship this same Christ."
"The Baha'i world is inviting the Christian world to travel still further on their journey, a journey deep into the realm of understand-
ing. This understanding brings a recognition of the legitimacy of all religions under the ageless Plan of God. It brings a knowledge of the basic unity of all nations, races, classes and religions; a unity which is the true solution of the problems of our day."
"The journey is far, but the re-wards are great."

Church Briefs

The Junior Choir of the Church
of the Brethren had an annual
Christmas party and carol sing on
Wednesday from 4 to 7:30 a. m.
Members of the choir sang at the
Circleville Home and Hospital plus
a number of homes throughout the
city.

The Church of the Brethren
Youth Fellowship presented the
play "He Who Walks in Love",
at 7:30 p. m. yesterday.

The CBYF will be entertaining
the children of Lowery Lane at a
Christmas party today from 6 to
8 p. m. in the basement of the
church. There will be toys for
all. Fifty-seven children from the
area are expected to be present.

The Senior Luther League and
Junior Luther League of the First
English Lutheran Church in Ash-
ville will join together to Christmas
carol tomorrow. Leaguers are to
meet at the church at 6 p. m.

The Lord's Hour at Calvary EUB
Church will be held Wednesday at
7:30 p. m. in the church annex.

Calvary EUB Church announ-
ces that a Conference Youth Fel-
lowship Rally will be held at 9:30 a. m.
Thursday in the Maple Street
EUB Church in Lancaster.

A Social Hour meeting will be
held at 7 p. m. Friday in the Five
Points Methodist Church.

A Prayer and Praise Service is
scheduled at 7:30 p. m. Thursday
in the Circleville Gospel Center.
Ralph Calton will be in charge of
the service.

meet in the First EUB Service
Center, Thursday at 7 p. m. with
Joe Sweazy and Ted Young in
charge.

The Board of Trustees of First
EUB Church will meet Thursday
at 7:30 p. m. J. E. Millars, pres-
ident, will preside.

Remember Car Lights Must Be on, Too

COLUMBUS, Ohio (AP) — It's
time to turn on those Christmas
lights—on your car as well as
your tree.

State Highway Safety Director
J. Grant Keys recommends that
Ohio drivers travel with head-
lights on—both day and night—as
a safety reminder to other motor-
ists during the Christmas and
New Year holiday weekends.
Keys pointed out that Ohio traffic
fatalities were lower than expect-
ed during the Labor Day week-
end, when the "lights on" cam-
paign also was in use.

Charm Year-Long in Nation's Parks

By MARK KNIGHT
FRESNO, Calif. (AP) — Planning your 1962 vacation and thinking about visiting one of our country's national parks?

Then you might be interested to know that the major attractions of many parks are at their height just when the number of tourists viewing them is at its lowest.

For example:
Sequoia's giant redwoods and meadows, carpeted in deep snow in winter, offer magnificence and solitude for the person who drives through the snowy California wonderland.

IN SHENANDOAH Park, Virginia, the autumn and spring coloring offer great varieties for the unhurried. Autumn leaves change color after Labor Day and the climate is restful, while the eastern seaboard remains unpleasantly humid.

Big game animals, which abound in Yellowstone, are most interesting in spring and fall — immediately before and after the tourist peak — as they frequent highways and trails.

In Yosemite the famous waterfalls reach their spectacular crescendo in the late spring — a low tourist patronage period.

On of the lesser known parks — Alaska's Mt. McKinley, midway between Fairbanks and Anchorage — offers a special appeal during May. The month has the lightest precipitation and it comes before the mosquito season.

"Again in the fall," says an official, "usually the first two weeks of September, the leaves begin to turn and there is probably no other place on earth where one could find the tremendous areas of oriental carpeting effect."

"It is a truly fantastic sight."

MANY PERSONS, including a growing list of retirement travelers, prefer the less-crowded seasons for greater seclusion, and of-

tentimes lower rates. Most park hotels and some skeleton crews and services through much of the off-season. It follows that the longer they can operate at a profit, the lower will be the overhead — hence the post-tentimes, lower rates.

In Mt. McKinley Park, for example, the hotel must be heated — guests or no — through long winters of up to 60 below zero temperatures, to avert frozen pipes and contraction of foundations.

At the other extreme from Mt. McKinley is the Everglades Park in Florida, where the regular season is December to April. Heat and rain drive most visitors from the Everglades by

Springtime in a National Park

California Redwoods in Winter

mid-spring, but the ardent boater can find off-season summer attractions, such as wild blooming orchids.

Conrad Wirth, director of national parks, commends extension of the parks' seasons and welcomes the additional exposure of people to nature.

He points out that there are national parks in 22 states — Maine, Virginia, North Carolina, Florida,

Tennessee, Kentucky, Arkansas, Oklahoma, Texas, Michigan, South Dakota, Wyoming, Colorado, Montana, Utah, Washington, Oregon, New Mexico, Arizona, California, Hawaii and Alaska.

THE LAST word on any of them — where it is, when to see it, type and prices of accommodations, means of transportation — can be obtained from the National Parks Service in Washington D. C.

Ring out, ring out! The bells of cheer sound our happy wishes to you and yours for a joyous Christmas Season.

NEW YORK (AP)—The question before the house today concerns the over-attention TV and its sister, radio, gives Christmas.

Why, oh why, does every TV production unit, whether it is cranking out half-hour Westerns or stitching together a situation comedy feel that it must devote this week's plot to the holiday?

Why, oh why, does every radio disc jockey feel he must endlessly repeat well-loved and familiar Christmas songs—particularly the souped-up versions for the rock 'n' roll and twist enthusiasts?

A few Christmas shows carefully assigned to certain programs each year by the TV networks, which are presumed to supervise and control the content of their shows, would certainly prevent this annual super-saturation of the comic Santas, office-party sketches and tons of shabby tinsel and popcorn snow.

With most commercials currently decked with holiday and decorated trees, Christmas Day itself arrives as an anticlimax. The tra-

ditional joyous sounds of the day are heard so often they lose their effectiveness.

NBC, which didn't have much luck last season with its regular debate series, "The Nation's Future," which was inspired by the Kennedy-Nixon confrontations, hasn't given up the idea entirely.

Early in February, it will launch a Sunday afternoon series of debates between collegiate teams. Maybe it hopes to tap the good-sized audience of young people who tune in CBS' "College Bowl" quiz show later in the day.

Recommended weekend viewing:

Tonight: Telephone Hour, NBC, 9:30-10:30 (ES) — "A trip to Christmas," with Jane Morgan, John Raitt and Jane Wyatt.

Saturday: "The Enchanted Nutcracker," ABC, 7:30-8:30 p.m.—musical fantasy with Carol Lawrence, Robert Goulet and Pierre Olaf.

Sunday: "Amahl and the Night Visitors," NBC, 4-5 — annual repeat by the NBC opera company; "Fred Waring's Unforgettables," NBC, 10-11—musical program of popular songs of recent years.

Christmas morning: Roman Catholic services at midnight and Protestant services in the forenoon, all networks.

Columbus Men Due For Trials Again

LONDON, Ohio (AP)—William Keels, 20, and Herbert Harris Jr., 21, Columbus Negroes, will stand trial again next year after a jury failed to reach a verdict Thursday night on charges they raped a 22-year-old white mother.

The two were accused of allegedly forcing the West Jefferson area woman into their car at knifepoint as she walked along a highway to get gasoline for her car the night of Oct. 2, and then criminally assaulting her. Arrested five days later, the men admitted the sexual elations but denied it was rape.

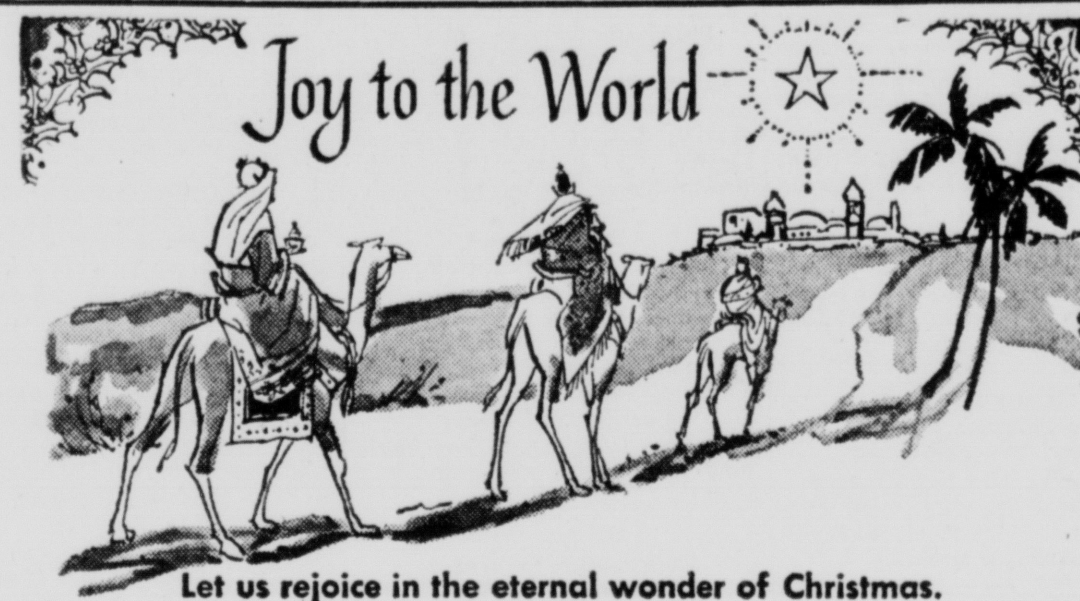

First American Christmas card was sent by R. J. Pease of Albany, N. Y., in 1853. Please, a dry goods merchant, designed, printed and mailed this first card which also served as an advertisement for his products.

First commercially produced American Christmas cards were created by Louis Prang, a Boston lithographer in 1875, who has been called the "Father" of the American Christmas card.

Charm Year-Long in Nation's Parks

By MARK KNIGHT
FRESNO, Calif. (AP) — Planning your 1962 vacation and thinking about visiting one of our country's national parks?
Then you might be interested to know that the major attractions of many parks are at their height just when the number of tourists viewing them is at its lowest.
For example:
Sequoia's giant redwoods and meadows, carpeted in deep snow in winter, offer magnificence and solitude for the person who drives through the snowy California wonderland.

IN SHENANDOAH Park, Virginia, the autumn and spring coloring offer great varieties for the unburied. Autumn leaves change color after Labor Day and the climate is restful, while the eastern seaboard remains unpleasantly humid.

Big game animals, which abound in Yellowstone, are most interesting in spring and fall — immediately before and after the tourist peak — as they frequent highways and trails.

In Yosemite the famous waterfalls reach their spectacular crescendo in the late spring — a low tourist patronage period.

On of the lesser known parks — Alaska's Mt. McKinley, midway between Fairbanks and Anchorage — offers a special appeal during May. The month has the lightest precipitation and it comes before the mosquito season.

"Again in the fall," says an official, "usually the first two weeks of September, the leaves begin to turn and there is probably no other place on earth where one could find the tremendous areas of oriental carpeting effect."

"It is a truly fantastic sight."
MANY PERSONS, including a growing list of retirement travelers, prefer the less-crowded seasons for greater seclusion, and of-

Springtime in a National Park

tentimes lower rates.
Most park hotels and some skeleton crews and services through much of the off-season. It follows that the longer they can operate at a profit, the lower will be the overhead — hence the post-tentimes, lower rates.

In Mt. McKinley Park, for example, the hotel must be heated — guests or no — through long winters of up to 60 below zero temperatures, to avert frozen pipes and contraction of foundations.

At the other extreme from Mt. McKinley is the Everglades Park in Florida, where the regular season is December to April. Heat and rain drive most visitors from the Everglades by

California Redwoods in Winter

mid-spring, but the ardent boater can find off-season summer attractions, such as wild blooming orchids.

Conrad Wirth, director of national parks, commends extension of the parks' seasons and welcomes the additional exposure of people to nature.

He points out that there are national parks in 22 states — Maine, Virginia, North Carolina, Florida,

Tennessee, Kentucky, Arkansas, Oklahoma, Texas, Michigan, South Dakota, Wyoming, Colorado, Montana, Utah, Washington, Oregon, New Mexico, Arizona, California, Hawaii and Alaska.

THE LAST word on any of them — where it is, when to see it, type and prices of accommodations, means of transportation — can be obtained from the National Parks Service in Washington D. C.

Reformation Moves Started By American Stock Exchange

NEW YORK (AP)—The American Stock Exchange has begun reformation moves.

An investigating committee of its own members recommended reorganization of the nation's No. 2 securities market to the board of governors Thursday.

"A fundamental revision of the exchange and its administrative machinery is necessary and should be undertaken without delay," it said.

The nine-member committee of broker members was appointed Oct. 12 to review the exchange's rules, policies and procedures.

This came after the Securities and Exchange Commission had launched its own investigation following a price manipulating scandal involving two specialists, the father and son team of Jerry and Gerard Re.

The Res were suspended by the

Dayton Teachers Get Pay Raise as Christmas Gift

DAYTON, Ohio (AP) — Dayton teachers will get a salary increase as a Christmas present.

Effective Christmas Day, wage increases will go into effect totaling \$800,000 a year, or an average of \$308 for each teacher.

The Dayton School Board adopted the new wage schedule Thursday night. It provides that each teacher with a bachelor's degree will get salaries starting at \$4,700 (now \$4,557) and progress in 15 years to \$7,650 (now \$7,253). Those with master's degrees will start at \$5,000 (now \$4,833) and progress in 15 years to a top of \$8,100 (now \$7,600).

School Supt. Robert B. French told the board, "I was going to insert a provision that in very obvious cases of inefficiency, teachers would not advance on the schedule automatically, but there was violent objection."

An additional school levy passed at the November election will help finance the wage increase.

First English Lists Services

Holy Communion will be celebrated at First English Lutheran Church, 94 Long Street, Ashville, at the Sunday Morning Worship Service at 9:15 a. m. Pastor Robert D. Gruenberg has selected as the sermon theme, "Merry Christmas". The text will be based upon the Introit for the Fourth Sunday in Advent.

The congregation will sing as the day's hymns: "O Come, O Come, Emmanuel", "From Heaven Above To Earth I Come", "The Happy Christmas Comes Once More" and "What Child Is This".

The Senior Choir under the direction of Mrs. Donald Flierl will sing the anthem, a Spanish carol, "Guests From Heaven" by Overby. During the lighting of the Angels' Candle in the Advent Wreath, the Senior Choir will again sing "The Echo Carol", a German folk song. Mrs. George Lambert, church organist, will accompany the choir.

Serving as the Lector for the day will be Seminarian George Lambert.

The Traditional Christmas Eve Candlelight Service will be held Sunday at 11 p. m. Pastor Gruenberg will present as the sermon theme, "Mary's Christmas," based upon the Introit for Christmas.

The Senior Choir, under the direction of Mrs. Donald Flierl and accompanied by Mrs. George Lambert, will present a selection of anthems and carols for this service. Familiar Christmas hymns will be sung by the congregation, and the final candle, the Christ Candle in the Advent Wreath, will be lighted to commemorate the coming of Christ.

This Bandit Came At Wrong Time

CINCINNATI (AP)—Police were wondering whether the polite bandit would repeat his call at the Thomas Bookkeeping Service Thursday night.

The bandit, described as a slight, neatly dressed young man, entered the office early Thursday afternoon and asked about a job.

Mrs. Frances Thomas, 50, wife of the owner, said there were no openings.

The young man drew a revolver and handed her a note and a paper bag. "This is a holdup," he declared.

"This isn't a building and loan. I haven't any money," said Mrs. Thomas, pushing the unread note note back to the gunman.

"I'm sorry, lady," said the would-be robber. He picked up the bag and note, and left.

Police said the bandit's mistake was one of timing—the Workingman's Building and Savings Co. operates from the same rooms as the bookkeeping service, but at night.

Trustee Post Filled
COLUMBUS, Ohio (AP) — Gov. Michael V. DiSalle today appointed John W. Bronson of Gibsonburg, former Sandusky County Probate Judge, as a trustee of Bowling Green State University. He replaces E. T. Rodgers, who resigned. Bronson, a graduate of Bowling Green, received his law degree at Duke University.

The World Today

WASHINGTON (AP)—The United Nations got a belting this year for what it did or failed to do. But it operated as any representative assembly could be expected to, including the American Congress.

From any adult and realistic view it couldn't be expected to please everybody all the time. On any given issue the 104 U.N. member nations voted unanimously or broke up into special interest — or selfish — groups to carry a point or try to block it for their own particular reasons.

And, from the viewpoint of its own special interests, this coun-

**ORDINANCE NO. 81-61
AN ORDINANCE FIXING SALARIES IN THE DEPARTMENT OF WATER AND SEWAGE.**
WHEREAS, it has been recommended by the Board of Public Utilities, of the City of Circleville, that certain salary adjustments be made in the Department of Water and Sewage;

SECTION 1. That the Manager of Public Utilities shall receive an annual salary of \$8,400, of which \$3,500 shall be paid from funds of the Division of Water, and \$4,900 shall be paid from funds of the Division of Sewage. Said salary shall be paid in equal semi-monthly installments, to wit, on the 1st and 15th days of each month.

SECTION 2. That the salary of the members of the Board of Public Utilities shall be:

Chairman, of the Board, \$300, per annum
Each of the other two members of the Board, \$200, per annum.

Said salaries to be paid from funds of either: The Division of Water, or The Division of Sewage as provided for in the appropriations ordinance.

SECTION 3. That the Bookkeeper-Cashier of the Department of Water and Sewage shall receive an annual salary of \$4,000, of which \$2,000 shall be paid from funds of the Division of Water, and \$2,000 shall be paid from funds of the Division of Sewage. Said salary shall be paid in equal semi-monthly installments, to wit, on the 1st and 15th days of each month.

SECTION 4. That the Assistant Bookkeeper-Cashier of the Department of Water and Sewage shall receive an annual salary of \$2,520, of which \$1,260 shall be paid from funds of the Division of Water, and \$1,260 shall be paid from funds of the Division of Sewage. Said salary shall be paid in equal semi-monthly installments, to wit, on the 1st and 15th days of each month.

SECTION 5. That the annual salaries of the employees of The Division of Water shall be:

Customer Service — Meter Reader \$4,080, per annum
Distribution Foreman — \$4,080, per annum
Distribution Maintenance Man — \$3,960, per annum, each
Resident Pumping Station Operator — \$3,600, per annum

Operators (2) \$3,960, per annum, each
Said salaries shall be paid from funds of The Division of Water in equal semi-monthly installments, to wit, on the 1st and 15th days of each month.

SECTION 6. That the annual salaries of the employees of The Division of Sewage shall be:

Chief Operator \$4,740, per annum
Operators (2) \$4,020, per annum, each
Said salaries shall be paid from fund of the Division of Sewage in equal semi-monthly installments, to wit, on the 1st and 15th day of each month.

SECTION 7. That any ordinance or part of any ordinance in conflict herewith is hereby repealed.

SECTION 8. That this ordinance be deemed an emergency in the best interest of the public health, welfare and safety of the citizens of Circleville, and for the further reason that it is the desire of this Council to make the foregoing schedule of salaries effective 1 January 1962.

Mayor

Dec. 22, 29.

try had a lot to be satisfied with in the U.N. session which ended this week. Some examples of a representative group in action:

The Asian-African bloc stood together on racial and colonial issues but split on political ones. There were also neutral blocs, Communist blocs, Western blocs, each looking out for its own interests.

This could have been predicted without looking further than American history.

In Congress Southern Democrats down through the years formed a bloc—on civil rights, for instance — when they broke off from a majority of their party. On some other issues they voted solidly as party regulars.

And, carrying the example further, groups in both the Democratic and Republican parties, like liberals or conservatives, cross party lines to join their like-minded colleagues on a specific issue.

The U.N. could explode and fall apart for a number of reasons, but always depending on what the special interest alignments happen to be at any one moment. This country exploded in civil war once for that reason.

Nor would it be outside the American experience if one or more U.N. members refused to abide by a majority decision — as has been the case.

The American Senate, for instance, has jealously established and protected the privilege of any member or group of members to try to block the will of the majority by a filibuster.

But at least in Congress once the will of the majority has been established — by a final vote — those who disagree accept the verdict, more or less.

In the U.N., still only 16 years old, there have been rejections of the majority view which show either sheer wilfulness or immaturity, even on the part of old nations which by now should be grown up.

For example: The U.N. banged into a financial crisis in the session which ended this week—it surmounted that by approving a \$200-million bond issue—because some members would not pay their share of certain expenses.

The expenses were for U.N. operations against Katanga in the Congo and for the emergency force which the world set up in the Middle East after the Suez crisis of 1956.

The Communists, France, Belgium, Portugal, South Africa and most of the Arab states in one or both cases refused to pay their share.

The United States was sorely troubled when earlier this week the U.N. Security Council—thanks to a Soviet veto and the opposition of Egypt, Ceylon and Liberia—failed to rebuke India for attacking Portuguese Goa.

This country, because of its own view and interests, had a lot

to be satisfied about in actions like these:

The U.N. overcame what looked for a while like a total wrecking operation—when the Soviet Union tried to create three secretaries-general instead of one — by appointing an acting secretary for another year and some months.

The U.N. refused to open the door to membership for Red China. It rebuked the Chinese communists for their treatment of the people of Tibet and the Soviet Union for its conduct in Hungary.

And, despite criticism even within the United States for using force to push secessionist Katanga Province back into the Republic of the Congo, the U.N. seems to have brought peace there, if only temporarily.

In addition: the United States and the Soviet Union were able to agree on laying the ground for negotiations on disarmament and the peaceful exploration of outer space.

PRETTY WINDOW SHOPPER — Judy Moats, daughter of Mr. and Mrs. Harold Moats, 117 Park St., caught the camera's eye as she stopped to gaze at a window display Wednesday after school while doing her Christmas shopping.

First English Lists Services

Holy Communion will be celebrated at First English Lutheran Church, 94 Long Street, Ashville, at the Sunday Morning Worship Service at 9:15 a. m. Pastor Robert D. Gruenberg has selected as the sermon theme, "Merry Christmas". The text will be based upon the Introit for the Fourth Sunday in Advent.

The congregation will sing as the day's hymns: "O Come, O Come, Emmanuel", "From Heaven Above To Earth I Come", "The Happy Christmas Comes Once More" and "What Child Is This".

The Senior Choir under the direction of Mrs. Donald Flierl will sing the anthem, a Spanish carol, "Guests From Heaven" by Overby. During the lighting of the Angels' Candle in the Advent Wreath, the Senior Choir will again sing "The Echo Carol", a German folk song. Mrs. George Lambert, church organist, will accompany the choir.

Serving as the Lector for the day will be Seminarian George Lambert.

The Traditional Christmas Eve Candlelight Service will be held Sunday at 11 p. m. Pastor Gruenberg will present as the sermon theme, "Mary's Christmas," based upon the Introit for Christmas.

The Senior Choir, under the direction of Mrs. Donald Flierl and accompanied by Mrs. George Lambert, will present a selection of anthems and carols for this service. Familiar Christmas hymns will be sung by the congregation, and the final candle, the Christ Candle in the Advent Wreath, will be lighted to commemorate the coming of Christ.

The World Today

WASHINGTON (AP)—The United Nations got a belting this year for what it did or failed to do. But it operated as any representative assembly could be expected to, including the American Congress.

From any adult and realistic view it couldn't be expected to please everybody all the time.

On any given issue the 104 U.N. member nations voted unanimously or broke up into special interest — or selfish — groups to carry a point or try to block it for their own particular reasons.

And, from the viewpoint of its own special interests, this coun-

**ORDINANCE NO. 81-61
AN ORDINANCE FIXING SALARIES IN THE DEPARTMENT OF WATER AND SEWAGE.**
WHEREAS, it has been recommended by the Board of Public Utilities of the City of Circleville, that certain salary adjustments be made in the Department of Water and Sewage.

NOW THEREFORE BE IT ORDAINED BY THE COUNCIL OF THE CITY OF CIRCLEVILLE, STATE OF OHIO:
SECTION 1. That the Manager of Public Utilities shall receive an annual salary of \$8,400, of which \$5,380, shall be paid from funds of the Division of Water, and \$3,020, shall be paid from funds of the Division of Sewage. Said salary shall be paid in equal semi-monthly installments, to wit, on the 1st and 15th days of each month.

SECTION 2. That the salary of the members of the Board of Public Utilities shall be: Chairman, of the Board, \$300, per annum. Each of the other two members of the Board, \$200, per annum. Said salaries to be paid from funds of either, The Division of Water, or The Division of Sewage as provided for in the appropriations ordinance.

SECTION 3. That the Bookkeeper - Cashier of the Department of Water and Sewage shall receive an annual salary of \$4,080, of which \$2,080, shall be paid from funds of the Division of Water, and \$2,000, shall be paid from funds of the Division of Sewage. Said salary shall be paid in equal semi-monthly installments, to wit, on the 1st and 15th days of each month.

SECTION 4. That the Assistant Bookkeeper - Cashier of the Department of Water and Sewage shall receive an annual salary of \$2,320, of which \$1,320, shall be paid from funds of the Division of Water, and \$1,000, shall be paid from funds of the Division of Sewage. Said salary shall be paid in equal semi-monthly installments, to wit, on the 1st and 15th days of each month.

SECTION 5. That the annual salaries of the employees of The Division of Water shall be: Customer Service Meter Reader \$4,080, per annum. Distribution Foreman \$4,080, per annum. Distribution Maintenance men (2) \$3,960, per annum, each. Resident Pumping Station Operator \$3,600, per annum.

SECTION 6. That the annual salaries of the employees of The Division of Sewage shall be: Chief Operator \$4,740, per annum. Operators (3) \$4,020, per annum, each. Said salaries shall be paid from funds of The Division of Water in equal semi-monthly installments, to wit, on the 1st and 15th days of each month.

SECTION 7. That any ordinance or part of any ordinance in conflict herewith is hereby repealed.

SECTION 8. That this ordinance be deemed an emergency in the best interest of the public health, welfare and safety of the citizens of Circleville, and for the further reason that it is the desire of this Council to make the foregoing schedule of salaries effective 1 January 1962.

This Bandit Came At Wrong Time

CINCINNATI (AP)—Police were wondering whether the polite bandit would repeat his call at the Thomas Bookkeeping Service Thursday night.

The bandit, described as a slight, neatly dressed young man, entered the office early Thursday afternoon and asked about a job.

Mrs. Frances Thomas, 50, wife of the owner, said there were no openings.

The young man drew a revolver and handed her a note and a paper bag. "This is a holdup," he declared.

"This isn't a building and loan. I haven't any money," said Mrs. Thomas, pushing the unread note note back to the gunman.

"I'm sorry, lady," said the would-be robber. He picked up the bag and note, and left.

Police said the bandit's mistake was one of timing—the Workingman's Building and Savings Co. operates from the same rooms as the bookkeeping service, but at night.

Trustee Post Filled

COLUMBUS, Ohio (AP) — Gov. Michael V. DiSalle today appointed John W. Bronson of Gibsonburg, former Sandusky County Probate Judge, as a trustee of Bowling Green State University. He replaces E. T. Rodgers, who resigned. Bronson, a graduate of Bowling Green, received his law degree at Duke University.

Reformation Moves Started By American Stock Exchange

NEW YORK (AP)—The American Stock Exchange has begun reformation moves.

An investigating committee of its own members recommended reorganization of the nation's No. 2 securities market to the board of governors Thursday.

"A fundamental revision of the exchange and its administrative machinery is necessary and should be undertaken without delay," it said.

The nine-member committee of broker members was appointed Oct. 12 to review the exchange's rules, policies and procedures.

This came after the Securities and Exchange Commission had launched its own investigation following a price manipulating scandal involving two specialists, the father and son team of Jerry and Gerard Re.

The Res were suspended by the

Dayton Teachers Get Pay Raise as Christmas Gift

DAYTON, Ohio (AP) — Dayton teachers will get a salary increase as a Christmas present.

Effective Christmas Day, wage increases will go into effect totaling \$800,000 a year, or an average of \$308 for each teacher.

The Dayton School Board adopted the new wage schedule Thursday night. It provides that each year with a bachelor's degree will get salaries starting at \$4,700 (now \$4,557) and progress in 15 years to \$7,650 (now \$7,253). Those with master's degrees will start at \$5,000 (now \$4,833) and progress in 15 years to a top of \$8,100 (now \$7,600).

School Supt. Robert B. French told the board, "I was going to insert a provision that in very obvious cases of inefficiency, teachers would not advance on the schedule automatically, but there was violent objection."

An additional school levy passed at the November election will help finance the wage increase.

By James Marlow

to be satisfied about in actions like these:

The U.N. overcame what looked for a while like a total wrecking operation—when the Soviet Union tried to create three secretaries-general instead of one — by appointing an acting secretary for another year and some months.

The U.N. refused to open the door to membership for Red China. It rebuked the Chinese communists for their treatment of the people of Tibet and the Soviet Union for its conduct in Hungary.

And, despite criticism even within the United States for using force to push secessionist Katanga Province back into the Republic of the Congo, the U.N. seems to have brought peace there, if only temporarily.

In addition: the United States and the Soviet Union were able to agree on laying the ground for negotiations on disarmament and the peaceful exploration of outer space.

The U.N. could explode and fall apart for a number of reasons, but always depending on what the special interest alignments happen to be at any one moment. This country exploded in civil war once for that reason.

Nor would it be outside the American experience if one or more U.N. members refused to abide by a majority decision — as has been the case.

The American Senate, for instance, has jealously established and protected the privilege of any member or group of members to try to block the will of the majority by a filibuster.

But at least in Congress once the will of the majority has been established — by a final vote — those who disagree accept the verdict, more or less.

In the U.N., still only 16 years old, there have been rejections of the majority view which show either sheer wilfulness or immaturity, even on the part of old nations which by now should be grown up.

For example: The U.N. banged into a financial crisis in the session which ended this week—it surmounted this by approving a \$200-million bond issue—because some members would not pay their share of certain expenses.

The expenses were for U.N. operations against Katanga in the Congo and for the emergency force which the world set up in the Middle East after the Suez crisis of 1956.

The Communists, France, Belgium, Portugal, South Africa and most of the Arab states in one or both cases refused to pay their share.

The United States was sorely troubled when earlier this week the U.N. Security Council—thanks to a Soviet veto and the opposition of Egypt, Ceylon and Liberia—failed to rebuke India for attacking Portuguese Goa.

This country, because of its own view and interests, had a lot

Mrs. Clay Reichelderfer spent several days with Mr. and Mrs. Everett Hatmaker of Tipp City.

The Laurel Sunday School Class met Friday evening at the home of Mrs. Ray Poling. The home was decorated with Christmas trees and other seasonal garnishments.

For devotions Mr. Frank Cox read from the 2nd Chapter of Luke, from "Upper Room" and gave a prayer. Officers for the coming year are as follows: president, Mrs. Frank Cox; vice president, Mrs. Wilson Ross, secretary, Mrs. George Swepston; flower fund, Mrs. Margie West.

Cards were sent to Mrs. Ethel Sipple, Mrs. George Bowers, Mrs. Emanuel Schaefer and Mrs. Pearl McClelland.

Contests were won by Mrs. Margie West, Mrs. Wilson Ross.

Mrs. Ray Poling gave each member a gift. The door prize was won by Mrs. Wilson Ross.

Others present were: Mrs. Gerald Rose, Miss Anna Bowers, Miss Helen Mettler, and a guest, Miss May Fetherolf.

Mrs. George Bowers returned home Wednesday from Berger Hospital where she was a patient.

Miss Janet Reid from Ohio State University is spending the holidays with her parents, Mr. and Mrs. George Reid.

Mr. and Mrs. Duke Hopper of Portsmouth were Sunday guests of Mr. and Mrs. C. F. Bradney.

Mr. and Mrs. Wayne Bowers, Mrs. Clara Bowers of Amanda, Mr. and Mrs. C. B. Chilcote and Mrs. Dartha Harmon were Sunday dinner guests of Mr. and Mrs. Don Chilcote of Columbus for their son Nickey's third birthday.

Mrs. Alice Morris left Saturday

to spend the winter in Florida.

Miss Linda Kay Poling was Friday and Saturday night guest of Mr. and Mrs. Jim Arnold of near Circleville.

Mrs. C. F. Bradney returned home Wednesday from Lancaster Hospital where she had been for treatment.

The WSW of the EUB Church held its Christmas meeting at the church Thursday evening. The meeting was opened with a prayer by Mrs. Dartha Harmon.

Mrs. C. B. Chilcote was in charge of the topic, "Angel Message" and "Jesus Christ the Light of the World".

The scripture was taken from Matthew and Luke Gospels and read by different members.

Prayer partners were revealed and a gift exchange was held. Refreshments were served.

Others present were: Mrs. Robert Butts, Mrs. John Fortner and daughter, Rachel; Mrs. Paul Philip and son, Curtis; Mrs. George Reid, Mrs. Norman Thompson, Mrs. Norwood Jinks, Miss Sharon Fortner, Mrs. Wayne Fowler and daughter, Tammy; Mrs. Robert Strouse, Mrs. Burnell Karshner, Mrs. Clifford Strouse, Mrs. Dick Karr, Mrs. O. V. McFadden, Mrs. Jack Nostone, Mrs. Harry Martin, and two guests, Mrs. Raymond Bigham and Mrs. Martha McFadden.

Grand Jury Finding Racks Numbers Game

COVINGTON, Ky. (AP)—A federal grand jury has rocked the numbers racket operations in greater Cincinnati with the indictments of nine men, but its work isn't over.

The panel returned a sealed indictment Thursday, then went back to closed sessions centering apparently on operations of the Frolics Club in Newport, Ky.

The panel elected to recess, however, until Jan. 1 after hearing six witnesses.

The indictment—sealed so that marshals and federal agents could get a head start on arresting the men named—accused the nine of conspiring to evade \$387,555 in wagering taxes.

Four of the nine were arrested shortly after return of the indictment. They were:

Frank (Bud) Andriola, 39, of Cincinnati, nephew of Frank J. (Screw) Andrews; Daniel (Spider) Andrews, 59, Cold Spring, Ky.; Screw Andrews' brothers and bus-

iness associate; Walter Owens, 50, Cincinnati, identified as manager of the old Sportsman's Club in Newport, and Louis Tye, 38, Cincinnati, a clerk at the club.

The four were released for a hearing March 12 under bond of \$10,000 for Andriola, 15,000 for Andrews and Owens, and \$5,000 for Tye.

The charges carrying penalties up to five years in prison and \$10,000 in fines.

The others indicted were: Screw Andrews, 51, of Cold Spring; Peter A. (Junior) Andrews, 33, Monfort Heights, Ohio, his nephew and associate; Russell A. Malone, 43, WGS (Whiskey Gus) Postel, 43, and

Willard Whitley, 55, all of Cincinnati.

The joint indictments covered 32 counts involving operations from 1955 to last August.

The indictment said the nine reported gross business from numbers operations of \$1,196,379 and paid the 10 per cent federal gambling excise tax on it.

The indictment charged they should have reported business grossing \$5,071,930 and paid a tax of \$507,193.

One separate count charged the defendants caused Cincinnati and Suburban Telephone Co. and Citizens Bell Telephone Co. to furnish facilities at Newport's Corner Liquor Store for illegal gambling use.

Western Samoa Will Become South Seas Democracy Soon

By ARTHUR SCHOLLES
CPA Correspondent

APIA, Western Samoa — This seaport capital will become the headquarters of the independent nation of Samoa on January 1, 1962.

A new jet service from Sydney, via New Zealand, to Tafuna airport in American Samoa, has brought the new nation, within easy access of the tourist.

Gov. H. Lee of American Samoa welcomed the first planeload of tourists with a native band conducted by an American woman missionary.

A group of Samoan dancers under another missionary welcomed the visitors in a beautiful ceremony. Blue waters, green hills, the balmy air and the grass skirts of the girls filled a romantic picture.

Dominating the scene was Mount Rainmaker, which is so tall the Samoans say it snarls rainclouds on its peaks.

Apia is only 85 miles from American Samoa and the flight can be made any day of the week. The town has several fascinating sites, including Vaialima, the home of the famous American writer, Robert Louis Stevenson.

Directly above is Mount Vaea, at the top of which is Stevenson's tomb, inscribed with the words of his immortal "Requiem."

Western Samoa has been administered as a United Nations trustee territory ever since World War I when New Zealand troops seized it from Germany. For a time it was under League of Nations mandate, but politically it is

the farthest advanced of all Polynesian territories.

In a plebiscite earlier this year the Samoan people voted for complete independence, and this will be granted Jan. 1.

Samoa has a legislative assembly, judiciary and an expanding educational system. Its powers have been widened annually under New Zealand's enlightened supervision.

Western Samoa's high rate of population increase—the population is expected to double in the next 20 years—will necessitate heavy expense on education health and welfare service.

Western Samoa is expected to seek membership in the United Nations. This small group of islands has a population of 110,000, a well-established social system and a strong sense of national unity.

Tourism will be one of the industries which will be encouraged by the grass skirt democracy. All over the islands there are small, picture-book villages, clean and sanitary compared to many in the other Pacific land.

The homes of Samoans are grass-roofed and open to the breezes, except when it rains. Then Samoans roll down mats to form walls to keep out the showers.

For some years after New Zealand took over Western Samoa from Germany, there was a strong German underground. The last real trouble occurred in 1929 when a native revolt threatened to throw all New Zealanders into the sea.

The movement became so dangerous that New Zealand had to send a warship to the islands to maintain order. Four hundred leading natives were jailed. However, that seems long ago now. A high chief, who was among those jailed, may become Samoa's new head of state.

The copra-cocoa-banana economy of Western Samoa is tied with New Zealand and Britain, with whom it is expected to maintain special relations.

Independence Day on Jan. 1 will not be marked by violence or revolts as has been the case with some other newly-independent territories.

It is expected to be a normal business day in the orderly progress of a territory which is a generation ahead of other Pacific territories, such as Australian-administered Papua-New Guinea.

Judy Receives Her Black Pony

CRANFORD, N.J. (AP) — Re-

member Judy Lindsay? She's the bright-eyed sixth-grader who wanted a pony so badly that she wrote to the New Jersey Department of Employment Security seeking a job to earn money to buy it.

She was told that the state child labor law prohibits virtually all employment of 11-year-old children.

Judy was discouraged, but she didn't give up hope.

Now she has found out that during the Christmas season, all kinds of wishes come true.

She'll get her wish—probably a 3-year-old coalblack pony with a white crescent on his face—plus reduced stable space charges, a year's supply of feed free and assistance from the local 4-H club.

Judy, however, had not pinned her hopes on generosity. After being turned down by the state, last month, she started job hunting on her own.

She was hired by the neighbors as a puppy-sitter for a basset hound named Mandy. But the pay was 25 cents a day. She worked only when the owners were away, and the stack of quarters grew slowly.

Judy didn't know then that Ronald C. Weyer of the State Department of Agriculture had read of her problem. Weyer started making telephone calls.

First, Ernest C. Bell, president of the New Jersey Pony Breeders Association, offered Judy the black pony.

Then Sky Top Farm in Mountaintop agreed to stable the pony for half the usual \$70-a-month fee. And the Plainfield distributor of a feed supply company said the firm would see that the horse was well fed for the first year.

"Isn't it all wonderful," she said.

The copra-cocoa-banana economy of Western Samoa is tied with New Zealand and Britain, with whom it is expected to maintain special relations.

Independence Day on Jan. 1 will not be marked by violence or revolts as has been the case with some other newly-independent territories.

It is expected to be a normal business day in the orderly progress of a territory which is a generation ahead of other Pacific territories, such as Australian-administered Papua New Guinea.

Judy Receives Her Black Pony

CRANFORD, N.J. (AP) — Re-

member Judy Lindsay?

She's the bright-eyed sixth-grader who wanted a pony so badly that she wrote to the New Jersey Department of Employment Security seeking a job to earn money to buy it.

She was told that the state child labor law prohibits virtually all employment of 11-year-old children.

Judy was discouraged, but she didn't give up hope.

Now she has found out that during the Christmas season, all kinds of wishes come true.

She'll get her wish—probably a 3-year-old coalblack pony with a white crescent on his face—plus reduced stable space charges, a year's supply of feed free and assistance from the local 4-H club.

Judy, however, had not pinned her hopes on generosity. After being turned down by the state, last month, she started job hunting on her own.

She was hired by the neighbors as a puppy-sitter for a basket hound named Mandy. But the pay was 25 cents a day. She worked only when the owners were away, and the stack of quarters grew slowly.

Judy didn't know then that Ronald C. Weyer of the State Department of Agriculture had read of her problem. Weyer started making telephone calls.

First, Ernest C. Bell, president of the New Jersey Pony Breeders Association, offered Judy the black pony.

Then Sky Top Farm in Mountaintop agreed to stable the pony for half the usual \$70-a-month fee. And the Plainfield distributor of a feed supply company said the firm would see that the horse was well fed for the first year.

"Isn't it all wonderful," she said.

Miner, Knapp Named

REACHING FOR STARDOM — Rany Circleville junior forward Bob Waple (25), considered one of the brightest Tiger prospects since the cage season opened, registered some solid reasons why his followers tout him so highly by scoring 11 points and helping to lead an aggressive CHS offense on the road to a 78-52 win last night at Greenfield. Waple tipped in the ball for two counters on this attempt after out-reaching teammate Dave Hannahs (11) and two McClain defenders.

Tigers Flex Cage Biceps, Keelhaul Greenfield 78-52

By RON COFFMAN
Circleville's varsity cage five, turning its most explosive scoring force of a 50-50 season, drubbed hapless Greenfield McClain 78-52 last night in a freewheeling pre-holiday tilt dotted with pleasant surprise packages of playing brilliance for CHS mentor Jack Weikert.

Leading the Tigers into the winners' circle for the second time in six outings this year was center Sam Weller, who chalked up a robust 21 points including a sensational 11 of 12 foul attempts.

But Weller was only part of an unfolding story of the Bengals at their playing peak, clicking like clockwork with a double-time attack sustained almost a full game to give Circleville its most impressive point production of the campaign.

Greenfield made only one serious bid to threaten a mounting CHS lead which started 10 seconds after the game opened with a two-point short jump shot by 6'2" Dick Kline. McClain's Tigers came back to trail 8-7 as Marty Pollard connected on a long jumper midway through the period but drought set in suddenly for the hosts as Circleville climbed to a 12-point advantage before another McClain marksman could find the field goal range.

AFTER HOLDING a 20-11 margin at the end of the opening period, the Red and Black slipped almost out of the lead as three Greenfield baskets coupled with a pair of charity tosses raised the Highland Countians to a position only two points behind their super-charged guests. Weller broke CHS away from the 21-19 danger point with one of his five field goals, though, and the Tigers moved back to a 10-point, 31-21, vantage post midway through the period.

McClain attempted to push the game its way with a go-out-and-meet-them defense, but Circleville was simply in no mood to be taken back. Guards Freddie Moore and Garold Dade set the pace for a rapid fire offense with rapier-like thrusts down the court and Greenfield's slower and less precise defense simply was no match for the win-hungry Bengals.

Every man on the Circleville varsity squad hit at least two points in the local's second South Central Ohio League triumph against a pair of league losses.

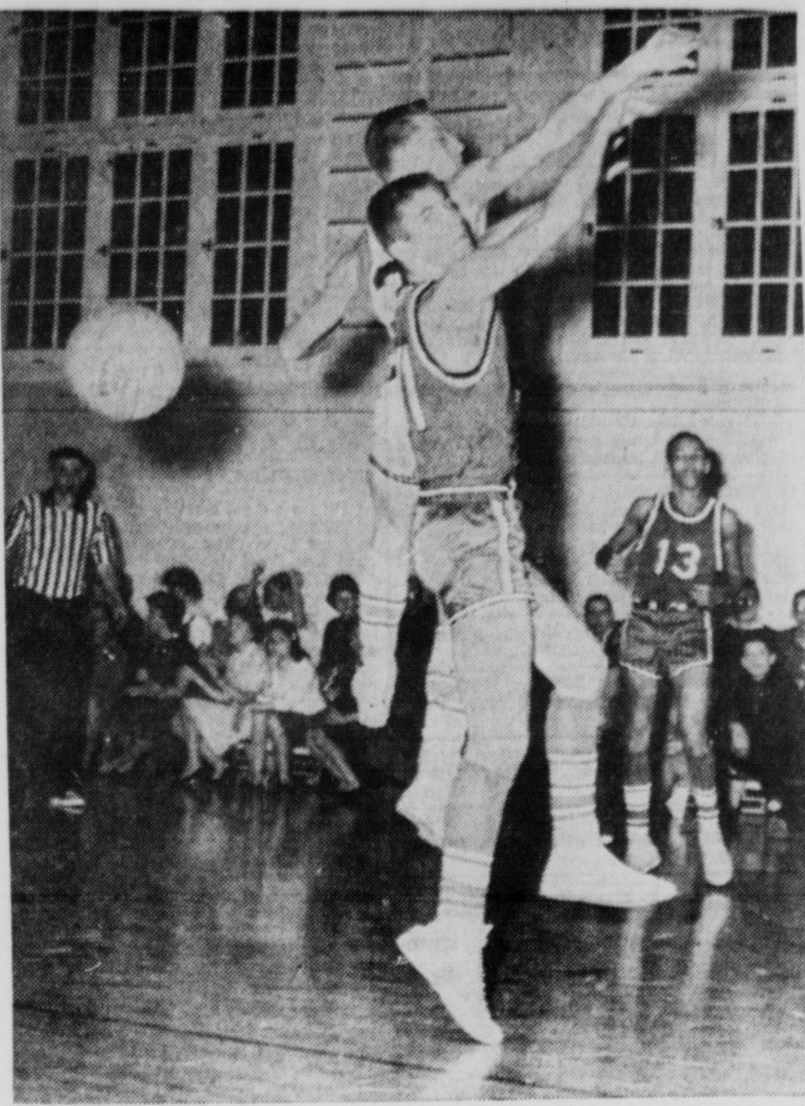

Weller, turning in by all opinions his best game of the season, used his 6'4" of height to maximum benefit in intense play during the second stanza, helping to control rebounds while masterminding most of the Tigers quick punches goalward.

Moore, driving with the same never-surrender-anything brand of play he used so well on the football gridiron this fall, outwitted the Greenfield defenders constantly while collecting points himself or setting up other scores.

With two seconds remaining of a half which saw both teams wildly ineffective at times with high turnover totals, Circleville's Dave Hannahs added insult to the developing rout by pulling in a pass from out-of-bounds and blasting the length of the court for a two-point layup without a Greenfield man near him.

WHAT irked McClain most was the Pickaway Countians' quick shifts in playing style. Throughout the game, except for the moments when the ball was anybody's who cared to try diving for it in the narrow confines of Greenfield's concrete crackerbox, Circleville outdefended its hosts with a press

Oil portraits of the 16 members of the National Jockeys' Hall of Fame are on display in the members' clubhouse at Pimlico in Baltimore.

POSE A QUESTION — It's excellent form, displayed by Circleville's Dave Hannahs (11) and Greenfield's Dick Warfield (32). But the ball has just eluded these two, who wound up on a collision course that sent them tumbling to the floor and the ball out of bounds as Luther Johnson (13) of CHS watches play at right. (Photos by Ron Warren)

Weikert was the sudden emergence of Bob Waple into the sort of spectacular player his mentor had kept predicting he could be. Waple, 6'3" and structured for superior scoring, plopped in eight counters on four good shots in the third period. He went on to total 11 tallies.

Circleville stayed with its formula of no-hurry-than-lightning offense to dismiss a Greenfield through the final quarter, even though the hosts did manage to outscore CHS 13-11.

KLINE DROPPED in a layup after Clesson Thomas executed a steal to account for the Tigers final points. Pollard dived for the ball in a final Greenfield bid for points, but succeeded only in booting the

spheroid against the wall as the buzzer sounded.

Three Greenfield men — Dick Warfield, Jim Coleman and Ford — worked most of the last half with four fouls on them as a result of McClain's over-aggressive defense. Ford fouled out at the end of the tilt and Circleville benefited from 26 successes at the foul line. Greenfield had only 12 of 27.

In the preliminary, all five Circleville reserve starters hit double figures as they wrapped up their fifth win, 60-50. Dave Bass connected for 15, John Pharr, 14, Doug Dunkle 11, and Smith and Bob Purcell, 10 each.

GO DAVE, GO — Tiger reserve ace Dave Bass sweeps deftly around a Purple and Gold defender, blocked from the play momentarily. Bass topped the victorious Tigers with 15 markers. Final was 60-50 with Circleville commanding a game-long lead.

PASADENA, Calif. (AP)—Minnesota coach Murray Warmath had a lot of laughs with his Gophers at Disneyland Thursday. The day's biggest laugh he tossed at a rumor he might be in line for the Army head coaching job.

Warmath, whose Gophers face UCLA New Years Day in their second successive Rose Bowl appearance, had this to say of a report listing him high among possible successors to Dale Hall at West Point:

"This is surprising news to me. If there is negotiating being done, nobody has contacted me. I think this is just press guessing."

Plainsmen Clip West Jefferson In DVL Game

Keith Junk's 10-point performance in the last quarter, combined with Haenszel's 20-tally night, boosted The Plains of Mt. Sterling to a hard-fought 54-50 victory over visiting Darby Valley League foe West Jefferson last night in the hosts final game of 1961.

The Plains' two big men did most of their damage on close-range shots and rebound tips as the Mt. Sterling crew climbed above .500 in the won-lost ledger on four wins and three defeats.

West Jefferson's only man in double figures was Johnson, who shot from around the key to register 16 counters on five field goals and a half dozen free throws. The visitors had led through the opening three periods, 14-13, 29-25 and 39-37, but faltered before The Plains' powerful onsurge in the wrapp eight minutes.

It was a night for last second thrillers. The West Jefferson reserves, making the most of a three minute overtime extension, gained a 36-30 triumph after Mt. Sterling had come back to deadlock the contest at the end of regulation time.

The Plains next outing is scheduled for Jan. 5 and it looks like a grudge match. The host will be West Jeff.

Waple tipped in the ball for two counters on this attempt after out-reaching teammate Dave Hannahs (11) and two McClain defenders.

Tigers Flex Cage Biceps, Keelhaul Greenfield 78-52

By RON COFFMAN

Circleville's varsity cage five, turning its most explosive scoring force of a so-so season, drubbed hapless Greenfield McClain 78-52 last night in a freewheeling pre-holiday tilt dotted with pleasant surprise packages of playing brilliance for CHS mentor Jack Weikert.

Leading the Tigers into the winners' circle for the second time in six outings this year was center Sam Weller, who chalked up a robust 21 points including a sensational 11 of 12 foul attempts.

But Weller was only part of an unfolding story of the Bengals at their playing peak, clicking like clockwork with a double-time attack sustained almost a full game to give Circleville its most impressive point production of the campaign.

Greenfield made only one serious bid to threaten a mounting CHS lead which started 10 seconds after the game opened with a two-point short jump shot by 6'2" Dick Kline. McClain's Tigers came back to trail 8-7 as Marty Pollard connected on a long jumper midway through the period but drought set in suddenly for the hosts as Circleville climbed to a 12-point advantage before another McClain marksman could find the field goal range.

AFTER HOLDING a 20-11 margin at the end of the opening period, the Red and Black slipped almost out of the lead as three Greenfield baskets coupled with a pair of charity tosses raised the Highland Countians to a position only two points behind their super-charged guests. Weller broke CHS away from the 21-19 danger point with one of his five field goals, though, and the Tigers moved back to a 10-point, 31-21, vantage post midway through the period.

McClain attempted to push the game its way with a go-out-and-meet-them defense, but Circleville was simply in no mood to be taken back. Guards Freddie Moore and Garold Dade set the pace for a rapid fire offense with rapier-like thrusts down the court and Greenfield's slower and less precise defense simply was no match for the win-hungry Bengals.

Every man on the Circleville varsity squad hit at least two points in the local's second South Central Ohio League triumph against a pair of league losses.

Weller, turning in by all opinions his best game of the season, used his 6'4" of height to maximum benefit in intense play during the second stanza, helping to control rebounds while masterminding most of the Tigers quick punches goalward.

Moore, driving with the same never-surrendering brand of play he used so well on the football gridiron this fall, outwitted the Greenfield defenders constantly while collecting points himself or setting up other scores.

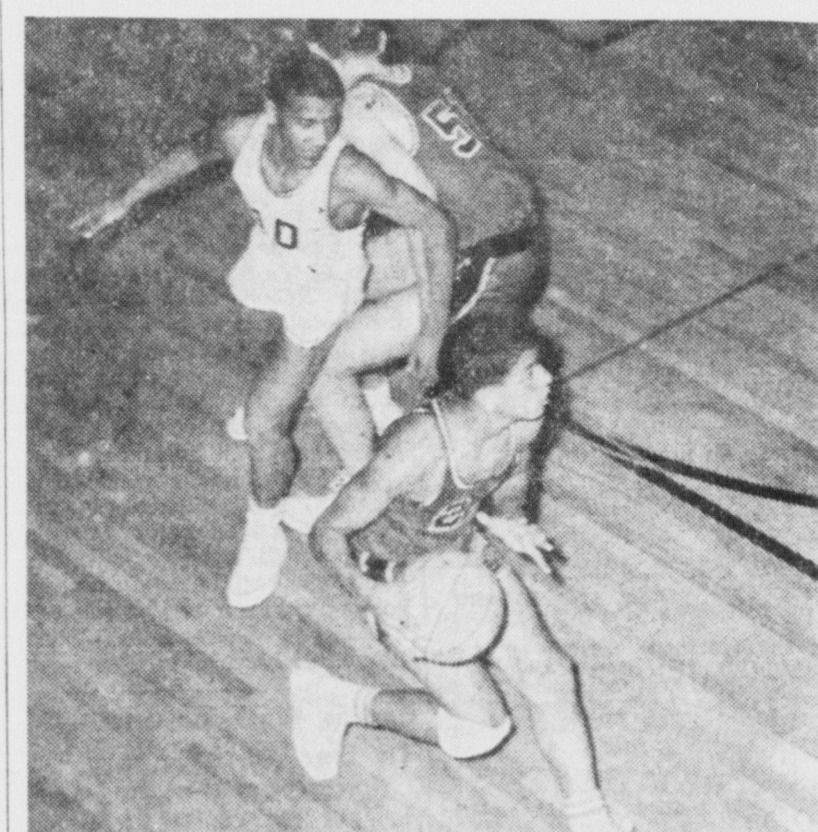

With two seconds remaining of a half which saw both teams wildly ineffective at times with high turnover totals, Circleville's Dave Hannahs added insult to the developing rout by pulling in a pass from out-of-bounds and blasting the length of the court for a two-point layup without a Greenfield man near him.

WHAT irked McClain most was the Pickaway Countians' quick shifts in playing style. Throughout the game, except for the moments when the ball was anybody's who cared to try diving for it in the narrow confines of Greenfield's concrete crackerbox, Circleville outdefended its hosts with a press

shifting to a man-to-man when needed. On offense the losers 6'4" equalizer against Circleville's tight — Terry Shrock — was left out of the play most of the time as Tiger speedsters rocketed past him. He was not match for Weller and Co. under the boards, either.

Both outfits went into presses in the second half, with Circleville shredding beyond salvage any Greenfield victory hopes by roaring through a 27-point third quarter, tops by the locals this season.

A Christmas bonus for coach

GO DAVE, GO — Tiger reserve ace Dave Bass sweeps deftly around a Purple and Gold defender, blocked from the play momentarily. Bass topped the victorious Tigers with 15 markers. Final was 60-50 with Circleville commanding a game-long lead.

Army Job Offer
News to Warmath

PASADENA, Calif. (AP)—Minnesota coach Murray Warmath had a lot of laughs with his Gophers at Disneyland Thursday. The day's biggest laugh he tossed at a rumor he might be in line for the Army head coaching job.

Warmath, whose Gophers face UCLA New Years Day in their second successive Rose Bowl appearance, had this to say of a report listing him high among possible successors to Dale Hall at West Point:

"This is surprising news to me. If there is negotiating being done, nobody has contacted me. I think this is just press guessing."

POSE A QUESTION — It's excellent form, displayed by Circleville's Dave Hannahs (11) and Greenfield's Dick Warfield (32). But the ball has just eluded these two, who wound up on a collision course that sent them tumbling to the floor and the ball out of bounds as Luther Johnson (13) of CHS watches play at right. (Photos by Ron Warren)

Weikert was the sudden emergence of Bob Waple into the sort of semi-spectacular player his mentor had kept predicting he could be. Waple, 6'3" and structured for superior scoring, plopped in eight counters on four good shots in the third period. He went on to total 11 tallies.

Circleville stayed with its formula of no-hurry-than-lightning offense to dismiss a nifty Greenfield through the final quarter, even though the hosts did manage to outscore CHS 13-11.

KLINE DROPPED in a layup after Clesson Thomas executed a steal to account for the Tigers final points. Pollard dived for the ball in a final Greenfield bid for points, but succeeded only in booting the

spheroid against the wall as the buzzer sounded.

Three Greenfield men — Dick Warfield, Jim Coleman and Ford — worked most of the last half with four fouls on them as a result of McClain's over-aggressive defense. Ford fouled out at the end of the tilt and Circleville benefited from 26 successes at the foul line. Greenfield had only 12 of 27.

In the preliminary, all five Circleville reserve starters hit double figures as they wrapped up their fifth win. 60-50. Dave Bass connected for 15, John Pharr, 14, Doug Dunkle 11, and Smith and Bob Purcell, 10 each.

Davis Praised For Accepting Less Money

CLEVELAND (AP)—Ernie Davis “sacrificed a very substantial sum of money” in accepting an offer to play with the Cleveland Browns, according to attorney Anthony W. DeFilippo, adviser to the All-America halfback from Syracuse.

Arthur B. Modell, front-office boss for the Browns, announced Thursday night that Davis had agreed to sign a three-year contract with the Browns for \$80,000—\$65,000 salary plus a \$15,000 bonus. This is the most the Browns ever have invested in a rookie, but Jim Brown, who reportedly received \$31,000 this year still is the highest paid player on the club.

The Buffalo Bills of the American Football League also were bidding for Davis, and Dick Gallagher, general manager of the Bills, said Davis had been offered a three-year deal worth “well over \$100,000.” Reports were the Buffalo offer was worth \$135,000. Modell was delighted.

“There just aren’t words to express my happiness now that Ernie has decided to play with us,” the board chairman of the National Football League club declared. “It’s certainly gratifying to know that young athletes like Davis consider their long-range future rather than immediate financial gain.”

Brown preceded Davis at Syracuse, and many of the records the big fullback set there were broken by the 6-foot-2, 215-pound Davis.

Blanda, Faison Rated Top Players

NEW YORK (AP)—Houston Oilers’ quarterback George Blanda and defensive end Earl Faison of the San Diego Chargers, two players who may see a lot of each other in Sunday’s American Football League title game, were accorded the two top player designations in their league today.

In an Associated Press poll, a special board picked Blanda, 33, as player of the year and Faison, a 256-pounder from Newport News, Va., as the loop’s rookie. Blanda, who spent 10 years as a pro with the Chicago Bears, got only slight competition from halfback Billy Cannon and end Charley Hennigan of his Eastern Division champion Oilers. Faison won in a breeze over Charley Long of Boston and tackle Ken Rice of the Buffalo Bills.

Blanda, of LaGrange Park, Ill., completed 187 passes for 3,330 yards and 36 touchdowns; kicked 16 field goals and 64 extra points for 112 points.

Faison, 22, was the Chargers’ No. 1 draft choice a year ago, and was particularly outstanding in the 1960 East-West Shrine Game.

The day before Christmas, a woman in Salt Lake City bought a box of 100 identical greeting cards and quickly dispatched about 90 of them without stopping to read their message. A few days later she picked up one of the few she hadn’t mailed and found the inscription was: “This little card is just to say, ‘A gift you’ll love is on its way!’”

Baylor Leads Star Selection

NEW YORK (AP)—Elgin Baylor, Los Angeles’ versatile performer, was the only unanimous selection on the all-star teams named today for the National Basketball Association’s annual East-West game at St. Louis Jan. 16.

Baylor was picked as one of the forwards on the Western Division team which will face a squad headed by Wilt Chamberlain of Philadelphia, the league’s leading scorer.

Here are the rival lineups chosen by a vote of sports writers in the nine league cities:

East — Dolph Schayes, Syracuse; Tom Heinsohn, Boston; Chamberlain; Bob Cousy, Boston; Richie Guerin, New York;
West — Baylor; Bob Pettit, St. Louis; Walt Bellamy, Chicago; Oscar Robertson, Cincinnati; Jerry West, Los Angeles.
Red Auerbach of the division-leading Celtics will coach the East squad. The West team will be handled by Fred Schaus of the Los Angeles Lakers, western pace-setters. Each coach will select five other players.

Bob Haney, South Carolina basketball junior from Lucasville, Ohio, plays a clarinet.

Basketball, football and baseball were Russ Littleton’s sports at Mt. Sterling, Ky. He’s now a sophomore basketball player at South Carolina.

Red Tape, Tax Problems Add To Airman's Marriage Woes

NEW HOLSTEIN, Wis. (AP)—Red tape and Wisconsin's tax problems now are delaying the marriage of schoolteacher Barbara Hipke and her airman fiancé Kenneth Driskill.

The couple became engaged in Tripoli. Barbara, 28, was teaching school in Libya and Kenneth, 24, was assigned to the Wheelus Air Force Base. They planned to meet in New York last Monday and to be married there. But they missed connections.

They were united at a Milwaukee bus station Wednesday night and came to Barbara's home here only to run into other difficulties.

The red tape involved their marriage license and Wisconsin's law that blood tests are needed before anyone can be married.

The couple's blood tests had to be sent to Madison. They cannot be expected back until Saturday.

The tax problem involves Barbara's father, Gilbert Hipke, who is a Republican assemblyman and is tied down at the legislative session at Madison because of a hassle there over the state's tax program.

"If my father is back from Madison by Saturday, we can get a judge Saturday to waive the waiting period," Barbara said. "But with our luck, we will probably have to wait the whole five days."

Wisconsin has a five-day waiting period before a marriage, but it can be waived.

Airman Driskill is slated to leave for Japan early in the year. Barbara would like to go with him—as his wife.

Gets Invitation Long Way Around

RALEIGH, N.C. (AP)—Jim Barnes, 13, of Nashville, Tenn., received his invitation to a friend's party by way of a phone call from employees of the North Carolina Department of Administration.

The invitation to the party being given Saturday night by George Shotwell, 13, of Nashville, got lost in the Christmas mail.

Noah Sites, an employee of the Department of Administration, received it along with a Christmas card from Nashville.

Sites first thought he'd send the invitation by mail, but he feared it wouldn't reach Nashville in time. So he and fellow workers chipped in Thursday for a long distance phone call to invite Jim to George's party.

Cincy Taxi Drivers Due for Union Vote

CINCINNATI (AP)—Drivers for taxicabs of Cincinnati, Inc. will vote in the near future whether they want to be represented by local 954 of the Teamsters, local 954 of the Greater Cincinnati Independent Taxicab Drivers Union, or no union, the National Labor Relations Board announced today.

The independent union was set up last August after the cab drivers joined the revolt against Teamsters President James R. Hoffa led by Jack Luken. About 4,000 Cincinnati Teamsters in four unions voted to quit the international.

Three rival Laotian princes meet to discuss their differences. Can't beat this summit meeting for "highness"!

School Boards May Require Fingerprinting

COLUMBUS, Ohio (AP)—Atty. Gen. Mark McElroy ruled today a school board may require the fingerprinting of prospective employees.

He added that statute provides for removing any school employee who advocates or retains membership in an organization advocating overthrow of the government by force, violence or other unlawful means.

"The above noted restrictions," McElroy said, "have been inserted in the law for the protection of the students and the public in general, as the moral caliber of the school teachers of the state is of the utmost importance to the public welfare."

"In ascertaining the fitness of job applicants, the use of fingerprints would appear to be of considerable value to the school board."

The opinion to State Auditor James A. Rhodes said that if a city did the fingerprinting, it could charge the board for the service.

Another opinion to Montgomery County Prosecutor Paul R. Young said library trustees may buy kitchen units to prepare meals for employees in library branches available.

The ruling added that it would not be unreasonable for trustees to adopt a rule reducing the time allowed staff members for meals to increase efficiency of library service to the public.

McElroy told Tuscarawas County Prosecutor Harlan R. Spies that township trustees lacked authority to condemn abandoned church property. But the attorney general pointed out that private individuals could petition a court for sale of dilapidated and abandoned church property.

ALL AGES VISIT SANTA — Santa Claus, sponsored by the Circleville Junior Chamber of Commerce and local merchants, has been visited by hundreds of children of all ages since his arrival here November 23. Although the lad pictured above with Old Saint Nick couldn't make any requests for Christmas, Santa chuckled and whispered something in his ear. The babe is the three-week-old son of Mr. and Mrs. Donald Wright, Lockbourne.

Pickaway Grange

SALTREEK VALLEY
Russell Miller, worthy master, presided during the business session of the annual Saltcreek Valley Grange Christmas Meeting.

Grange members approved a contribution towards the purchase of scientific equipment for the Saltcreek Twp. School. Mrs. Robert Collins was appointed to assist in purchasing the equipment.

Mrs. Russell Miller, lecturer, was in charge of the following program:

A skit, "What Christmas Means" was presented by the youth; a song, "Gentle Jesus", group singing; Mrs. Miller then gave the "thought for the day"; and the program was closed with group singing of "Jingle Bells" during which Santa Claus appeared.

Everyone was presented with a gift by Santa Claus and refreshments were served.

Lions Club Meet Held at Wardell's

The regular bi-monthly meeting of the Circleville Lions Club was held Tuesday evening in the Wardell Party Home.

Special guest speaker was John R. Holscher, public relations director of The Ohio Fuel Gas Company. Mr. Holscher presented a talk on the history of corporate stock trading.

Paul Polls was welcomed as a new member.

A report was given on the need of eye glasses for Pickaway County children. A discussion followed on means of financing glasses for local children.

Plant Waste Problem Aired

BOWLING GREEN, Ohio (AP)—The city of Bowling Green and the H. J. Heinz Co. have worked out an agreement on discharge of waste material into the city's sewer system, the Ohio Water Pollution Control Board reported today.

State Test Results Listed

Top-ranking Pickaway County students taking the General State Scholarship Test for high school seniors, given annually by Ohio Scholarship Tests, were announced today by city and county school superintendents, George Hartman and George McDowell, respectively.

James S. Spalding, son of Mr. and Mrs. David S. Spalding, Route 3, ranked first in Pickaway County with a score of 177, of a possible 200. He is a senior at Circleville High School.

Spalding and two other local students, Kathryn A. Stout, of Ashville, and Norma L. Noecker, of Walnut Twp., received honorable mention in the state. Miss Stout placed second and Miss Noecker placed third in the county.

Other top-ranking students in the county are: Martha Samuel, Circleville, fourth; Leonard L. Eblin, and Valerie Hamilton, both of Circleville, fifth; Kathryn C. Zimmer, Scioto Twp., also tied for fifth place;

JOHN R. Adkins Jr., Circleville, and Larry E. Dudley, Jackson Twp., tied for eighth place; Kathryn M. Schmidt, Circleville, and Joe E. Tipton, Walnut Twp., tied for tenth place.

The following students received honorable mention in the county: David Lee Beavers, Logan Elm; Ethel M. Fullen, Brian R. Smyth, Brian R. Bell, and Stephanie A. Marion, all of Circleville;

Weston D. Flierl, Ashville; Janet L. Schneider, Walnut Twp.; Richard J. MacKenzie, Circleville;

Bradford Huffines, Logan Elm; Susan P. Adkins, Logan Elm; Jeff H. Bigam, Monroe Twp.; Cheryl Martin, Williamsport-Atlanta; Beverly A. Johnson, Ashville; Virginia S. Beavers, Scioto; and Dora Mae Greene, Circleville.

ALL AGES VISIT SANTA — Santa Claus, sponsored by the Circleville Junior Chamber of Commerce and local merchants, has been visited by hundreds of children of all ages since his arrival here November 23. Although the lad pictured above with Old Saint Nick couldn't make any requests for Christmas, Santa chuckled and whispered something in his ear. The babe is the three-week-old son of Mr. and Mrs. Donald Wright, Lockbourne.

Pickaway Grange

SALT CREEK VALLEY

Russell Miller, worthy master, presided during the business session of the annual Saltcreek Valley Grange Christmas Meeting.

Grange members approved a contribution towards the purchase of scientific equipment for the Saltcreek Twp. School. Mrs. Robert Collins was appointed to assist in purchasing the equipment.

Mrs. Russell Miller, lecturer, was in charge of the following program: A skit, "What Christmas Means" was presented by the youth; a song, "Gentle Jesus", group singing; Mrs. Miller then gave the "thought for the day"; and the program was closed with group singing of "Jingle Bells" during which Santa Claus appeared.

Everyone was presented with a gift by Santa Claus and refreshments were served.

Lions Club Meet Held at Wardell's

The regular bi-monthly meeting of the Circleville Lions Club was held Tuesday evening in the Wardell Party Home.

Special guest speaker was John R. Holscher, public relations director of The Ohio Fuel Gas Company. Mr. Holscher presented a talk on the history of corporate stock trading.

Paul Polls was welcomed as a new member.

A report was given on the need of eye glasses for Pickaway County children. A discussion followed on means of financing glasses for local children.

USE THE CLASSIFIEDS

Plant Waste Problem Aired

BOWLING GREEN, Ohio (AP) — The city of Bowling Green and the H. J. Heinz Co. have worked out an agreement on discharge of waste material into the city's sewer system, the Ohio Water Pollution Control Board reported today.

State Test Results Listed

Top-ranking Pickaway County students taking the General State Scholarship Test for high school seniors, given annually by Ohio State University, were announced today by city and county school superintendents, George Hartman and George McDowell, respectively.

James S. Spalding, son of Mr. and Mrs. David S. Spalding, Route 3, ranked first in Pickaway County with a score of 177, of a possible 300. He is a senior at Circleville High School.

Spalding and two other local students, Kathryn A. Stout, of Ashville, and Norma L. Noecker, of Walnut Twp., received honorable mention in the state. Miss Stout placed second and Miss Noecker placed third in the county.

Other top-ranking students in the county are: Martha Samuel, Circleville, fourth; Leonard L. Ebbin, and Valerie Hamilton, both of Circleville, fifth; Kathryn C. Zimmer, Scioto Twp., also tied for fifth place; . . .

JOHN R. Adkins Jr., Circleville, and Larry E. Dudleson, Jackson Twp., tied for eighth place; Kathryn M. Schmidt, Circleville, and Joe E. Tipton, Walnut Twp., tied for tenth place.

The following students received honorable mention in the county: David Lee Beavers, Logan Elm; Ethel M. Fullen, Brian R. Smyth, Brian R. Bell and Stephanie A. Marion, all of Circleville;

er system, the Ohio Water Pollution Control Board reported today.

City, company and state engineers sat in a conference Wednesday when the agreement was reached. The tomato canning company agreed to limit its waste discharge to a point that will meet state standards. To come within that limit, the Heinz plant probably will have to limit its production.

Two alternatives offered by state engineers were turned down. The company rejected a proposal by state engineers to separate part of its waste materials and get rid of it by a method of land spray disposal. The city rejected a proposal to add a third degree of treatment at its sewage disposal plant. Both company and city engineers said these two methods would be too costly.

The city's disposal plant has been unable to handle all of the canning company's waste. Consequently pollution of Poe ditch, which empties into the headwaters of the Portage River, climbed above the limits set by pollution control board regulations.

The board had threatened to cancel the city's waste discharge permit unless steps were taken to control the pollution. Now the permit has been extended to next April and the company will have until next June 1 to meet the minimum level of waste discharge.

Weston D. Flierl, Ashville; Janet L. Schneider, Walnut Twp.; Richard J. MacKenzie, Circleville;

Bradford Huffines, Logan Elm; Susan P. Adkins, Logan Elm; Jeff H. Bigam, Monroe Twp.; Cheryl Martin, Williamsport-Atlanta; Beverly A. Johnson, Ashville; Virginia S. Beavers, Scioto; and Dora Mae Greene, Circleville.

Red Tape, Tax Problems Add To Airman's Marriage Woes

NEW HOLSTEIN, Wis. (AP) — Red tape and Wisconsin's tax problems now are delaying the marriage of schoolteacher Barbara Hipke and her airman fiance Kenneth Driskill.

The couple became engaged in Tripoli. Barbara, 28, was teaching school in Libya and Kenneth, 24, was assigned to the Wheelus Air Force Base. They planned to meet in New York last Monday and to be married there. But they missed connections.

They were united at a Milwaukee bus station Wednesday night and came to Barbara's home here only to run into other difficulties.

The red tape involved their marriage license and Wisconsin's law that blood tests are needed

before anyone can be married.

The couple's blood tests had to be sent to Madison. They cannot be expected back until Saturday.

The tax problem involves Barbara's father, Gilbert Hipke, who is a Republican assemblyman and is tied down at the legislative session at Madison because of a hassle there over the state's tax program.

"If my father is back from Madison by Saturday, we can get a judge Saturday to waive the waiting period," Barbara said. "But with our luck, we will probably have to wait the whole five days."

Wisconsin has a five-day waiting period before a marriage, but it can be waived.

Airman Driskill is slated to leave for Japan early in the year. Barbara would like to go with him—as his wife.

Gets Invitation Long Way Around

RALEIGH, N.C. (AP) — Jim Barnes, 13, of Nashville, Tenn., received his invitation to a friend's party by way of a phone call from employees of the North Carolina Department of Administration.

The invitation to the party being given Saturday night by George Shotwell, 13, of Nashville, got lost in the Christmas mail. Noah Sites, an employee of the Department of Administration, received it along with a Christmas card from Nashville.

Sites first thought he'd send the invitation by mail, but he feared it wouldn't reach Nashville in time. So he and fellow workers chipped in Thursday for a long distance phone call to invite Jim to George's party.

Cincy Taxi Drivers Due for Union Vote

CINCINNATI (AP) — Drivers for taxicabs of Cincinnati, Inc., will vote in the near future whether they want to be represented by local 954 of the Teamsters, local 954 of the Greater Cincinnati Independent Taxicab Drivers Union, or no union, the National Labor Relations Board announced today.

The independent union was set up last August after the cab drivers joined the revolt against Teamsters President James R. Hoffa led by James Luken. About 4,000 Cincinnati Teamsters in four unions voted to quit the international.

Three rival Laotian princes meet to discuss their differences. Can't beat this summit meeting for "highness"!

School Boards May Require Fingerprinting

COLUMBUS, Ohio (AP) — Atty. Gen. Mark McElroy ruled today a school board may require the fingerprinting of prospective employees.

He added that statute provides for removing any school employee who advocates or retains membership in an organization advocating overthrow of the government by force, violence or other unlawful means.

"The above noted restrictions," McElroy said, "have been inserted in the law for the protection of the students and the public in general, as the moral caliber of the school teachers of the state is of the utmost importance to the public welfare."

"In ascertaining the fitness of job applicants, the use of fingerprints would appear to be of considerable value to the school board."

The opinion to State Auditor James A. Rhodes said that if a city did the fingerprinting, it could charge the board for the service.

Another opinion to Montgomery County Prosecutor Paul R. Young said library trustees may buy kitchen units to prepare meals for employees in library branches available.

The ruling added that it would not be unreasonable for trustees to adopt a rule reducing the time allowed staff members for meals to increase efficiency of library service to the public.

McElroy told Tuscarawas County Prosecutor Harlan R. Spies that township trustees lacked authority to condemn abandoned church property. But the attorney general pointed out that private individuals could petition a court for sale of dilapidated and abandoned church property.

Homespun Ideas Will Aid Ingenious Yule Decorations

By VIVIAN BROWN
AP Newsfeatures Writer

You may devise ingenious Christmas decorations that are truly personalized if you'd use your own homespun ideas and materials, says interior decorator Maxine May who has made a career of floral designs.

"If you want individualism in your Yuletide decorations, use your imagination," she suggests.

"You can be clever with an orange, apple, mushrooms and pine, if that's all you have at hand. Make your decorations look as if they belong in your home, rather than in the florist's shop."

A graduate of Parson's School of Interior Design, Miss May coordinates her knowledge of interior decoration with flower arranging in her New York flower studio. "One must complement the other," she points out of her blending of interior design and flowers.

You should have a plan before you begin to design decorations, she advises.

"Design for a specific place. A stairwell, boudoir table, book case, mantelpiece, child's room, need different decorations. You should take into consideration the light in the room, colors in the area and the height at which the object will be displayed. You want to achieve simple elegance that will complement your room decor, rather than gaudy effects," she says.

"One of the prettiest decorations for a front door can be made by studding an Italian onion basket with lollipops and gum drops. You can shape a Christmas tree out of wire, trim it with what you have at hand for another attractive door decoration," she says.

Her wire trees and flat wicker Christmas tree shapes have red fabric bases to simulate flower pots. The trees are trimmed with bows, prisms, or with pine cones

that have been cut and shaped into flowers, sprayed with paint and wired.

"A small basket of pine and strawberries over which you've sprinkled frosted sugar makes an attractive centerpiece. Or use grapes, crab apples, lady apples with pine. Walnuts, pine cones and leaves can be displayed in a pretty bowl."

Anyone may utilize tree branches or driftwood for decorations.

"Use ordinary pruning branches — tree limbs, pine, juniper. Spray the pine or tree limb gold, pink, white, whatever color blends in with your plan. Trim it with objects found in the attic or in the button box. Prisms, beads, little bows and birds can make gay doodads. Sprinkle glitter spray on the limb if you like, drape it with angel hair that has a toy bird caught in it," she suggests.

Shadow boxes make handsome wall Christmas displays. She frames her boxes in large, old frames "picked up for a song" in old shops and paints the interior of the box to flatter the decorative arrangement used in it.

She uses ordinary glass goblets or soda fountain sundae glasses, deep dish bowls and dishes as containers, spraying them white, green or red. Small arrangements for them are likely to include a combination of ivy and kumquats, tiny plastic roses and glitter spray, red, anemones and ivy.

"These are ideal for a bedroom where you want a little part of Christmas at night. It doesn't want to be overwhelmed by it," she explains.

On Miss May's most effective hanging creations is a large free-form design, a wicker chain draped over a metal frame. She decorates it with just about anything — holly with red velvet bows, pine and lemons. A globe of wire in a child's room is enhanced with

just about anything that has child appeal such as little flowers and birds.

"Encourage children to decorate their own rooms and tree. If possible, let them gather and string pine cones and nuts. They can decorate ordinary tin cans that have been punctured with holes."

The mother of two grown children, she lives on a farm in Purchase, N. Y., where she has her own greenhouses.

NUCLEAR BUOY—This is a sketch of the world's first nuclear powered buoy, which the AEC announced for Curtis Bay, Md. The power system, expected to last for 10 years, is run by a nuclear generator at the base. It is fueled with strontium 90. The storage batteries the system recharges are located in upper section, as indicated.

Working Their Way

WALESKA, Ga. (AP) — The president of Reinhardt College, James Rowland Burgess Jr., says he feels that "any good student who's willing to work for his education" should be able to attend the Methodist-supported institution in the north Georgia hills.

Almost half the 286 students are working their way through Reinhardt this year, cooking, waiting on table, acting as secretaries and welding dustpans and mops after classes.

Christ Child Post Office Is Open Only Once a Year

The Christmas season is the only time when this post office is open, but it's busy then.

By STEVE LIBBY
Central Press Association
Correspondent

Nearly three centuries ago the abbot of Passau, in Austria, authorized a new church to be built in a rural mountain community.

It was to be called The Pilgrim's Church of Christkindl (Christ Child) and was to be a circular main edifice, with a drum-shaped cupola and four semi-circular apses containing the central altar and two side altars. The church still stands.

Two important architects of the Austrian baroque, Carlo Antonio Carlone and Jacob Prandtauer, set to work — and the result was one of the world's most beautiful churches. Certainly none can compare with the edifice in a community as small as Christkindl.

This year, for the 12th consecutive Christmas season, the town of Christkindl has been authorized its annual temporary post office.

Stamp collectors and collectors

White Gold

BUFFALO, N. Y., (AP) — Dentistry has solved the problem of using gold for its good filling qualities without making a patient's mouth look like a jewelry store window.

Dr. John F. Johnson of the Indiana University School of Dentistry told a dental meeting here recently that porcelain veneers baked to the gold filling surface cover the gold and closely resemble the color and surface texture of natural teeth.

The new process is based on a natural binding that exists between gold and porcelain when they are baked together.

A couple in Picayune, Miss., can truthfully tell their son he was brought by Santa Claus. Their child was delivered by a doctor who was summoned to the hospital from a Yuletide parade in which he was appearing as Saint Nick, and he didn't have time to change clothes before entering the delivery room.

graph Administration, no profit can be realized. Thus anyone in the world may receive such a stamp and postmark merely by mailing American equivalent of 15 cents, together with a return addressed envelope, for airmail franking.

Letters should be addressed to The Postamt, Christkindl, Near Linz, Austria.

Last season nearly a million letters and packages went through

the tiny post office, which is open to the public only from Dec. 6 to Jan. 6 each year. Three-quarters of the mail was addressed to persons outside Austria.

Stamps are affixed to the self-addressed envelope by citizens of the little community and are generally — but not always — mailed on Christmas Eve. A special holiday slogan, as well as the stamp and postmark, appears on each envelope.

62 Plants Excel

ATLANTA (AP) — Members of the men's garden club in Atlanta, 250 strong and the largest such club in the country, entered so many excellent specimens in their annual show that 62 prizes were awarded.

Does your family like raw onions? Then the next time you are serving liver and onions, just spread the cooked liver slices with paper-thin slices of the onion instead of cooking it as usual.

Sgt. Ross Proud of 20 Years Police Service

By RICHARD DAVIS
Every man has a story to tell. Some are centered around the success of their lives, an unusual occupation, family tragedy or an achievement. The last point mentioned sums up the story of Sgt. Turney Ross

of the Circleville Police Department who recently completed 20 years of service as a local lawman. Sgt. Ross was guest of honor at a banquet sponsored by other members of the city police force on April 13 to commemorate his

more than two decades of duty on the force. Before Turney's appointment as a regular patrolman, he served for almost three years with the department as a special officer.

THE VETERAN law enforcement officer has worked under three chiefs since his full-time employment began with the City on April 28, 1941. He started under Chief William McCrady, served later under Chief Elmer Merriman and now works under Chief Robert Temple. Prior to his enthusiasm to be a lawman, Turney worked for the Brehmer Ford Sales, located where The Herald offices are today. He later worked for the Container Corporation of America until his appointment on the police force.

He has been a life-long resident of Circleville and presently resides with his wife, the former Lida M. Goff, in the house where he was born and reared, located at 440 E. Union St.

Sgt. Ross's lengthy career as a city policeman was interrupted in November 1943 by order of Uncle Sam. He served a two-year stint in the U.S. Army as a military policeman.

Ross, quite proud of his MP company stationed in Washington D.C., stated that on May 6, 1945, when the unconditional surrender of Germany was announced, it was his outfit that guarded the White House during the night.

He also recalled that his outfit moved the personal belongings of President Franklin D. Roosevelt to his New York home following his death.

ROSS turned in his military policeman's uniform on Sept. 25, 1945, when he was discharged and climbed back into his CPD garb.

During his many years enforcing the law in the community, Sgt. Ross has helped to solve several baffling crimes.

"One of the biggest jobs I've worked on was the \$1,800 theft from the American Legion Home, E. Main St., in the early 40's," he said.

"We worked about four weeks on the case," he continued, "and traced some of the money as far as Michigan." Two convictions were made. One man was sentenced to the Ohio State Penitentiary and the other to the Mansfield Reformatory.

The only murder occurring within the City during Sgt. Ross's career was while he was still serving as a special officer. He stated that he was "along when Officers Miller Fissell and Earl Weaver pulled the body from a pond near the disposal plant. After about three day of investigation the murderer was apprehended."

"THE CRAWFORD murder case," Turney stated, "was an experience I'll never forget and never want to see repeated." The man convicted received a life's sentence in the Ohio Penitentiary.

HAVE GUNS — Sgt. Turney Ross is shown here with his collection of more than a dozen firearms confiscated during his career with the Circleville Police Department. Collecting guns used in suicides and robberies is an on-duty hobby of the veteran law officer. The barrel of the Sergeant's personal shotgun can be seen in the foreground. (Staff Photo)

He died several years ago.

Sgt. Ross has an unusual on-duty hobby. He collects guns—all kinds. He has revolvers that have been used in armed robberies, suicides and other crimes committed in his 20 years as a policeman. A count of guns, kept in his locker at the station, showed a present total of 12.

Off-duty hobbies include working on motorcycles and making night sticks (better known as billy clubs) for other officers.

"One of the toughest assignments for any police officer is an auto accident," the veteran officer said.

He was chief investigating officer of two auto-train accidents here in which four persons were fatally injured.

Upon completion of 20 years, Turney stated that he was thankful that he has never been forced

to shoot anyone. Likewise, he has never been fired at.

TURNERY related that one of the most baffling incidents in his 20 years as a police officer came a few weeks ago.

He said he noticed one of the local habitual visitors of the County Jail staggering up the front steps of the Courthouse.

"Knowing the nature of the fellow's condition," the sergeant said, "I immediately left the station and ran over to the Courthouse to apprehend him so he could sleep it off."

"I searched the Courthouse from basement to attic and couldn't find him," he continued. "After about 15 minutes I discovered he had been riding the elevator up and down in order to finish his pint of wine in privacy," the veteran law officer chuckled.

Science Becoming Plenty Popular

The way it's going, every child is going to be a science buff — is not a budding scientist — by the time he's ready for college.

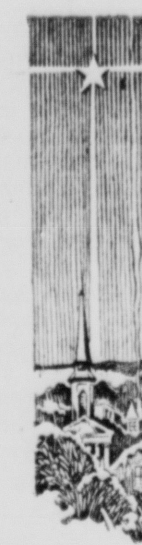

Latest innovation is a combination library and laboratory under one cover. One half of the "read and do" unit holds a page giving step-by-step instructions for experiments; the other half has an unbreakable storage tray with all the materials needed for the experiments. The Book-Labs available now deal with magnetism, air, jet engines and seeds. Other fields will be handled later.

Then there are labs for youngsters on fossils, Geiger counters,

beginners' microscope, earth science activities, statistics and probability, electronics, plus an electric brain construction kit.

And for the musically inclined, on special singing science records, such songs as "The Ballad of Sir Isaac Newton", "We Know the Air Is There" and "The Planet Minuet" are belted out. Who knows? They might turn up on popular songs parades someday.

A Christmas card finally was delivered to a woman in Bradley Beach, N. J. It had been mailed from Oxnard, Calif., 42 years earlier.

A Glorious Event

Although He was born of humble parents in a lowly stable, the infant Jesus is the richest gift man has ever received. The glow of the Christmas season is only a reflection from the glory of His birth.

Yule Celebration Similar To British and Americans

By STEVE LIBBY
Central Press Association Correspondent

Because Americans have much British ancestry it is perhaps obvious why our Christmas celebrations are so similar, in many ways, to those of Great Britain.

As in the United States, the English herald the holiday season — in church, at home and in the streets — with lights, with Christmas carols and with family reunions.

In tremendous cathedrals and

small country churches alike, choristers herald the day on which Christ was born. Special services bring music to the scene with the traditional songs of the season.

London's famed shopping thoroughfares resemble a grand ballroom, each store competing with its neighbor to earn the oohs and ahhs of young and old. Regent Street and Piccadilly are aglow with colorful lights and impressive displays. Streets and avenues are subjected to a change in decoration each year, challenging designers of new heights as the Christmas season approaches.

In the home of the typical Britisher, families meet for the exchange of gifts, for the traditional Yule log and — more often than not — for a visit to a house of worship as a family group.

In some ways Americans and Britons are alike. The Christmas season is no exception.

Study To Sell Selves

VANCOUVER, B. C. (AP) — The YMCA here is offering an eight-week course for young high school graduates who haven't been able to find jobs.

The course stresses proper attitudes, personal deportment, skills in speaking and writing and physical fitness. Six city businessmen will act as employment counselors for the 40 young men presently taking the instruction.

"Some of the boys are of good intelligence but are just wandering around looking for jobs," said project director D. W. Roxburgh. "We hope to give them some skills with which to sell themselves."

JUNIOR BOWL QUEEN — A polio victim since she was five, Bonnie Burkart, 12, of Miami, has been selected as the junior queen of the Orange Bowl game in Miami January 1.

Sgt. Ross Proud of 20 Years Police Service

By RICHARD DAVIS
Every man has a story to tell. Some are centered around the success of their lives, an unusual occupation, family tragedy or an achievement.

The last point mentioned sums up the story of Sgt. Turney Ross of the Circleville Police Department who recently completed 20 years of service as a local lawman.

Sgt. Ross was guest of honor at a banquet sponsored by other members of the city police force on April 13 to commemorate his more than two decades of duty on the force.

Before Turney's appointment as a regular patrolman, he served for almost three years with the department as a special officer.

THE VETERAN law enforcement officer has worked under three chiefs since his full-time employment began with the City on April 28, 1941. He started under Chief William McCrady, served later under Chief Elmer Merriam and now works under Chief Robert Temple.

Prior to his enthusiasm to be a lawman, Turney worked for the Brehmer Ford Sales, located where The Herald offices are today. He later worked for the Container Corporation of America until his appointment on the police force.

He has been a life-long resident of Circleville and presently resides with his wife, the former Lida M. Goff, in the house where he was born and reared, located at 440 E. Union St.

Sgt. Ross's lengthy career as a city policeman was interrupted in November 1943 by order of Uncle Sam. He served a two-year stint in the U.S. Army as a military policeman.

Ross, quite proud of his MP company stationed in Washington D.C., stated that on May 6, 1945, when the unconditional surrender of Germany was announced, it was his outfit that guarded the White House during the night.

He also recalled that his outfit moved the personal belongings of President Franklin D. Roosevelt to his New York home following his death.

ROSS turned in his military policeman's uniform on Sept. 25, 1945, when he was discharged and climbed back into his CPD garb. During his many years enforcing the law in the community, Sgt. Ross has helped to solve several baffling crimes.

"One of the biggest jobs I've worked on was the \$1,800 theft from the American Legion Home, E. Main St., in the early 40's," he said.

"We worked about four weeks on the case," he continued, "and traced some of the money as far as Michigan." Two convictions were made. One man was sentenced to the Ohio State Penitentiary and the other to the Mansfield Reformatory.

The only murder occurring within the City during Sgt. Ross's career was while he was still serving as a special officer.

He stated that he was "along when Officers Miller Fissell and Earl Weaver pulled the body from a pond near the disposal plant. After about three days of investigation the murderer was apprehended."

"THE CRAWFORD murder case," Turney stated, "was an experience I'll never forget and never want to see repeated." The man convicted received a life's sentence in the Ohio Penitentiary.

HAVE GUNS — Sgt. Turney Ross is shown here with his collection of more than a dozen firearms confiscated during his career with the Circleville Police Department. Collecting guns used in suicides and robberies is an on-duty hobby of the veteran law officer. The barrel of the Sergeant's personal shotgun can be seen in the foreground.

He died several years ago.

Sgt. Ross has an unusual on-duty hobby. He collects guns—all kinds. He has revolvers that have been used in armed robberies, suicides and other crimes committed in his 20 years as a policeman. A count of guns, kept in his locker at the station, showed a present total of 12.

Off-duty hobbies include working on motorcycles and making night sticks (better known as billy clubs) for other officers.

"One of the toughest assignments for any police officer is an auto accident," the veteran officer said.

He was chief investigating officer of two auto-train accidents here in which four persons were fatally injured.

Upon completion of 20 years, Turney stated that he was thankful that he has never been forced

to shoot anyone. Likewise, he has never been fired at.

TURNER related that one of the most baffling incidents in his 20 years as a police officer came a few weeks ago.

He said he noticed one of the local habitual visitors of the County Jail staggering up the front steps of the Courthouse.

"Knowing the nature of the fellow's condition," the sergeant said, "I immediately left the station and ran over to the Courthouse to apprehend him so he could sleep it off."

"I searched the Courthouse from basement to attic and couldn't find him," he continued. "After about 15 minutes I discovered he had been riding the elevator up and down in order to finish his pint of wine in privacy," the veteran law officer chuckled.

Science Becoming Plenty Popular

The way it's going, every child is going to be a science buff — not a budding scientist — by the time he's ready for college.

Latest innovation is a combination library and laboratory under one cover. One half of the "read and do" unit holds a page giving step-by-step instructions for experiments; the other half has an unbreakable storage tray with all the materials needed for the experiments. The Book - Labs available now deal with magnetism, air, jet engines and seeds. Other fields will be handled later.

Then there are labs for youngsters on fossils, Geiger counters,

beginners' microscope, earth science activities, statistics and probability, electronics, plus an electric brain construction kit.

And for the musically inclined, on special singing science records, such songs as "The Ballad of Sir Isaac Newton", "We Know the Air Is There", and "The Planet Minuet" are belted out. Who knows? They might turn up on popular songs parades someday.

A Christmas card finally was delivered to a woman in Bradley Beach, N. J. It had been mailed from Oxnard, Calif., 42 years earlier.

A Glorious Event

Although He was born of humble parents in a lowly stable, the infant Jesus is the richest gift man has ever received. The glow of the Christmas season is only a reflection from the glory of His birth.

Yule Celebration Similar To British and Americans

By STEVE LIBBY
Central Press Association
Correspondent

Because Americans have much British ancestry it is perhaps obvious why our Christmas celebrations are so similar, in many ways, to those of Great Britain.

As in the United States, the English herald the holiday season — in church, at home and in the streets — with lights, with Christmas carols and with family reunions.

In tremendous cathedrals and

small country churches alike, choristers herald the day on which Christ was born. Special services bring music to the scene with the traditional songs of the season.

London's famed shopping thoroughfares resemble a grand ballroom, each store competing with its neighbor to earn the oohs and ahhs of young and old. Regent Street and Piccadilly are aglow with colorful lights and impressive displays. Streets and avenues are subjected to a change in decoration each year, challenging designers of new heights as the Christmas season approaches.

In the home of the typical Britisher, families meet for the exchange of gifts, for the traditional Yule log and — more often than not — for a visit to a house of worship as a family group.

In some ways Americans and Britons are alike. The Christmas season is no exception.

Christmas is brought to patients in a Danish hospital by members of the staff singing a carol.

Yule in Denmark: Fir, Nisse, Fun

By STEVE LIBBY
Written Especially for Central
Press and This Newspaper
Christmas in Denmark is steeped in tradition. This, one of the oldest of all Nordic Christian festivals, reflects back to heathen times when midwinter festivals were held on the shortest day of the year and bonfires were built to appease evil spirits.

Some older Danes still make the sign of the cross before the bake-ovens and Yule dough. And the book "Peter's Jul", written a century ago, is as traditional in Denmark as "Twas the Night Before Christmas" is in America.

Like America, the fir Christmas tree may be found in Danish homes, hospitals, hotels, restaurants and stores, and in every public square. A tree is also lashed atop the mast of every Danish ship at sea.

The tree is decorated the day before Christmas in Denmark, although children have already cut colorful paper decorations and pasted them together during snowy December evenings.

The tree stands dressed with little paper cones and baskets filled with candies and the lights turned out, but the door to the living room is locked — children are not allowed to see the tree before Christmas Eve when the family is together.

Holiday baking is traditional in Denmark, with cookies of all varieties and shapes a part of a Danish Christmas.

Christmas Eve church services are held, with a service in the late afternoon, before dinner. All work ceases, church bells "kime" and people flock to churches decorated with fragrant evergreens.

A typical Danish Christmas dinner is rice porridge with cinnamon and a pat of butter in the center. Hidden in the rice porridge is an almond. Whoever gets the almond receives a prize.

Then comes roast goose stuffed with apples and prunes served with red cabbage and caramel-browned potatoes. The dessert is

apple cake — layers of bread crumbs, apple sauce and jam, all topped with whipped cream.

After dinner, father and mother disappear into the locked room, light the tree and open the door. The children see the tree for the first time — a fir with a silver star at the top, radiant with lights and tinsel.

It's a custom that the family joins hands and dances around the tree singing old Danish Christmas hymns, such as "Merry Christmas, Lovely Christmas" to the tune of "Holy Night".

Gaily wrapped gifts are stacked on tables and floor and are exchanged. Sometimes the "Yule Man" enters with gifts in his bag — a member of the family having dressed like Santa.

The Danish "Yule Man" as the likeness of our American Santa is becoming increasingly rare in Danish homes, but Denmark has a similar spirit, called "Nisse."

For the last 100 years the Nisser (Ed.: Plural for Nisse) have visited Danish homes, a lone representative of the supernatural beings who, in olden times, played a role in the Danish Yuletide. They keep a friendly eye on cows and horses and other domestic animals and appear frequently on Danish Christmas cards, often in the company of the house cat.

The old Nisse affects a long white beard like Santa, and all, old or young, wear red caps. They remind folks to pour milk in a saucer for the cat.

People are wont also to put a platter of rice porridge outside the kitchen door on Christmas Eve for the Nisse. The platter is licked clean by morning. Only unimaginative people have been known to suggest that the cat must have eaten the porridge!

The Danish Christmas Nisse is just as real as is Santa Claus to American children.

Some 50 years ago Einar Holboell, then a post office clerk, got the idea of the original Christmas seal. Jacob A. Rise brought the idea to

America through an article in a magazine, "The Outlook." Since that time, "Glaedelig Jul"—the Danish way of saying "A Merry Christmas"—has been translated into local languages the world over, and today is known in every corner of the globe.

Honesty, Yuletide Have Similarities

CLEVELAND, Ohio (AP) — Christmas came early for Sarah Tahsler and Terry Northrup, each 13, who must believe now that honesty is the best policy.

On Nov. 2, Sarah and Terry found a \$100 bill on the street on their way to school. They told school officials about it and authorities checked for possible claimants of the money. None was found.

Police Chief Robert E. Kelley gave the money back to the girls Wednesday.

"Police must hold found money for a reasonable length of time before returning it to the finders. Just before Christmas is a reasonable time," he said.

May Not Rattle

TALLAHASSEE, Fla. (AP) — Contrary to popular belief, the Eastern Diamondback rattlesnake, largest and most poisonous viper native to North America, doesn't always sound a warning before he strikes.

Another belief — that he has to be coiled to strike — also is not true.

The rattler usually buzzes the horny rattles at the end of his tail before striking, but he sometimes neglects to do so. And he can launch his incredibly fast lunge from any position.

A citizen of Los Angeles festooned his front yard with colored lights, a paper Santa Claus and a sled drawn by reindeer. His neighbor directly opposite countered by putting up a sign reading, "See our display across the street."

Auto Industry's Economy Climbs

DETROIT (AP) — Throughout 1961 the auto industry clung to the theory that things had to get better—and they did.

In February, sales were the lowest for the month since the Korean War. In October and early November sales were at record highs for the period.

Layoffs and short work weeks were the rule in the first part of the year. Added manpower and overtime kept assembly lines humming in the closing months.

The manufacturers were talking in glowing terms of 1962 prospects with optimistic forecasts calling for sales of 7 1/4 million cars, or about the equal of record 1955.

With the signing of three-year union contracts, labor peace seemed assured. One of the rare dark spots on the horizon was the possibility of a steel strike after June 30.

Ford and General Motors were closed two weeks by strikes prior to final agreements with the United Auto Workers Union. Despite this, production of 1962 models car between the model changeover dates in August and Dec. 31 was expected to hit a record 2.3 million.

Total production for the calendar year of roughly 5.5 million cars will be about 1.2 million under the 1960 figure. During the 1961 model year 5,408,625 cars were built.

This was the year of the bucket seat. Following the spectacular success of the Corvair Monza,

every manufacturer introduced one or more bucket seat models, mostly in the compact car lines.

Compacts accounted for about 35 per cent of all sales. A new size classification emerged with the 1962 model year—the intermediate. Plymouth and Dodge chopped their size and fitted into this category where they were joined by two new Ford products, the Ford Fairlane and Mercury Meteor.

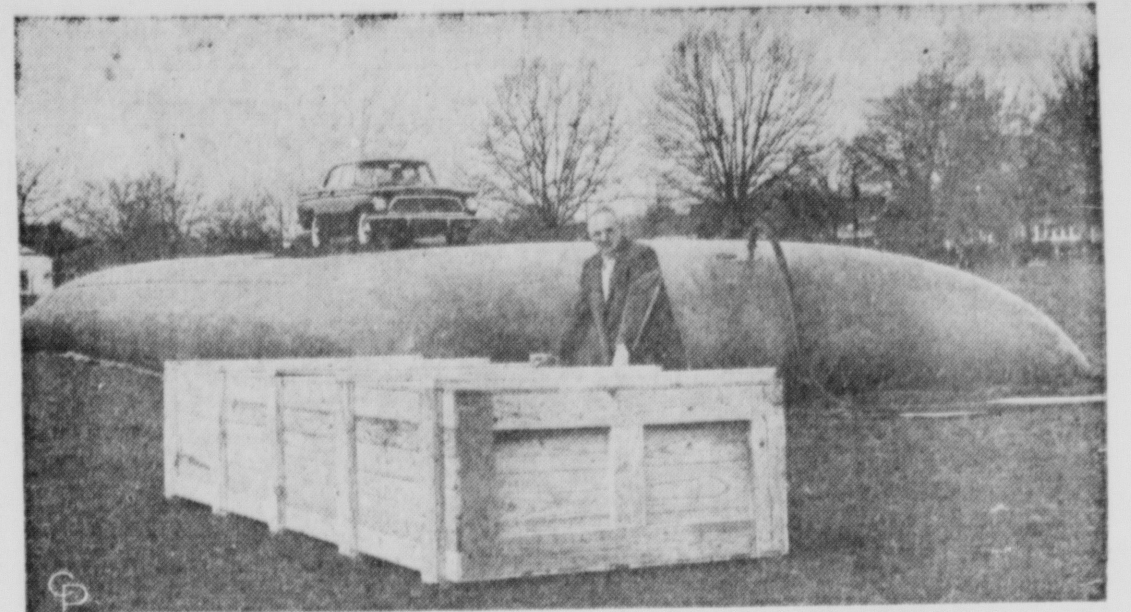

Six-cylinder engines continued to increase in popularity, being fitted into 45.4 per cent of all 1961 models. This compared with 43.4 per cent in 1960 and only 28 per cent of the 1959 models.

Chevrolet was the biggest-selling standard car by a wide margin over Ford while the Ford Falcon was the No. 1 selling compact. For the third straight year average price of new cars remained unchanged.

The trend in the new cars was to longer intervals between maintenance, especially chassis lubrication.

Profits were down with Chrysler reporting losses in the first and third quarters and Studebaker-Packard in the first three quarters. American Motors became the first auto manufacturer to include a profit-sharing plan in its union contract.

Thomas Jefferson designed a serpentine wall which was built and is still standing at the University of Virginia.

BONN BOUND—This 75,000-gallon pillow tank goes to West Germany for refueling tanks and aircraft. L. W. Humphreys, in charge of Goodyear's fabric tank production at Rockmart, Ga., shows the 13x4 crate it folds into for shipping. The pillow tank holds enough gasoline to run that auto up there 1,850,000 miles. (Central Press)

By JAMES FLOWERS
Central Press Writer

TALLAHASSEE, Fla. — What a difference 42 years can make! For those are the years which reach back from this Christmas—1961—to the probable first Christmas observed in the present United States, at a point near this capital city of Florida.

Of course there was no United

Trouble Haunts Tabor

PHOENIX, Ariz. (AP) — Think you've had a tough day?

Draftsman Don Tabor went hunting on New River Mesa near Phoenix. He lost his footing and dropped his rifle. The weapon accidentally discharged, wounding Tabor in the forearm.

His friends started to haul him to camp on a cross-country scooter. A wheel on the vehicle twisted and Tabor was tossed into a pile of rocks. He injured his knee.

Then a pickup truck sped him toward town. A car ahead stopped. The pickup slammed into the rear of the car. Tabor was pitched into the dashboard, shattering his glasses and reopening the gunshot wound.

By now Tabor needed an ambulance. One was called. On the way to a hospital a motorist got in the way of the ambulance. The ambulance driver swerved his vehicle violently and narrowly avoided a crash. Tabor was bounced around and frightened but not further injured.

Too-Rapid Robert

COVENTRY, Conn. (AP) — Here's one the judge may not have heard yet from someone accused of speeding.

Robert Carter was accused of going 56 miles an hour in a 30 m.p.h. zone while driving to the courthouse to post \$100 bond in connection with an earlier speeding charge.

States in 1539, but there was a Florida, named and claimed by Spain.

Wanting colonists in the New World to consolidate key positions in the vast uncharted territories of the Americas, Spain organized many expeditions. The role of the conquistador is well known.

However, one of the most famous and energetic Spanish explorers was Hernando de Soto who landed May 25, 1539, near the Manatee River north of what is now Bradenton, Fla., on the middle Gulf Coast.

IN JUNE OF the same year his 60 soldiers and 200 cavalymen moved inland and northward facing hostile Indians, through sites later known as Ruskin, Dade City, Inverness and Ocala.

De Soto chose to winter that year near the present city of Tallahassee, at the Indian village called Inahica.

It was here, according to Dr. Hale G. Smith, archaeologist, at Florida State University, that Christmas Mass may well have been celebrated Dec. 25, 1539. Authentic accounts of the DeSoto expedition mention that priests accompanied the explorer.

Tallahassee, those four centuries ago, was the center of an Indian province known as Apalachee. Near the 250-hut village the Spaniards found great fields of corn, beans, squash and other vegetables growing.

De Soto occupied the "house" of the Indian chief — Cacique Capafi — lord of the province. Capafi was soon taken prisoner by the Spanish, only to escape. Later, De Soto went north and west, his journey ending in death near the Mississippi River in 1542.

Tallahassee still knows the bluff near the lake where the 1539 Christmas is believed to have been observed.

If a descendant of Hernando de

Soto were to visit "Tallahassee" — old town — this year he would see a modern capital city of 50,000, and little or nothing to suggest that his conquering dorebear had stopped for a winter, or to mark a high holy day on a Christian calendar.

HE WOULD see, however, the Sunshine State's capitol building with its six strong columns commanding the eastern approach to the city. The building date on the cornerstone — 1827 — would seem recent, though, if compared with the era of the crossbow and the Spanish wheel lock musket of De Soto's time.

Close to Tallahassee he could visit the site of the old Spanish fort at San Marcos de Apalachee, built in the 1600s — or the site of the ancient mission of San Luis north of the capital. Neither has been developed as a tourist attraction.

Some artifacts of the Indian wars of the 1820s have been preserved, post-dating the British-Spanish border disputes of the late 1700s and early 1800s. In 1845 Florida, previously a territory, earned statehood, only to secede from the Union in 1862 to cast her lot with the Confederacy.

Tallahassee today is a governmental and education center, rich in its history and memorable for its beauty and quiet charm. It is the home of two universities, libraries, art galleries, an archaeological museum, Little Theater and symphony orchestra.

Like Rome, the city is built on seven hills.

Nat Cole Album Is Yule Favorite

By HUGH A. MULLIGAN
AP Newsfeatures Writer

In his dazzlingly successful career, Nat "King" Cole has been on top of ever kind of sales chart from singles to albums to juke boxes, but this is the first time he's ever headed Santa's list.

His three-disc "Story of Nat 'King' Cole" (Capitol) is a runaway Christmas favorite this year. It traces Nat's career from jazz pianist to trio boss to crooner to nightclub performer to concert artist, and happily stops off at such memorable milestones as "Nature Boy," "Too Young" and "Mona Lisa."

Cole's popularity with Christmas shoppers again demonstrates the appeal that record albums have groups. Here, for instance, are some off-beat suggestions culled from recent albums for that hard-to-satisfy person on your Christmas list.

For the egghead in your parlor: "Songs from Shakespeare's Plays & Popular Songs of His Time" (Folkway Records) — Authentic background music for the Shakespeare aficionado, sung with delicacy or gusto, as the mood demands, by Tom Kimes. Sidemen comport themselves on properly Elizabethan instruments: cello, harpsichord and recorder.

For a bachelor uncle, cousin or brother-in-law:

"12 Faces of Love" (Stand Records) — A dozen fascinating love songs, written and sung by the equally fascinating Yulya, a Russian-born so:stress who learned enough English to cop an American journalist for a husband and now seems determined to make musical love to unarmed American males everywhere. Her versatility as a composer matches her virtuosity as a performer, ranging from waltz ("Love is a Daydream") to Tango ("Erotique") to bequene ("To Part Means") to soulful blues ("Wind on the Windowpane").

For the long-haired concert fan or the short-haired hi-fi bug: "Handel's Water Music Suite" (Angel) — Herbert Von Karajan, world's greatest living conductor, exacts a regal performance of Handel's bow to a king from the Berlin Philharmonic. Also included in this distinguished album are Mozart's "Eine Kleine Nachtmusik," three of his German dances and his lovely "Ave, Verum Corpus," the latter sung by Vlna's Chorus of the Gesellschaft der Musikfreunde.

For Mom, Dad and other romantic souls: "Kern and Porter Favorites by Morton Gould & Orchestra" (RCA Victor) — Two masters of popular music on display in a variety of

neo-classical settings, from full symphony orchestra to tiny string ensemble bereft of even violins. For the junior scholar and young patriot on your list:

"A Child's Introduction to Historical American Speeches" (Wonderland) — Patrick Henry's "Give me liberty or give me death" oration, Washington's "Farewell Address," Webster's famous reply to Hayne, Lincoln's "Gettysburg Address" and a half dozen other great speeches delivered with force and clarity by a pair of experienced narrators.

For the old soldier in your household: "An English Music Hall" (Capitol) — Nostalgic recollections of jolly old England at its raucous best. The hi-fi hearth blazes with such venerable chestnuts as "I Don't Want to Play in Your Yard," "Daddy Wouldn't Buy Me a BowWow," "Row, Row, Row Your Boat" and similar relics of pre-Teddy Boy London.

For the family circle on Christmas Eve:

"Singing to the Joy of It" (Decca) — The Columbus Boy-choir, a remarkably professional group of youngsters carefully trained at a unique school in Princeton, N. J., lends concert hall perfection to such diverse airs as "I Wonder as I Wander," "He Is Gone Away" and "Cindy."

Architecture Influence

HONOLULU (AP) — Architecture is playing a leading role in Japan's social passage "from feudalism to industrialization," an American architect believes.

Antonin Raymond, who first went to Japan in 1919 to assist the late Frank Lloyd Wright in designing Tokyo's Imperial Hotel, told a conference of architects in Honolulu:

"Structures in Japan are huge today. The architects who design these buildings seem to be carried away by a vision of permanence, solidity, power and enormity of scale as an end in itself.

"They have opened the door for a number of social changes in Japan and have helped bring the country into the industrial age."

Raymond has designed a number of buildings in Tokyo, including the U. S. Embassy, St. Luke's Hospital, Women's Christian College, St. Anselm's Church and Gunman Music Hall.

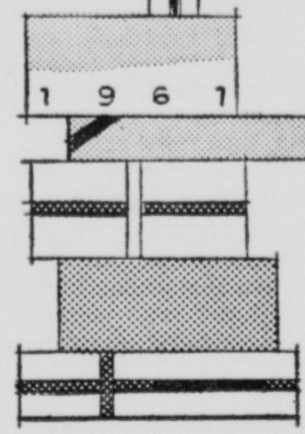

In Hastings, England, a man was arrested for kicking the public Yuletide tree and was charged with "wilfully damaging a Christmas tree." The arresting officer's name was A. E. Christmas.

SPliced—Actor Doug McClure and actress Barbara Luna give you big wedding smiles at home of his parents in Pacific Palisades, Calif.

When a housewife in Salisbury, England, failed to reward a group of carolers for singing outside her door, the children kicked two holes in the entrance and tore up her garden.

Merry CHRISTMAS

We pause to wish you peace and joy. May these gifts be with you today and always.

A priest and two Florida State University students depict what Christmas Mass may have looked like in 1539 on a bluff overlooking Lake Jackson near Tallahassee's city limits.

Nation's First Yule Service Possibly Marked by DeSoto

By JAMES FLOWERS
Central Press Writer

TALLAHASSEE, Fla. — What a difference 42 years can make! For those are the years which reach back from this Christmas—1961—to the probable first Christmas observed in the present United States, at a point near this capital city of Florida.

Of course there was no United

Trouble Haunts Tabor

PHOENIX, Ariz. (AP) — Think you've had a tough day?

Draftsman Don Tabor went hunting on New River Mesa near Phoenix. He lost his footing and dropped his rifle. The weapon accidentally discharged, wounding Tabor in the forearm.

His friends started to haul him to camp on a cross-country scooter. A wheel on the vehicle twisted and Tabor was tossed into a pile of rocks. He injured his knee.

Then a pickup truck sped him toward town. A car ahead stopped. The pickup slammed into the rear of the car. Tabor was pitched into the dashboard, shattering his glasses and reopening the gunshot wound.

By now Tabor needed an ambulance. One was called. On the way to a hospital a motorist got in the way of the ambulance. The ambulance driver swerved his vehicle violently and narrowly avoided a crash. Tabor was bounced around and frightened but not further injured.

Too-Rapid Robert

COVENTRY, Conn. (AP) — Here's one the judge may not have heard yet from someone accused of speeding.

Robert Carter was accused of going 56 miles an hour in a 30 m.p.h. zone while driving to the courthouse to post \$100 bond in connection with an earlier speeding charge.

States in 1539, but there was a Florida, named and claimed by Spain.

Wanting colonists in the New World to consolidate key positions in the vast uncharted territories of the Americas, Spain organized many expeditions. The role of the conquistador is well known.

However, one of the most famous and energetic Spanish explorers was Hernando de Soto who landed May 25, 1539, near the Manatee River north of what is now Bradenton, Fla., on the middle Gulf Coast.

IN JUNE OF the same year his 60 soldiers and 200 cavalymen moved inland and northward facing hostile Indians, through sites later known as Ruskin, Dade City, Inverness and Ocala.

De Soto chose to winter that year near the present city of Tallahassee, at the Indian village called Inishahia.

It was here, according to Dr. Hale G. Smith, archaeologist, at Florida State University, that Christmas Mass may well have been celebrated Dec. 25, 1539. Authentic accounts of the DeSoto expedition mention that priests accompanied the explorer.

Tallahassee, those four centuries ago, was the center of an Indian province known as Apalachee. Near the 250-hut village the Spaniards found great fields of corn, beans, squash and other vegetables growing.

De Soto occupied the "house" of the Indian chief — Cacique Capafi — lord of the province. Capafi was soon taken prisoner by the Spanish, only to escape. Later, De Soto went north and west, his journey ending in death near the Mississippi River in 1542.

Tallahassee still knows the bluff near the lake where the 1539 Christmas is believed to have been observed.

If a descendant of Hernando de

Soto were to visit "Tallahassee" — old town — this year he would see a modern capital city of 50,000, and little or nothing to suggest that his conquering dorebear had stopped for a winter, or to mark a high holy day on a Christian calendar.

HE WOULD see, however, the Sunshine State's capitol building with its six strong columns commanding the eastern approach to the city. The building date on the cornerstone — 1827 — would seem recent, though, if compared with the era of the crossbow and the Spanish wheel lock musket of De Soto's time.

Close to Tallahassee he could visit the site of the old Spanish fort at San Marcos de Apalachee, built in the 1600s — or the site of the ancient mission of San Luis north of the capital. Neither has been developed as a tourist attraction.

Some artifacts of the Indian wars of the 1820s have been preserved, post-dating the British-Spanish border disputes of the late 1700s and early 1800s. In 1845 Florida, previously a territory, earned statehood, only to secede from the Union in 1862 to cast her lot with the Confederacy.

Tallahassee today is a governmental and education center, rich in its history and memorable for its beauty and quiet charm. It is the home of two universities, libraries, art galleries, an archaeological museum, Little Theater and symphony orchestra.

Like Rome, the city is built on seven hills.

Nat Cole Album Is Yule Favorite

By HUGH A. MULLIGAN
AP Newsfeatures Writer

In his dazzlingly successful career, Nat "King" Cole has been on top of ever kind of sales chart from singles to albums to juke boxes, but this is the first time he's ever headed Santa's list.

His three-disc "Story of Nat 'King' Cole" (Capitol) is a runaway Christmas favorite this year. It traces Nat's career from jazz pianist to trio boss to crooner to nightclub performer to concert artist, and happily stops off at such memorable milestones as "Nature Boy", "Too Young" and "Mona Lisa."

Cole's popularity with Christmas shoppers again demonstrates the appeal that record albums have groups. Here, for instance, are some off-beat suggestions culled from recent albums for that hard-to-satisfy person on your Christmas list.

For the egghead in your parlor: "Songs from Shakespeare's Plays & Popular Songs of His Time" (Folkway Records) — Authentic background music for the Shakespeare aficionado, sung with delicacy or gusto, as the mood demands, by Tom Kimes. Sidemen comport themselves on properly Elizabethan instruments: cello, harpsichord and recorder.

Christmas Trees of World Highlighted at Yule Exhibit

By FRANK WATSON
Written Especially for Central
Press and this Newspaper
Back during the dark days of
1942, in the era of the Hot War, a
Chicago museum began a tradition
that has added lustre to the Christ-
mas trees of the world.

Although many of the nations
were fighting each other at the
time, the Chicago Museum of Sci-
ence and Industry undertook an
annual festival to dramatize the
spirit of Christmas around the
world.

Two decades later, the festival
is recognized as one of the most
picturesque Christmas season ev-
ents staged anywhere in the Uni-
ted States.

The 16-day festival this year
highlights the Yuletide traditions
of 24 different countries, some of
which are behind the Iron and
Bambo Curtains.

Choral music, native holiday
dances and customs remind the
large crowds of visitors that there
are almost as many different
ways to celebrate Christmas as
there are ornaments on the trees.

Poland is the first of the two do-
zen countries to be represented at
the "Christmas Around the World"
festival.

The Polish tree, for example, is
festooned with nuts and sweets
wrapped in colored papers and
cookies frosted with colored sugar.
Ribbon, paper, straw, beads,
egg shells and feathers are also
on the tree.

Christmas in Japan and China
give their trees an Oriental ap-
pearance. The Japanese tree is
adorned with delicately etched or-
naments, finely lined woodcuts,
tangerines and sembei, or rice
cookies with strips of paper having
a fortune on the rim.

Fragile lanterns add their charm

Fading Dialect Recorded

WARM SPRINGS, Ore. (AP) —
The Warm Springs Indian dialect,
closely related to that of the Ya-
kima, Walla Walla and other West-
ern tribes, is being recorded on
tap and a dictionary is being com-
piled. Delbert Frank, a Warm
Springs Indian, is doing the work
which he says is complicated by
lack of a written language. He is
using phonetics in compiling the
dictionary.

Frank says there are only a
hundred words in common usage
but some express a compete
thought. He says only the old peo-
ple use the language now.

Visitors line up to admire Christmas trees rep-
resenting 24 different nations of the world.

to the Chinese tree and the brilli-
ant colors of Chinese lacquer are
stressed in the hues of glass orna-
ments.

The tree from France has a
lace-like elegance with sugary
white bonbons hung from the
branches. Tinsel chains and
threads furnish a silvery brilli-
ance.

The singing of provincial carols,
pealing of bells, the incense and a
creeche with burning tapers make
this one of the most inspiring ser-
vices.

Mexico's tree reflects the nativ-
es love for bright colors, shiny se-
quins of gold and silver. The branches
are decorated with Mexican
lanterns, dolls, ornaments of straw
and paper.

One of the Mexican customs is
that of the Posadas. A group ap-
proaches the door of the house of
the first posada, or lodging. An
old traditional song is sung to ask
the owner of the house for lodging
for Mary. The host threatens the
pilgrims, then suddenly opens the
door and jubilantly bids them wel-
come.

Other Christmas trees and cus-
toms on the museum's festival
lineup are Hungarian, Romanian,
Irish, Croatian, Slavonian,

Danish, Lithuanian, Ukrainian,
Swedish, Czechoslovakian,
Italian, Dutch, Latvian, Estonian,
German, Beithish, Norwegian,
and Armenian.

The 16-day program closes with
a typical American Christmas.

The festival points out that what-
ever its origin, the Christmas tree
has been adopted by almost every
nation as a Christmas tradition.

Tastes Sometimes Are Misleading

NEW ORLEANS (AP) — Two
policemen found an oddly marked
bottle outside a cocktail lounge.
They suspected it contained ni-
troglycerine — enough to blow up
the neighborhood.

They buried the bottle and an
explosives expert took over. He
dug it up, took a taste and said
he thought it was hair oil. Every-
one relaxed.

Then extensive laboratory tests
were run Wednesday. It was ni-
troglycerine.

Police are investigating.

Many Boys Clubs Will Display Brotherly Love on Christmas

By VIVIAN BROWN
AP Newsfeatures Writer
Latch onto the spirit of Christ-
mas by observing the boys.

Some may have reputations for
being interested in no one but
themselves, but many boys can
show the girls a thing or two about
brotherly love, come Christmas.

Take a peek into one of the 600
Boys' Clubs of America if you
want to see the true message of
Christmas in action.

Many boys devote their entire
Christmas Day to projects for the
needy. Typical are members of the
glee club of the Columbia Park
Club in San Francisco who enter-
tain shut-ins, children and old peo-
ple in homes, and the choir of the
Gramercy Club in New York who
perform in homes for the blind and
aged, and for orphans.

Some groups, such as the Wel-
come Hall Club in Brooklyn, take a
variety show on the road. Dancers,
instrumentalists, singers and Shak-
espearean actors do their stuff for
the sick and infirm.

If you can't sing and act, there
are other ways to spread Yule-
tide cheer. Chulita Vista, Calif.,
boys played host to the Tijuana,
Mexico, Boys' Town last Christmas.
When the boys arrived from
Mexico they were teamed with a
boy from the club, and though
none of the Mexicans spoke Eng-
lish and none of the Americans spoke
Spanish, they all had a wonderful
time. They played ball and table
games and ate hamburgers, tacos
and ice cream with their punch.

Tacoma club members with
their shop instructors make Santa
Clauses and choir boys for chil-
dren's hospital wards. They get

sheets of plywood from local mills,
and cut them into shapes. Colored
outlines of Santas and choir boys
are cut out and pasted on the
forms.

Scrap lumber is used by boys at
the club in Dayton, Ohio, to make
tic-tac-toe games. They sell pop-
corn to raise money so that every
boy and girl in the city can have
a candy cane with his Christmas
gift.

At Santa Fe, N. M., boys make
small home altars and prayer shel-
ves. All the gifts are handed car-
ved and distributed to hold the in-
dividual Bibles and prayer books
of children.

Philadelphia's older folk were
made happy last year by the Nice-
town Club's reversal of usual
Christmas procedures. Each boy
(and girl annex) member of the
club was asked to make a gift for
a Christmas basket. Some cooking
classes supplies cookies, those in
shop classes made wallets, small
purses and key cases. Other made
Christmas candles and some mem-
bers designed cards to go on bas-
kets.

Christmas and Chanukkah
greetings are made for people in
hospitals or in homes for the aged
by members of the Troy boys club.
They design and print their own
cards, featuring various holiday
line drawings.

Toy repair is one of the most pop-
ular Christmas projects of the
Boys' Clubs of America.

Santa's helpers at Muncie, Ind.,
repair about 1,500 toys, and there
they get a real boost from the
girls. Sorority girls at Ball State
Teachers College make new cloth-
es for the dolls.

At Greenville, the Ohio, Club gets
donations of paint from stores so
they can brighten toys as well as
repair them.

Joliet boys repair toys collected
by the Marine Corps Reserve, and
at Santa Rosa, Calif., boys join
with 93 other organizations in mak-
ing toys look new. Boston club
boys repair toys. Their pet project
is the New England Home for
Little Wanderers which shelters
disturbed and maladjusted chil-
dren.

Worcester, Mass., boys work for
money to purchase new toys for

youngsters in local hospitals. They
wear costumes for special child-
appeal.

Club boys at Locust Valley, L. I.,
will distribute small Christmas
trees and their metal containers to
shops, later picking up the trees
and storing the containers
for next year. They will also use
income from dances, benefit mov-
ies, cake sales, for baskets of gro-
ceries for the needy.

Pretty Old Oats

DES MOINES, Iowa (AP) — An
old fire station building was pur-
chased by a business firm which
started some remodeling. Fred
J. Reineke, head of the firm, re-
moved a piece of moulding from
the ceiling and from a storage
room above there came a tumbling
down half a bushel of oats.
The horse-driven fire fighting
equipment was motorized in 1914.

Worcester, Mass., boys work for money to purchase new toys for

youngsters in local hospitals. They wear costumes for special child appeal.

Club boys at Locust Valley, L. I., will distribute small Christmas trees and their metal containers to shops, later picking up the trees and storing the containers for next year. They will also use income from dances, benefit movies, cake sales, for baskets of groceries for the needy.

Pretty Old Oats

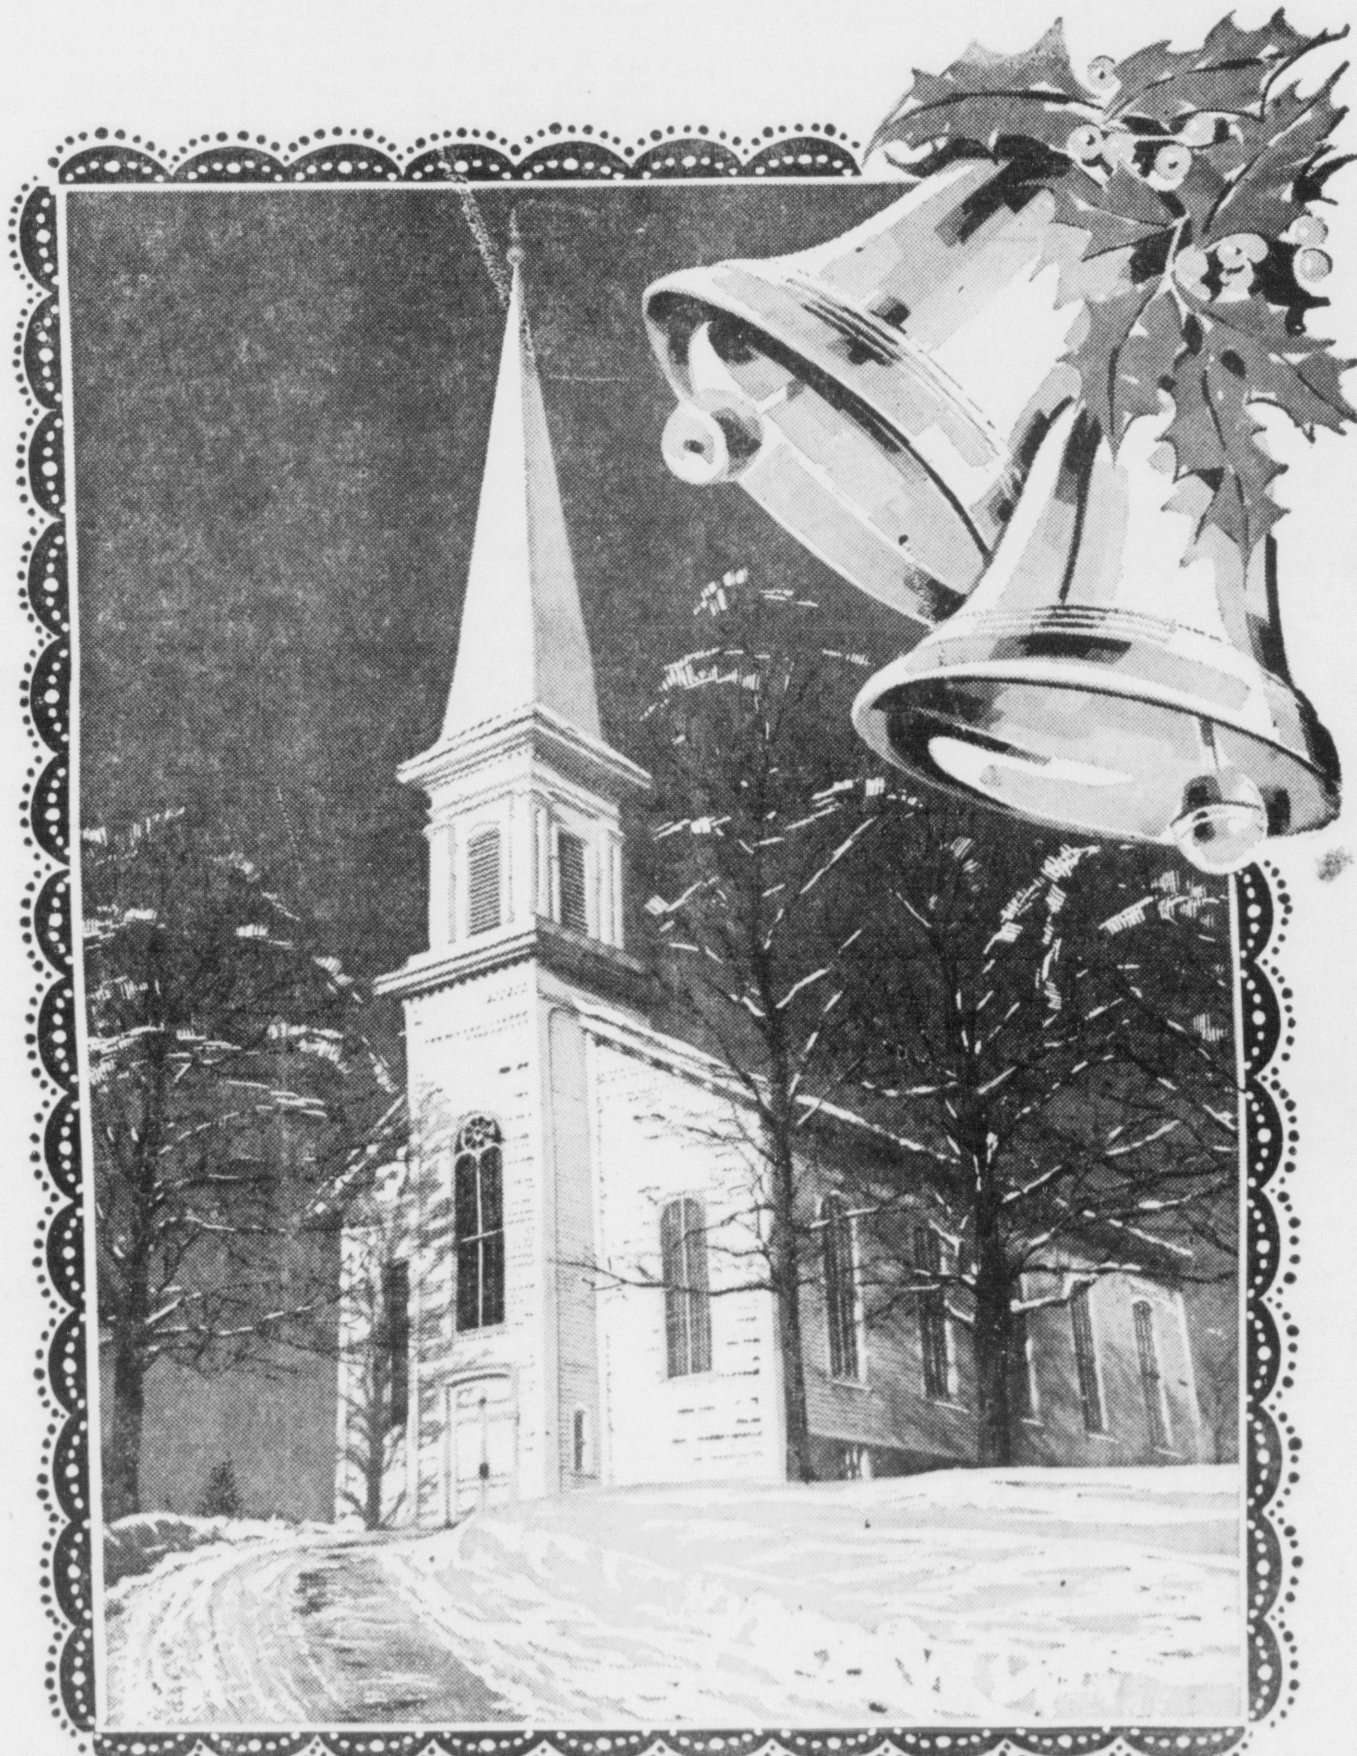

DES MOINES, Iowa (AP) — An old fire station building was purchased by a business firm which started some remodeling. Fred J. Reineke, head of the firm, removed a piece of moulding from the ceiling and from a storage room above there came a tumbling down half a bushel of oats.

The horse-driven fire fighting equipment was motorized in 1914.

SANTA and the FLYING SHOE

by Lucrece Beale

SYNOPSIS: Santa and King Ferdinand have solved the mystery of the Ipswich. It is a giant shoe inhabited by tiny men who have been summoned to terrorize the Kingdom of Polydora by the King's traitorous Minister of Science.

CHAPTER SEVENTEEN A MERRY CHRISTMAS TO ALL

"What!" cried the King. "My own Minister of Science caused my downfall?"

"It is true," said the Scaraboo. "The Minister wanted to be King. He plans to replace all the other ministers with machines and to do away with farms and houses and such. He says this is the Age of Science and the Kingdom of Polydora is a thousand years behind the times. Instead of raising food the people will now make food pills in factories. And instead of houses they will live in underground caves. And—"

"Oh, this is dreadful!" moaned the King. "My poor people!"

The Scaraboos were overcome with remorse. "He promised us half the Kingdom," said the leader. "And we did so want to get away from this island! But what fun would it be to haunt a kingdom of machines?"

Santa said, "And Christmas? Will they have Christmas in the new Polydora?"

The Scaraboos looked at him in dismay. "We never thought of that! But it's true—the Minister doesn't believe in Santa Claus."

"Ah," said Santa sadly. "Then I too shall vanish for to exist at all I must be believed in. And sooner or later he will get rid of you too, for haunts have no place in a Scientific Age."

The Scaraboos felt worse and worse. They clustered around Santa sobbing. "What shall we do?"

Suddenly the King took a deep breath and threw back his shoulders.

"A Merry Christmas to All!"

ders. "I am still the rightful King of Polydora. I shall return and save my kingdom!"

Then all the Scaraboos and Santa and the King climbed into the big shoe and sailed away from the lonely island. When they came to shore all the Scaraboos took a big hop. The shoe leaped forward and landed with a thud miles away. Again and again they hopped until they came to Polydora.

The people shook with terror to see the shoe settle down in the Public Square. The Minister of Science, wearing Ferdinand's crown, strode furiously from the palace.

He shook his fist at the shoe and cried, "Be off! I don't want you anymore." But the shoe just sat there. The Minister got madder and madder. He was about to set

fire to the shoe when Santa and the King, still dressed as shoe-shine boys, popped out and climbed to the ground.

The astonished minister drew his sword and threw himself at the King but Ferdinand snatched the sword away and turned it on the Minister. Then the Scaraboos, working faster than the eye could see, pinned the Minister's arms to his sides and moved the crown from the Minister's head to that of the King.

"What is this?" cried the people. Ferdinand stripped off his disguise and stood forth in his rightful royal dress. "All your troubles are at an end," he declared. "I am your King and the Ipswich is no more."

Then he told the people all that had happened. The people were furious and demanded that the Minister be put to death. But the King said, "I have a better idea. I shall exile him to the Island of the Scaraboos where he will be all alone and sleep in a cave and eat food pills and even turn into a machine if he so desires."

"And the Scaraboos?" asked the people.

"They will live in our land forevermore," said the King.

A mighty cheer went up from the people and a teeny, teeny cheer from the teeny, teeny Scaraboos. Then the people said, "Your Majesty, it is Christmas eve. Will we have Christmas this year?"

Santa Claus threw up his hands. "CHRISTMAS EVE! Goodness gracious!" He stripped off his disguise. "Yes, indeed. You will have Christmas this year but I must hurry, hurry!"

And with a wave of his hand to the happy king he rushed away. When he reached the bend in the road he turned and shouted, "A Merry Christmas to All!"

Dear Abby...

By Abigail VanBuren

Where There's Smoke . . .

DEAR ABBY: I am a secretary and I resent that just because my boss takes me to lunch three and four times a week there must be some funny business going on between us.

He takes me to lunch because it is his way of showing me that he appreciates a good secretary. We might even have a cocktail or two before we eat and I see nothing wrong with it. It has come back to me that there is talk in this office, and his wife has even asked the other girls questions about me. I wish you'd tell me just what two people could do between 12 and 1 in a crowded restaurant.

We are against it. We'd like your opinion.

HER PARENTS

DEAR PARENTS: It was dishonest of your neighbor to have withheld this revealing information about the man. Don't condemn him for having had psychiatric treatment. His mental state could now be better than that of others who need treatment but never have had it. If your daughter, nowing his history, wants to meet him, don't interfere.

Everybody's got a problem. What's yours? For a personal reply, send a self-addressed, stamped envelope to Abby, in care of this paper.

LUCKY MISS BROWN
DEAR LUCKY: They could make plans to meet after 5 where it isn't so crowded.

DEAR ABBY: I can't stand my husband when he is drunk and he can't stand me when he is sober. What should we do?

I am a nervous wreck. After being married for 14 years we have nothing in common. We do have five children, but you would think I found them in a cabbage patch for all the help he gives me with them. The only affection I ever get from him is when he has liquor on his breath, and that is when I would like to run a mile. What is a woman supposed to do in a situation of this kind?

HAD IT

DEAR HAD IT: It is difficult to tell whether your husband is miserable because he's drinking or drinking because he's miserable. Catch him when he's sober and ask him to lay his cards on the table. Ignoring a poor relationship only makes it worse. It's time for some plain sober conversation. Start it!

DEAR ABBY: A neighbor got my 19-year-old daughter interested in corresponding with her (the neighbor's) 22-year-old "nephew" by showing her his picture. After writing back and forth for 8 months a big romance bloomed. Now it turns out that this young man is not really her nephew, but the son of her best friend. She never told us that this fellow has had a nervous breakdown which has required psychiatric treatment off and on for years. His hobby is writing and my neighbor excuses it all by saying she thought it would be "good" for him to have a pen pal. In other words, she used my daughter as someone for him to write to. He is coming to this city soon. My daughter wants to meet him, knowing all about his background.

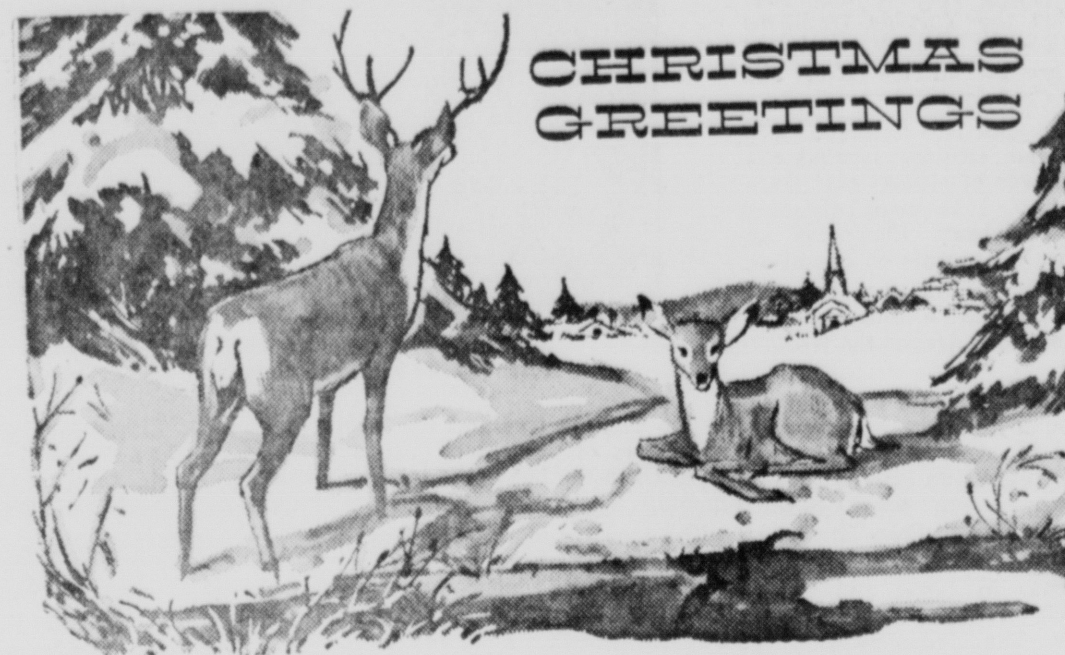

Happy, hearty holiday wishes to all our friends and patrons.

CHRISTMAS TREAT — Age-old art and a color proof print are compared at the National Gallery of Art in Washington D. C. The original hanging in the museum is El Greco's "Virgin with Saint Ines and St. Tecla." After color corrections were noted, a same-size transparency was made for Christmas exhibition.

Christmas Treat By Photography

By IRVING DESFOR
AP Newsfeatures

Through photography, an unusual Christmas treat is being served to New York City visitors for a lengthy holiday period.

They can see in faithful color reproductions, same size as the originals, 25 of the world's finest art treasures by Renaissance masters on the theme of Christ's birth. To see the original paintings, one would have to visit museums in Rome and Florence, Italy; London, England; Bruges, Belgium; Boston and Washington D. C. in this country.

However, instead of color print reproductions, the exhibition features illuminated color transparencies. They range from a 50-foot-long by 15-foot-high "Journey of the Magi" by Giotto from the Medici Chapel in Florence, Italy, to a 15 by 15 inch "Nativity" by Frau Angelica. Along with such classics as Raphael's "Alba Madonna," Van Eyck's "Annunciation," El Greco's "Virgin with Saints," and Giorgione's "Adoration of the Shepherds," the illuminations are on display in the Life building exhibit area in Rockefeller Center.

To enhance the emotional impact of the color reproductions, a background of appropriate religious music by choral groups is heard and the general level of illumination of the exhibit area has been subdued so that light does not compete with that of the transparencies.

This unique exhibit was conceived by Miss Marjorie Varga, an art editor of Life magazine for 20 years and painter in her own right. She was aware of the limitations of color reproduction by conventional techniques. But the idea

of illuminations of faithful color rendition in the actual size of original paintings was an exciting new thought.

The job of reproduction was turned over to Joe Snyder whose outfit, Color Corporation of America, specializes in the field of giant color displays. Miss Varga visited their plant in Tampa, Fla., to check color proofs, and then, accompanied by technicians, went to the National Gallery of Art in the nation's capital to check again some of the original paintings hanging there.

"The choice of illuminated transparencies," Snyder agrees, "was exactly right. It is the best way to capture the patina or essence of an original painting. That's because a transparency has the longest inherent color range and of all media can most closely duplicate the infinite range of colors of an original."

"Furthermore, the effect of the light from behind a transparency increases the illusion of depth in the painting itself. This is most appropriate with the Renaissance painters for they piled color upon color, layer upon layer to achieve their results."

A result of this Christmas exhibition is the thought that perhaps amateur photographers and camera clubs might explore further possibilities. Camera fans, for instance, can "own" museum paintings. A great many museums, in fact, permit photography and others give special permission upon request. It's another area of photography which can be pursued to yield great satisfaction.

Secondly, camera clubs might well consider the possibility of ex-

Hill Country Boys Convert Mistletoe Plant into Money

By GROVER BRINKMAN
CPA Correspondent

Men and boys over wide areas of Kentucky and Tennessee hill country earn pocket money at this season of the year in an unusual way. They climb trees and clip mistletoe.

Mistletoe is a parasite plant that we honor at Christmas. It grows in many sections of the United States. Along the California coast, its growth is so heavy that in places the parasite plants conceal the real tree.

The mistletoe was a holy plant in Scandinavia centuries ago. The Druids of ancient Britain inveighed its power in many of their sacred rites.

Now it has lost its superstition, at least in America. It has not lost its charm.

You buy it in supermarkets—many times in a very wilted condition. To get the fresh beautiful mistletoe, you must climb for it. That isn't as easy as it sounds, for it generally seeks out the tops of the highest trees.

The European mistletoe and the American variety are not identical, but they are similar. It is one of the few parasite plants that invade temperate zones and thrive.

To classify it as an unusual plant is putting it mildly. It belongs to that group of plants known as parasitic, because it does not obtain its sap from its own roots. Instead, it attaches itself to the bark of a parent tree, upon which it grows.

It is seen high in the tops of trees. It is more noticeable during the early winter, when the tree itself has shed its leaves. The mistletoe itself is a vivid spot of green. At first glance it might be

mistaken for a squirrel's nest. But a closer look reveals it is a plant, attached to the tree.

The mistletoe attaches itself to the tree, much like a leech upon a fish. Its roots take hold in the tree bark, and soon it is part of the limb, perfectly joined. You can't pull it loose, for it has an inseparable union with the limb. To remove it, clip it with shears.

It prefers different trees in different locales. In Europe, for instance, it grows quite profusely upon apple trees. In America, it is rarely seen on a fruit tree, but it is found on various common trees of the forest, such as walnut, poplar, willow, maple, gum and sycamore.

Botanists claim the mistletoe itself does little or no damage to

the host tree, unless the infestation is extremely heavy. Even so, it goes by the common name of "thief." The name is no misnomer, for it does live on the sap of the tree, and, accordingly, is a tree thief.

The mistletoe itself is propagated by its seeds, found in the core of the small, white berries of the plant itself. The more berries on a twig of mistletoe, the more valuable it is on the market, for it adds a pleasant note of decoration.

Crush one of the berries, and you find the pulp sticky. Birds eat them, for they are high in lime content. Some of the tiny seeds stick to their bills, and, in cleaning their bills, the birds "park" the seeds on different trees. Under favorable weather conditions, the

Mistletoe grows high, as on this poplar tree in Kentucky.

Fine Gesture For Fine Cause

CHARLESTON, W. Va. (AP) — A little bus that makes a 68-mile daily round trip to carry eight blind youngsters to and from school is rolling again.

A few weeks ago the bus operation was in trouble. The parents needed \$1,000 to repair the creaking vehicle and meet other expenses for the remainder of the year.

Then a Charleston auto dealer came to the rescue, overhauling the bus without charge. A rent-a-car firm loaned a station wagon for use while the bus was being repaired. Then a bake sale held by the parents netted \$75 and several donations were received.

As a result the bus again is running from Nitro, west of Charleston, to the Glenwood School here, where special classes are held for the blind.

Soak prunes in water; drain, pit and chop. Add the fruit to a bread stuffing for roast duck.

Santa Satchels Can Be Pretty

St. Nick's big sack is always so stuffed with goodies nobody pays any attention to its shapeless, downright unfashionable, lines.

But if you're playing Santa, bright plastic tote bags can be sewn and decorated at home at little cost. Each bag required about 3/4 yard of 36-inch upholstery or other heavy plastic; about 21x22 inches.

Seam the bag down the center of the back and then straight across the bottom. Fold over the two corners and tack them in place. Handles should be 15x1 1/2 inches. Double them over so they're just under an inch wide, and stitch them well down on the bag for strength.

Then decorate with colored plastic tape, gold metallic tape, Christmas ornaments, many shaped sequins.

Here are two kinds:
Christmas-ball bag: Make from bright coral with white and gold design. Cut out ornament shape on fold of scrap paper, 8x10 is a good size. Then cut piece of waxed paper slightly larger than this pattern, and place strips of 1 1/2" white plastic tape close together on it.

Trace your pattern onto the white tape (pencil marks clearly), and cut. Remove bands from waxed paper and re-set them on bag. Add trim of gold metallic tape and sequins (which can be attached with small dabs of glue.) Cut a stylized bow for the top and fold it around a gold ring.

Christmas tree bag: This moss green bag features a blue tape tree with green ornaments. Outline a triangle on the bag first — perhaps 7x14 inches. Cut eight pairs of branches in graduating sizes, using blue plastic tape 1 1/2" wide. Apply to front of bag in inverted V shape. Stand for tree is made from black, white, and red tape. Christmas tree ornaments are attached by the small wire clip in the neck.

When you've finished talking around your gifts, the bag will make an appreciated present itself. That is, if no one has talked you out of it in the meantime.

May the sweet joys
of Christmas fill the hearts
of you and yours, now and evermore.

Little Girls Love Christmas Whether Fashions Old or New

By JEAN SPRAIN WILSON
AP Newsfeatures Writer

Be it old-fashioned or new-fashioned, little girls love Christmas in any fashion.

Some adults cling to the field-grown yule tree decorated with kitchen-conceived goodies, but they still can't resist the practicality of modern small fry clothes.

Although some avant-garde individuals hail the wonders of a chemically produced forever green or -silver- or -pink- or blue holiday tree, they nevertheless admit that little girl styles are best with old-fashion flavor.

Consequently, today's children's wear designers are combining classic little girl fashions with modern, practical, big girl fabrics.

These festive clothes for feminine cherubs are made with plenty of underarm ease in order to avoid disaster when lively indefatigable tykes drop their angelic poses.

Today the styles are cut from bright hued velveteens and lush silky looking fabrics. Yokes are embroidered, collars and sleeves long and cuffed. And jumpers and pinafores of yesterday are still good fashion today.

Indeed, nothing is really new in little girl wear this year, except that it has never before been more luxuriously old-fashioned and so modernly practical.

First "envelope" greeting card was a Christmas card published in 1906 by Rust Craft.

New Hazards

LAWRENCE, Kan. (AP) — Golfers everywhere have their alibis. At the Lawrence Country club the best excuse is deer.

Bud Snavelly, greenskeeper at the club, reports that a herd of about eight "amazingly tame" deer has been nibbling at the 2nd, 13th and 15th greens. Besides eating the grass, their hooves leave deep cuts that are hard to repair.

Recently Snavelly has used smudge-pot flares to ring the greens in an effort to keep the deer away at night.

A Christmas Prayer

May the spirit of Christmas remain in all men's hearts so that hope and peace and love shall prevail over our land and all other lands on earth.

"Peregrinos" arrive at a home for a "posada."

'Peregrinos' Pay Their Calls During Mexico Christmastide

By SANDO BOLOGNA
CPA Correspondent

The Mexican custom of celebrating the posada at Christmastide is focused on the story of the Nativity—told with serious meaning combined with fun and gaiety.

Americans living or visiting in Mexico join in the Navidad festivities because of the spontaneous goodwill and joy by all participants. From Dec. 16 to 25, churches, hotels and many social groups sponsor posadas throughout Mexico. The average Mexican home also has one or more posadas during that period.

The posada (meaning lodging or inn) is essentially a family celebration. Its origin is attributed to a friar at San Augustin Acolman, where, for better understanding of Christianity by the Indians, an objective portrayal was given of the birth of the Christ Child.

There is a blending of some pagan Indian customs into the posada. The influences are traced to the pre-Cortez period when the Aztecs prepared for the spiritual coming of their god Huitzilopochtli with gay home parties. Guests used to be served food and given small figures of gods made of an edible dough known as "tzoil."

During the nine posada days, Mexicans re-enact the wanderings of the Holy Family in search of lodging. At the head of each procession, two children carry a litter with small clay figures of Joseph and Mary astride a burro. The ninos and ninas, walking in pairs, hold small lighted candles as they chant litanies. Sometimes a reluctant donkey may be in the procession.

The procession halts in front of a door where the celebration is scheduled. The children then chant, "In the name of Heaven, we ask posada." They sing of the night—how cold and dark it is and how hard the wind blows.

From inside, a chorus of voices refuses asylum. Again, the peregrinos (pilgrims) ask for shelter, saying that Mary is with them and she can no longer walk. The doors are then opened. The procession marches in to join in singing, dancing and eating. The celebrants who welcome the pilgrims sing, "Enter, holy pilgrims. Take lodging in my poor little stable and in my heart. Let the flutes and timbrels sound. For now is here the King of Heaven!"

As the peregrinos begin to participate in the fiesta, the clay figurines of Mary, Joseph, shepherds and sheep are placed in the nacimiento, or manger scene, usually in the corner of the room. The figure of the Christ Child is not

put into the creche until Christmas Eve.

The fun really whips up when the youngest child is blindfolded, given a long stick, and told to try to break the pinata. The pinata is a large, star-shaped vessel of light clay filled with nuts, fruits and such goodies as candy snakes, called viboras de caramelo.

The pinata, which is usually festooned in crepe paper, hangs from a rope attached to the ceiling. Amid gales of laughter, the blindfolded youngster must try to break the pinata with the long stick. The pinata is raised and lowered to confound the batter.

Several youngsters, even adults, are given the opportunity to break the pinata. When it is finally broken, the goodies and prizes fall to the floor and children scramble for them. Even the grownups will pick up their rewards. Sometimes a couple of pinatas are broken at a party.

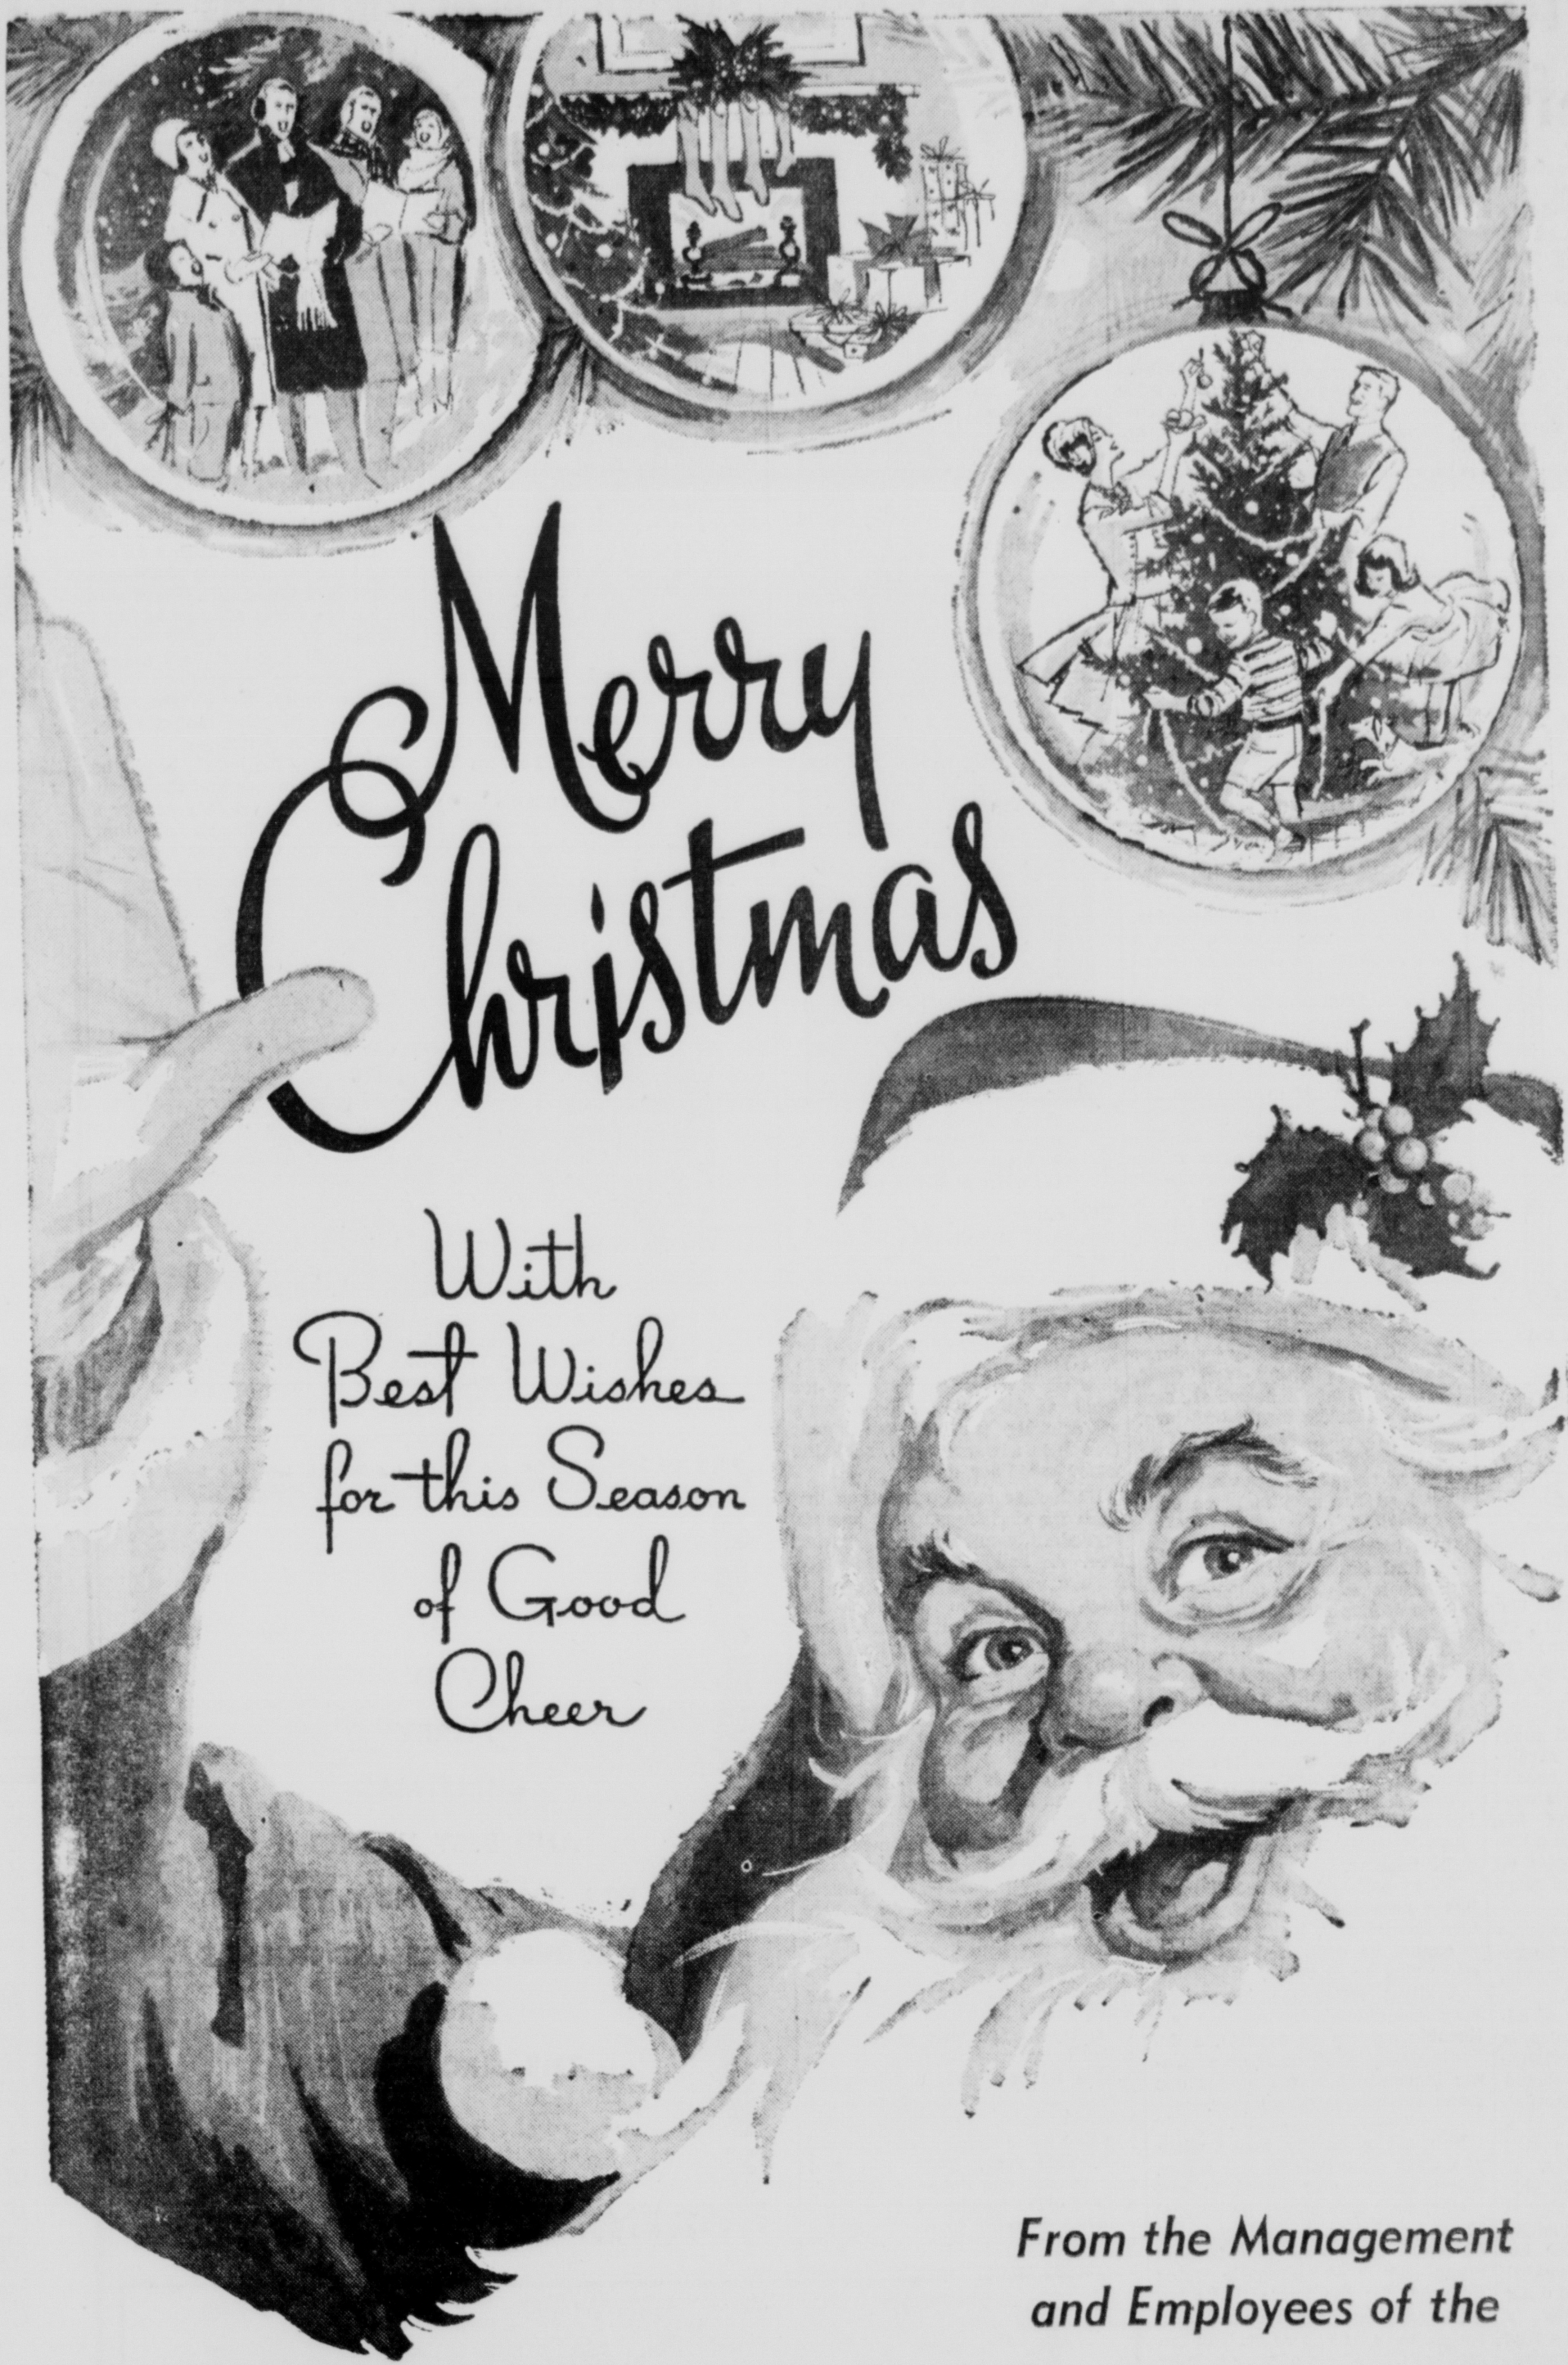

All join in eating typical Mexican tidbits, such as bunuelos (crisply fried, flaky doughnut-like cakes covered with honey), torrijas (sweetened fried bread) and other small dishes, accompanied by hot punch, fruit juices and spiced drinks. The gaiety is contagious and non-Mexicans find a new kind of enjoyment of Christmas fellowship.

The festive spirit persists right through the Twelfth Day, when the Three Kings are honored on Jan. 6. Only then do the Mexicans exchange gifts, which are distributed principally among the children.

You're not bathing when you swim. A dip in a lake or the sea is also a dip in mud, sand, litter and oil slick from boats. Follow every swim with a soap-and-water shower or tub bath.

SANTA CLAUS MAYOR—Bonnie Elizabeth Chandler of Laurel, Miss., has been named honorary mayor of Santa Claus, Ind. She will be 10 Christmas Eve.

Selection, Care Important For Safe Christmas Tree

**Central Press Association
Correspondent**
This year approximately 40 million trees will be cut and shipped to dealers for the Christmas market.

They come in two sizes, too big or too little.
Know the height of your ceiling and take along a tape measure when tree shopping. It takes from five to eight years for plantings to yield cutable trees. It only takes a few days for your tree to become a bare skeleton unless it is carefully chosen and cared for.

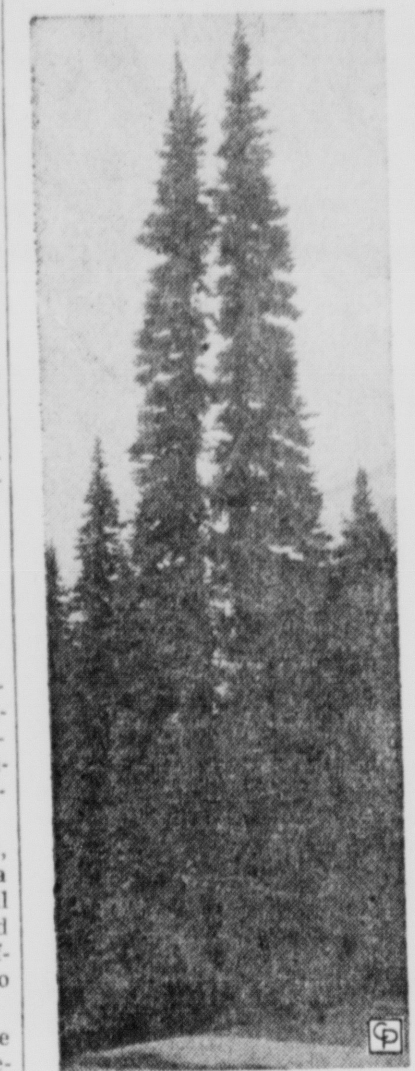

Shop early to insure a good selection. Stand the tree erect and check for broken branches, falling needles and color. It is difficult to find a perfectly shaped tree but

gaps can be filled in by wiring extra branches to the trunk. It should be a true green color with no brown patches. Springiness of boughs and firmly attached needles indicate a healthy tree that will last. A good tree has a distinct tip for a glittering star or angel to top your decorations.

Almost all evergreens are used as Christmas trees, but firs, pines and spruces are preferred. Of all trees sold, more than half are firs. They are symmetrical, have a dense, green foliage and hold their needles well. The Douglas fir may be identified by its flat needles, evenly spaced along the boughs. With proper care it outlasts most other species.

For a spicy, evergreen fra-

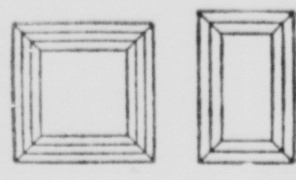

grance that adds tang to the holiday atmosphere choose a balsam fir. Pines look ragged but their

These beautiful firs in Mount Rainier National Park are a little too large for average living room.

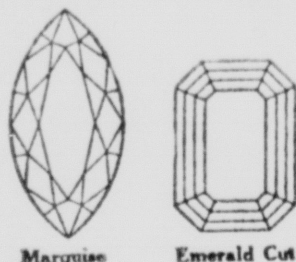

Yule Diamond Buyers Should Seek Reputable Jeweler

**By SYLVIA HENKIN
Written Especially for Central
Press and his Newspaper**
Where a diamond may be a girl's best friend, a reputable jeweler is the purchaser's best friend. A jeweler, selected with con-

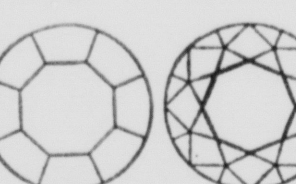

Square Cut

Baguette

Marquise

Emerald Cut

Single Cut

Brilliant Cut

Popular diamond styles.

dence, will help the customer understand about carat (weight), cut (facets), clarity (perfection) and color. All four "C" factors combined determine the price of the ring.

One of the largest retail chain stores in this country has recently advertised a three-day special on 1/4 carat premium diamond rings for the low price of \$75, soundly guaranteed and with a lifetime trade-in for the full price on the selection of a larger and more expensive ring.

One ingenious jeweler advertises his "Over-The-Diamond-Counter" specials, stock market fashion, with bid-and-ask quotations. No matter which manner of advertising and method of sales is followed, it is of prime importance the jeweler be reputable. He should be willing and pleased to furnish a receipt for the purchase and a written guarantee as to the 4C's — carat, cut, color and clarity.

Where a jeweler refuses to give written assurance after the ring is purchased, but sends his customer to a so-called competitor for appraisal of the ring, beware! There is a rogue's code among unethical jewelers whereby a marking inside the shank of a ring indicates that a high appraisal should be given to the unsuspecting customer.

The nation's diamond center, which is in New York City, supplying almost 99 per cent of the country's jewelers and doing an

annual business of \$500 million, enjoys the reputation of highest integrity. Two diamond clubs, situated in this center, supervised maintenance of the jewelers' high standards.

Diamond Council of America, formed in recent years, has a membership of leading retail jewelers throughout the United States and Canada. The council offers instruction in gemology to member and their employees.

Those who complete the course and pass a rigid examination become Guild Gemologists. Further education in the science of diamonds leads the gemologist to the degree of Certified Diamondologist.

Many of the nation's top jewelers, without the council's formal education in the science of diamonds, are every bit experts. Having apprenticed and worked with experienced older experts, these jewelers are equally trustworthy.

The diamond literally endures forever. It is fitting and right, therefore, that a betrothal ring should symbolize everlasting love.

The first engagement rings in the United States were known as "keeper rings" because allegedly they kept the men in place until the wedding.

The betrothal ring is worn on the third finger of the left hand because it was once believed that a vein of love ran from this finger of the heart.

Diamond rings are now worn by more than 85 per cent of the women in this country as compared to eight per cent 40 years ago. Married men, more than ever before, are buying engagement rings for their wives as anniversary gifts.

Recent figures show the prevailing preferred price for diamond rings is under \$230. Solitaires are most popular.

Every polished and cut diamond has a personality, glittering in its own special way. In its distinction, it cannot be compared with any other ring as to value.

A slight difference in weight, very insignificant imperfection (noticeable only to an expert), a delicate deviation in color or a minute inaccuracy of cut makes one stone worth less than another.

You get a beauty bonus when you wash your hair in soft water. When washed and rinsed in soft water, your hair shows its natural sheen and luster. According to the Lindsay Company, the leading manufacturer of automatic water softener for the home that's because all of your shampoo has been rinsed away by soft water. You can test the cleanliness of your hair by its "squeak." If really clean it "squeaks" when brushed back from your forehead. Besides that, you save shampoo with every washing. Soft water creates suds with so little of the liquid.

Animals Are Woven into Rich Traditionals of Christmas

**By FRANK WATSON
Central Press Staff Writer**
Mention the word "Christmas" and what is the first animal a person thinks of? Reindeer, right? Thanks to that poem by Clement Clarke Moore, titled "A Visit from St. Nicholas", the reindeer is the king of animals during the Christmas season.

It's time, though to remember that Christmas doesn't belong just to Dasher, Dancer, Prancer and company as they go "up on the housetops", etc.

There are other animals woven into the rich tradition that is Christmas. In fact, animals play a more important part in this holiday than they do in any other.

The Bethlehem manger scene, itself, would not be complete without the figures of an ass and an ox reclining near the Christ child.

One can hardly think of a stable without cattle and the Wise Men without their camels. The shepherd, of course, watched over their flocks by night.

Birds turn up at important moments in the story of the birth of Christ. It was a raven flying over the little town of Bethlehem that was the first bird to learn of Christ's arrival.

The cock crowed to tell the world about the miraculous event and a wren flew in with feathers and

moss for a coverlet.

St. Francis of Assisi is given credit for staging the first known reenactment of the Nativity. This was in Greccio, Italy, in 1224, A.D. He used a real ox and donkey as well as real people.

The custom started by St. Francis continues today in real-life or make-believe creches illuminated in front of many churches of many faiths at Christmastime.

To St. Francis is attributed the custom of giving extra rations to oxen and asses in remembrance of the first Christmas Eve.

In Scandinavia, bird lovers cover special trees with suet, nuts, seeds and cranberries while Belgian and Dutch children leave carrots for the gray horse of St. Nick. Saucers of milk are sometimes left by American children for the reindeer.

Different legends also arose around the participation of animals in that first Christmas. There was the belief that animals knelt at midnight to pay homage to the Christ Child and that bees assembled to hum the psalms.

Not so lucky, though are some other animals, who, nevertheless, play a part in Christmas.

We refer to the bear's head, the peacock, the turkey and the goose. One might say that they occupy a "tasty" place in the pageantry that surrounds the Christmas season.

HIS CROP'S A LEMON—Romeo Salerno proudly displays a one-pound lemon growing on a tree planted six years ago in his shoemaker's shop in Athens, O. It has produced 10 lemons and has four others growing on it. Salerno cares for it like a house plant.

grace that adds tang to the holiday atmosphere choose a balsam fir. Pines look ragged but their

These beautiful firs in Mount Rainier National Park are a little too large for average living room.

long needles won't drop off. A spruce is apt to shed its needles after a few days in a warm room.

Place your tree in a water container and store outdoors or in a cool place until ready for use indoors. Tree stumps are sealed before shipping to prevent splitting.

Saw off a couple of inches of the trunk at an angle to allow plenty of drinking surface. Once your tree is in a warm room, refill the water container daily.

Each year more people buy live trees for Christmas. Most legends regarding them mention a growing tree. A balled, burlapped tree from a nursery costs more but it may be enjoyed outdoors for years. While using it indoors, place it in a tub and water the entire ball frequently. Plant within a week to assure a better chance for growth.

Safety tips: A tree won't turn into a flaming torch within seconds if care is used. Don't place it near a fireplace, register or radiator.

Check electrical equipment for frayed wires, broken sockets and loose connections. Avoid overloading electrical circuits and turn tree lights off at night and before leaving the house.

A dry tree that is dropping its needles is a fire hazard. Keep the holiday safe by frequent watering, or spray foliage with gear latex, which helps to retain the moisture.

Like Santa Claus, a Christmas tree is an important symbol of yuletide cheer. No matter where you live some species will be available. This year, your tree will cost around one dollar a foot for a first class specimen. The slow-growing Douglas firs are slightly higher.

It's time, though to remember that Christmas doesn't belong just to Dasher, Dancer, Prancer and company as they go "up on the housetops", etc.

There are other animals woven into the rich tradition that is Christmas. In fact, animals play a more important part in this holiday than they do in any other.

The Bethlehem manger scene, itself, would not be complete without the figures of an ass and an ox reclining near the Christ child.

One can hardly think of a stable without cattle and the Wise Men without their camels. The shepherd, of course, watched over their flocks by night.

Birds turn up at important moments in the story of the birth of Christ. It was a raven flying over the little town of Bethlehem that was the first bird to learn of Christ's arrival.

The cock crowed to tell the world about the miraculous event and a wren flew in with feathers and

moss for a coverlet. St. Francis of Assisi is given credit for staging the first known reenactment of the Nativity. This was in Greccio, Italy, in 1224, A.D. He used a real ox and donkey as well as real people.

The custom started by St. Francis continues today in real-life or make-believe creches illuminated in front of many churches of many faiths at Christmastime.

To St. Francis is attributed the custom of giving extra rations to oxen and asses in remembrance of the first Christmas Eve.

In Scandinavia, bird lovers cover special trees with suet, nuts, seeds and cranberries while Belgian and Dutch children leave carrots for the gray horse of St. Nick. Sauces of milk are sometimes left by American children for the reindeer.

Different legends also arose around the participation of animals in that first Christmas. There was the belief that animals knelt at midnight to pay homage to the Christ Child and that bees assembled to hum the psalms.

Not so lucky, though are some other animals, who, nevertheless, play a part in Christmas.

We refer to the boar's head, the peacock, the turkey and the goose. One might say that they occupy a "tasty" place in the pagantry that surrounds the Christmas season.

In this painting of the Nativity, "The Adoration of the Shepherds," by the 16th century artist Pier-Francesco Sacchi Di Pavia, a number of animals, including sheep, an ass, an ox and a bird, are shown. Bob Jones Univ., Greenville, S.C.

Christmas Note

A boy in Denver couldn't wait for his parents to wake up Christmas morning before rushing off to try his new sled. But he left this note on the fireplace, "Dear Ma and Dad, I'll be home at seven for the rest of my presence. I'm out slaying."

Public protests in Muskegon, Mich., forced a bank to remove a sign announcing, "There is no Santa Claus. Work, earn, save!"

Yule Diamond Buyers Should Seek Reputable Jewelryman

By SYLVIA HENKIN
Written Especially for Central Press and his Newspaper

Where a diamond may be a girl's best friend, a reputable jeweler is the purchaser's best friend. A jeweler, selected with con-

annual business of \$500 million, enjoys the reputation of highest integrity. Two diamond clubs, situated in this center, supervised maintenance of the jeweler's high standards.

Diamond Council of America, formed in recent years, has a membership of leading retail jewelers throughout the United States and Canada. The council offers instruction in gemology to member and their employees.

Those who complete the course and pass a rigid examination become Guild Gemologists. Further education in the science of diamonds leads the gemologist to the degree of Certified Diamondologist.

Many of the nation's top jewelers, without the council's formal education in the science of diamonds, are every bit experts. Having apprenticed and worked with experienced older experts, these jewelers are equally trustworthy.

The diamond literally endures forever. It is fitting and right, therefore, that a betrothal ring should symbolize everlasting love.

The first engagement rings in the United States were known as "keeper rings" because allegedly they kept the men in place until the wedding.

The betrothal ring is worn on the third finger of the left hand because it was once believed that a vein of love ran from this finger of the heart.

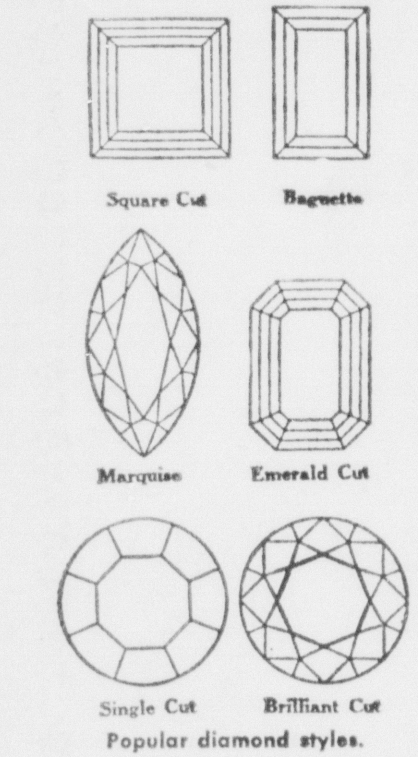

Diamond rings are now worn by more than 85 per cent of the women in this country as compared to eight per cent 40 years ago. Married men, more than ever before, are buying engagement rings for their wives as anniversary gifts.

Recent figures show the prevailing preferred price for diamond rings is under \$230. Solitaires are most popular.

Every polished and cut diamond has a personality, glittering in its own special way. In its distinction, it cannot be compared with any other ring as to value.

A slight difference in weight, very insignificant imperfection (noticeable only to an expert), a delicate deviation in color or a minute inaccuracy of cut makes one stone worth less than another.

You get a beauty bonus when you wash your hair in soft water. When washed and rinsed in soft water, your hair shows its natural sheen and luster. According to the Lindsay Company, the leading manufacturer of automatic water softener for the home that's because all of your shampoo has been rinsed away by soft water. You can test the cleanliness of your hair by its "squeak". If really clean it "squeaks" when brushed back from your forehead. Besides that, you save shampoo with every washing. Soft water creates suds with so little of the liquid.

dence, will help the customer understand about carat (weight), cut (facets), clarity (perfection) and color. All four "C" factors combined determine the price of the ring.

One of the largest retail chain stores in this country has recently advertised a three-day special on 1/4 carat premium diamond rings for the low price of \$75, soundly guaranteed and with a lifetime trade-in for the full price on the selection of a larger and more expensive ring.

One ingenious jeweler advertises his "Over-The-Diamond-Counter" specials, stock market fashion, with bid-and-ask quotations.

No matter which manner of advertising and method of sales is followed, it is of prime importance the jeweler be reputable. He should be willing and pleased to furnish a receipt for the purchase and a written guarantee as to the 4C's — carat, cut, color and clarity.

Where a jeweler refuses to give written assurance after the ring is purchased, but sends his customer to a so-called competitor for appraisal of the ring, beware! There is a rogue's code among unethical jewelers whereby a marking inside the shank of a ring indicates that a high appraisal should be given to the unsuspecting customer.

The nation's diamond center, which is in New York City, supplying almost 99 per cent of the country's jewelers and doing an

Camera Fan Reading Matter Is Available for Christmas

By IRVING DESFOR
AP Newsfeatures

Just before Christmas the presses of the photo book industry whirl with increased activity, it seems, to fill up Santa's pack with appropriate reading matter for camera fans.

And this year if Santa's hearty "Ho-ho-ho" sounds merrier than ever it might be because he dipped into his bag and came up with John Faber's "Humor in News Photography" (Thomas Nelson & Sons, \$3.95). It's a collection of 57 classic fun-filled photos which have been published in the U. S. press in the past 15 years. They bring a light-hearted touch to the regular pictorial presentation of the world's tensions.

This is Faber's second visual round-up, thanks to his extracurricular job as historian for the National Press Photographers Association. His first compilation was "Great Moments in News Photography," a commendable job in digging up the stories behind the historic pictures in press photography. In both books, Faber has done more than bestow a credit line with each photograph — he includes a portrait of the photographer. The books are a tribute, therefore, to the men behind the cameras.

When Santa stops chuckling and

gets back to the serious nature of the photographic world, he'll find a pretty good cross-section of the year's high spots in Tom Maloney's "U. S. Camera '62" (Duell, Sloane & Pearce, \$10). This 26th edition of the annual, dedicated to Edward Steichen, presents about a dozen portfolios of top-flight craftsmen, an American-International section of exceptional pictures and a report on rocket photography.

By this time if Santa gets so enthused that he decides he'd like to study photography, he could reach into his pack and — presto! — produce "Everybody's Photo Course" by Joseph Foldes. This paperback book (U. S. Camera Publ., \$1.95, takes a beginner from fundamentals to portraiture in 33 lessons illustrated with more than 750 photographs. Besides information on exposure, processing, enlarging, lighting, composition and posing, there are do-it-yourself exercises along the way to put the theories into actual practice.

Santa has been making his rounds for a long time and if he wanted to indulge in photographic nostalgia, he might reminisce with the "Photographer of the Southwest: Adam Clark Vroman, 1856-1916" in a beautifully printed book (Ward Ritchie Press, \$12.50). Ruth I Mahood of the Los Angeles County Museum documents the story of a photo pioneer who befriended the Indians in Arizona, New Mexico and Southern California and photographed their life around the turn of the century. Almost 60 years later, 2400 glass negatives discovered in fairly good shape and out of them has come this historical book.

Doctor, Land Crab Aid Title Effort

TUCKER'S TOWN, Bermuda (AP)—A doctor and a land crab helped Ralph Hutchison, 50, of Saucon Valley, Bethlehem, Pa., and Cotton Bay, Eleuthera, Bahamas, win the ninth Bermuda Goodwill professional golf title with a one-over par 72.

Hutchison's tee shot on the 18th hole bounded into a land crab hole in the rough of a ravine bordering the Atlantic. Fifteen people looked five minutes before Dr. Charles W. Werley, of Hutchison's club, found the ball. (Editor's note: No, the doctor didn't have the ball up his sleeve, as teammates and rivals jokingly suggested.)

Hutch took a free lift and hit his second shot over a coral cliff 20 feet high. His third shot landed on the green 40 feet short of the cup. He sank the long putt for a par 4 and beat Jack Mallon, 50, of Wheatley Hills, East Williston, N. Y., and Roy Bronsdon, 57, of Greenwich, Conn., by two shots in the 18-hole test.

Hutchison got \$600 for his victory. There was some suggestion that he gave Dr. Werley his trophy.

School Probably Will Be Tougher

MINNEAPOLIS (AP) — If you think school was tough in your day, pity the poor scholar of five years hence.

Dr. A. Richard Baldwin, research director of a farm products firm (Cargill, Ind.) estimates that man's accumulation of knowledge will double between 1960 and 1967.

It will be the fourth time that man's volume of knowledge has doubled, says Dr. Baldwin. Previous times were between 1750 and 1900; between 1900 and 1950; and between 1950 and 1960.

Steel Increase Seen in 1962

NEW YORK (AP)—An increase in steel production of as much as 15 per cent in 1962 is foreseen by Leonard C. Rose, president of the Colorado Fuel & Iron Corp.

Rose said increased construction activity will be a key factor in the rise, which would boost output to 112 from 115 million in 1961.

But the steel executive also foresees tightening competition among producers and an uneven spread of benefits from the upturn.

Other steelmaking officials have predicted stepped up production, but most have limited their estimates to the first half of the year — the period preceding expiration of the industry's 30-month labor contract.

NEW YORK (AP)—The rubber industry along with many others will benefit in 1962 from the forward and upward trend of business in the United States, says M. G. O'Neil, president of the General Tire & Rubber Co.

O'Neil said the year was likely to see record high tire production of 131 million units, or about 5

million above 1961's mark.

The expanded market to absorb them is being generated by the 75 million automobiles, trucks and buses now in service, plus the high volume of vehicle production expected next year, he said.

O'Neil said truck tire requirements probably will be affected adversely by a comeback in the competitive position of the railroads, which are regaining long haul business previously lost to trucks.

Rather Toot Than Work

FRANKLIN, Mass. (AP) — Herbert C. Stewart, 77, a printer, doesn't let work interfere with his playing of taps here on Memorial Day. He has been the bugler at Memorial Day services in Franklin for 57 consecutive years and for 49 years in nearby Norfolk.

"I turn work away to make sure I'm available for the chore each year," says Stewart, who runs his own printing shop. "I always accept only the amount of work that pleases me."

GENERAL PLAYS SANTA CLAUS—Maj. Gen. William B. Bunker, U.S.A.T.M.C. headquarters commanding general, is having a wonderful time with two tots at the St. Elizabeth Day Nursery in St. Louis. He helped the U.S. Army Transportation Material Command deliver yuletide goodies and a decorated, 7-foot Christmas tree to the nursery.

Real Test For Poets

OXFORD, England (AP) — A formula for telling a real poet from a false one has been advanced by Robert Graves, author and professor of poetry at Oxford University.

In a lecture at Oxford, he said: "True poetic trances excite memorable images, strong personal rhythms and a peculiar syntax which together transcend in emotional force the most considered rhetoric."

"False trances imitate these elements, but deceive no reader of sensibility."

"Any honest, dedicated poet, with a nose and an eye, will take up a new volume of verse, riffle the pages through, and decide after two minutes, by a pricking of his finger tips, whether or not the muse has been in attendance."

Graves said that when one reads or writes a true poem "the hairs stand on end, the eyes water the throat constricts, the skin crawls and a shiver runs down the spine."

Days Don't Drift

CHETICAMP, N.S. (AP) — Mrs. Dan Arsenault may be 104 but she is not one to let the days just drift by.

After a nine-hour sleep she is up at 6 a. m., ready for a full day of knitting. She currently is working on a bedspread.

The thrice-married widow says she never takes a pill or a drop of medicine and has never owned a pair of eyeglasses. Mrs. Arsenault who lives with a son and his wife, adds that she enjoys a good appetite.

Highest Presence of Vast Universe Brings Shining Light to Lowly Planet

EDITOR'S NOTE — In the Heavens, music. In the stillness below, the cry of a newborn infant. The mystery of the incarnation forms the subject of this last of four articles on the Christmas story, with its setting in heaven. The narrative is based on Scriptural allusions. Quotations are from the Bible, as attributed to angels, prophets and apostles whose words reflected the Mind of those higher realms.

By GEORGE CORNELL
AP Religion Writer

Outwardly, there is little noteworthy about the planet.

It is relatively small and drab, a minor fragment of a minor sun, turning in the black ranges of the light-years.

Astronomically, one would scarcely notice the earth.

Yet on this night, it is a breathtaking attraction. The Plades cannot match its glory. The magnificent Sirius pales in comparison. The earth on this night radiates with surpassing distinction.

"The Light shineth in the darkness."

Out of the throbbing skies, a luminous shaft streams down like spun silver on a rocky Judean hillside. And over the scene hovers a multitudinous host, exulting in the broad compass of the heavens.

"Lift up your heads, O gates! And be lifted up, O ancient doors! That the King of Glory may come in."

The lowly planet is touched by the Highest Presence. A unique Visitor crosses its threshold. The Sovereign Will bursts forth among uncertain humanity. Providence sets foot on earth. God joins man.

"In the beginning was the Word, and the Word was God, and the Word became flesh and dwelt among them."

The great intervention is commenced, the divine quest to re-establish living union with a dubious and precarious people.

It was thrillingly strange that the Most High should stoop to mingle directly with such errant and wavering planetary life, even to sharing its wretched state. Over that barren slope, the angelic course made a hosanna chorus, as swarming and lightsome as leaves in summer.

"God so loved the world, that He gave His only-begotten Son, that whosoever believeth in Him should not perish, but have everlasting life."

Amid all the brilliant forms of interstellar space, the whirling spiral nebulae, the first-magnitude stars, crimson, blue and gold, with their imposing planets, He had elected to merge Himself with straggling earth.

It was a tiny, brownish ball, far out on the arm of the galaxy that men call the Milky Way, revolving in a secondary, aging solar system.

It presented a sallow, depressing character beside the flaming supernovae, the sparkling eddies, the constellations, the dynamic rhythms and dazzling colors of the firmament.

Yet God had leaned down to this lesser globe and its meager folk, cherishing them though they rejected Him, embracing them though they mocked, giving Himself to those who had failed to reciprocate.

"The love of God is shed abroad in our hearts by the Holy Spirit which is given unto us."

The surroundings in which He chose to appear were of the sort men consider most miserable, a smelly stable in a cave outside a cramped little town called Bethlehem in a bitterly oppressed land.

He took on all the drawbacks of flesh, as a mere babe, in a penniless, migratory family from Nazareth. He acted to involve Himself in men's hardest, shabbiest, humblest lot, and hallow it.

Gabriel reassured her: "Fear not, Mary, for thou hast found favor with God."

He cast Himself into their world without reserve, because it mattered much to Him, all its woes, its anger, tears, diseases, frustrations, sarcasm, rituals, anxieties and hurts.

"He made Himself of no reputation, and took upon Himself the form of a servant, in the likeness of men. He had to be made like His brethren in every respect, to seek and to save that which was lost."

One of the angel throng swung down to announce the event through other commonplace humans, a crew of shepherds guarding their flocks in the valley.

"Fear not; for behold, I bring you good tidings of great joy, which shall be to all people. For unto you is born this day in the city of David, a Savior, which is Christ the Lord."

The herdsmen stood wide-eyed with awe.

"And this shall be a sign unto you; ye shall find the babe wrapped in swaddling clothes, lying in a manger."

The trembling men, hiding their faces, moved in disorderly haste across the dim valley floor, tripping on roots and boulders. Over shadowy course to the grotto, then, benign gazes marked their way.

"O man, greatly beloved, peace be with you."

Throughout the pinnacles and towering outposts of heaven, among the winging company that kept vigil, a fervent delight pulsed and swelled, from the zenith of creation to the dusty stall.

Low in the stratosphere, three other planets converged in a triangle, Jupiter, Saturn and Mars, forming a scintillating cluster like a giant, close-hanging star.

It cast a pearly halo over the barnyard there and, cross the desert and mountains in an area called Persia, racing spirits impelled learned magi to read the

meaning of that star, and journey toward it.

"Arise! Shine! For thy Light is come."

It was a bountiful night, laden with ineffable solicitude for troubled man. The heavenly minions regarded him with gentle hope, wondering at his blurred perceptions.

He could not see the noon-tide vista where they moved, nor hear the melody of their hallelujahs. He could not imagine those eyes that saw all ways at once, those agile spirit bodies that could change direction without turning, that could be anywhere in an instant.

His distorted ways blotted out the loftier circuits, where wish was fulfillment, where work was accomplishment, where empathy

was complete and life of a connected strand.

He groped in a three-dimensional prison, yearning to break out but too buried in his intellectual dogmas and conventional frame of references to see the way. He was alienated from true freedom by misuse of his own. In declaring independence from God, man had become trapped in a medium of matter, shackled to his perishable physical environs.

"Ye shall know the truth, and the truth shall make you free."

God descended to show that even in human form, it is the spirit not the flesh, that lives. He could have abandoned reprobate earth to its darkness. He didn't. On unseeing humanity, heaven rained its utmost revelation.

"The Light of the knowledge of

Advance Made In Genetics By Research

WASHINGTON (AP) Research in human genetics has advanced to the point where scientists believe they can someday reverse ill effects of atomic radiation on the human body.

An article in Medicine at Work, publication of the Pharmaceutical Manufacturers Association, said one of the major studies under way is to reverse the increasing incidence of birth abnormalities blamed by some on mutations from radioactive fallout.

Dr. H. Bentley Glass, professor of biology at Johns Hopkins University, pointed out in the article that biologists are learning how to modify the outcome of heredity. One day, he predicts, they may learn to control mutation by correcting or replacing defective genes.

Dr. Hermann J. Muller, Indiana professor of zoology and Nobel Prize winner, foresees the time when human sperm "banks" might make it possible for parents to select the characteristics they would like to see in their children. Germ cells stored in deep-frozen condition below ground could serve as one step toward survival of future generations undamaged by radiation, Dr. Muller said.

the glory of God in the face of Jesus Christ."

The Most High lowered Himself to close the breach between truth and mankind, to shatter the blockage shutting earth off from eternity. Men could not live up to Him. So He bent down to lead the fugitives back to their spiritual heritage, to mark the way, to end the separation and restore them to full friendship.

He offered a living pledge, in person, because he cared—immensely.

"God is love."

And it was Love that dropped that night into the sea of human history, an utter, unconditional, unparalleled ardor, a love for the unloving. "Everyone that loveth is born of God and knoweth God."

Moreover, God was not remote and distant, as many assumed. He was there, in that stony, cleft of earth, among men, the least and greatest of them.

"Behold the kingdom of God is with me, and He will dwell with them."

The cascading light caressed the limestone cliffs, eddied through the curling leaves of olive trees and spilled into the blue shadows where the livestock grazed. In the stillness below came the cry of an infant.

And there was music in heaven. "Glory to God in the highest, and on earth peace, good will to men."

Stoutsville News By Mrs. A. B. Wynkoop

Mr. and Mrs. Terry Rife of Circleville and Charles Stein were Sunday dinner guests of Mr. and Mrs. Marvin Rife.

Mr. and Mrs. Nicholas Conrad of Columbus were recent supper guests of Mr. and Mrs. Cliff Hanley.

Mrs. Gertie Valentine of near Tarlton, visited with Mrs. A. B. Wynkoop Sunday morning.

Mr. and Mrs. William Long and Pamela of Lancaster called Sunday evening on Mr. and Mrs. Glen Christy.

Mr. and Mrs. Wilbur Hanley of Lancaster and Mr. and Mrs. Cliff Hanley visited Mrs. Clara Hanley at the Circleville Home and Hospital and Mrs. Mary Shoemaker at Berger Hospital Sunday afternoon.

Mr. and Mrs. A. B. Wynkoop visited Friday with Mrs. Winnie Burns and Mr. and Mrs. Robert Burns and family at Lancaster, O.

Leonard Lee Mohler of Lancaster spent the week-end with his grandparents Mr. and Mrs. Cliff Hanley.

Mr. and Mrs. Ralph Ward of Circleville visited Mr. and Mrs. Benton Fausnaugh Sunday afternoon.

Rewarding Inspection

LA JOLLA, Calif. (AP) — An inspection disclosed that the radio in Mrs. Norman H. Pecores' automobile wasn't working because a leather folder, slipped up under the dashboard, was interfering.

The folder was found to contain \$2,700 in U. S. Savings bonds, issued to F. H. Tewksbury, a former owner of the car.

Mrs. Pecores notified Tewksbury, who had been wondering for two years what had happened to the bonds. He gave an unsolicited reward of \$100 to Mrs. Pecores' adopted son, Charles, 11.

A 40-foot illuminated Christmas angel was destroyed in Utica, N. Y., by a fire that police said had been set deliberately.

He Must Be Beat

SHARON, Pa. (AP) — There's no time for beating around the bush for Paul Moore.

If he's not pounding his beat as a policeman in Sharon, he's following the beat as a second violinist with the nearby Youngstown, Ohio, Philharmonic Orchestra.

The 30-year-old father of two patrols Sharon streets from 5:45 a.m. until 1:45 p. m. daily. Then, twice a week he rehearses or performs with the Philharmonic from 7:30 to 10 p. m.

Highest Presence of Vast Universe Brings Shining Light to Lowly Planet

EDITOR'S NOTE — In the Heavens, music. In the stillness below, the cry of a newborn infant. The mystery of the incarnation forms the subject of this last of four articles on the Christmas story, with its setting in heaven. The narrative is based on Scriptural allusions. Quotations are from the Bible, as attributed to angels, prophets and apostles whose words reflected the Mind of those higher realms.

By GEORGE CORNELL
AP Religion Writer

Outwardly, there is little noteworthy about the planet.

It is relatively small and drab, a minor fragment of a minor sun, turning in the black ranges of the light-years.

Astronomically, one would scarcely notice the earth.

Yet on this night, it is a breathtaking attraction. The Phloides cannot match its glory. The magnificent Sirius pales in comparison. The earth on this night radiates with surpassing distinction.

"The Light shineth in the darkness."

Out of the throbbing skies, a luminous shaft streams down like spun silver on a rocky Judean hillside. And over the scene hovers a multitudinous host, exulting in the broad compass of the heavens.

"Lift up your heads, O gates! And be lifted up, O ancient doors! That the King of Glory may come in."

The lowly planet is touched by the Highest Presence. A unique Visitor crosses its threshold. The Sovereign Will bursts forth among uncertain humanity. Providence sets foot on earth. God joins man.

"In the beginning was the Word, and the Word was God, and the Word became flesh and dwelt among them."

The great intervention is commenced, the divine quest to re-establish living union with a dubious and precarious people.

It was thrillingly strange that the Most High should stoop to mingle directly with such errant and wavering planetary life, even to sharing its wretched state. Over that barren slope, the angelic course made a hosanna chorus, as swarming and lightsome as leaves in summer.

"God so loved the world, that He gave His only-begotten Son, that whosoever believeth in Him should not perish, but have everlasting life."

Amid all the brilliant forms of interstellar space, the whirling spiral nebulae, the first-magnitude stars, crimson, blue and gold, with their imposing planets. He had elected to merge Himself with straggling earth.

It was a tiny, brownish ball, far out on the arm of the galaxy that men call the Milky Way, revolving in a secondary, aging solar system.

It presented a sallow, depressing character beside the flaming supernovae, the sparkling eddies, the constellations, the dynamic rhythms and dazzling colors of the firmament.

Yet God had leaned down to this lesser globe and its meager folk, cherishing them though they rejected Him, embracing them though they mocked, giving Himself to those who had failed to reciprocate.

"The love of God is shed abroad in our hearts by the Holy Spirit which is given unto us."

The surroundings in which He chose to appear were of the sort men consider most miserable, a smelly stable in a cave outside a cramped little town called Bethlehem in a bitterly oppressed land.

He took on all the drawbacks of flesh, as a mere babe, in a penniless, migratory family from Nazareth. He acted to involve Himself in men's hardest, shabbiest, humblest lot, and hallow it.

Gabriel reassured her: "Fear not, Mary, for thou hast found favor with God."

He cast Himself into their world without reserve, because it mattered much to Him, all its woes, its anger, tears, diseases, frustrations, sarcasm, rituals, anxieties and hurts.

"He made Himself of no reputation, and took upon Himself the form of a servant, in the likeness of men. He had to be made like His brethren in every respect, to seek and to save that which was lost."

One of the angel throng swung down to announce the event through other commonplace humans, a crew of shepherds guarding their flocks in the valley.

"Fear not; for behold, I bring you good tidings of great joy, which shall be to all people. For unto you is born this day in the city of David, a Savior, which is Christ the Lord."

The herdsmen stood wide-eyed with awe.

"And this shall be a sign unto you: ye shall find the babe wrapped in swaddling clothes, lying in a manger."

The trembling men, hiding their faces, moved in disorderly haste across the dim valley floor, tripping on roots and boulders. Over shadowy course to the grotto, then, benign gazes marked their "O man, greatly beloved, peace be with you."

Throughout the pinnacles and towering outposts of heaven, among the winging company that kept vigil, a fervent delight pulsed and swelled, from the zenith of creation to the dusty stall.

Low in the stratosphere, three other planets converged in a triangle, Jupiter, Saturn and Mars, forming a scintillating cluster like a giant, close-hanging star.

It cast a pearly halo over the barnyard there and, cross the desert and mountains in an area called Persia, racing spirits impelled learned magi to read the

meaning of that star, and journey toward it.

"Arise! Shine! For thy Light is come."

It was a bountiful night, laden with ineffable solicitude for troubled man. The heavenly minions regarded him with gentle hope, wondering at his blurred perceptions.

He could not see the noon-tide vista where they moved, nor hear the melody of their hallelujahs. He could not imagine those eyes that saw all ways at once, those agile spirit bodies that could change direction without turning, that could be anywhere in an instant.

His distorted ways blotted out the loftier circuits, where wish was fulfillment, where work was accomplishment, where empathy

was complete and life of a connected strand.

He groped in a three-dimensional prison, yearning to break out but too buried in his intellectual dogmas and conventional frame of references to see the way. He was alienated from true freedom by misuse of his own. In declaring independence from God, man had become trapped in a medium of matter, shackled to his perishable physical environs.

"Ye shall know the truth, and the truth shall make you free."

God descended to show that even in human form, it is the spirit not the flesh, that lives. He could have abandoned reprobate earth to its darkness. He didn't. On unseeing humanity, heaven rained its utmost revelation.

"The Light of the knowledge of

Advance Made In Genetics By Research

WASHINGTON (AP) Research in human genetics has advanced to the point where scientists believe they can someday reverse ill effects of atomic radiation on the human body.

An article in Medicine at Work, publication of the Pharmaceutical Manufacturers Association, said one of the major studies under way is to reverse the increasing incidence of birth abnormalities blamed by some on mutations from radioactive fallout.

Dr. H. Bentley Glass, professor of biology at Johns Hopkins University, pointed out in the article that biologists are learning how to modify the outcome of heredity. One day, he predicts, they may learn to control mutation by correcting or replacing defective genes.

Dr. Hermann J. Muller, Indiana professor of zoology and Nobel Prize winner, forces the time when human sperm "banks" might make it possible for parents to select the characteristics they would like to see in their children. Germ cells stored in deep-frozen condition below ground could serve as one step toward survival of future generations undamaged by radiation, Dr. Muller said.

the glory of God in the face of Jesus Christ."

The Most High lowered Himself to close the breach between truth and mankind, to shatter the blockage shutting earth off from eternity. Men could not live up to Him. So He bent down to lead the fugitives back to their spiritual heritage, to mark the way, to end the separation and restore them to full friendship.

He offered a living pledge, in person, because he cared—immensely.

"God is love."

And it was Love that dropped that night into the sea of human history, an utter, unconditional, unparalleled ardor, a love for the unloving. "Everyone that loveth is born of God and knoweth God."

Moreover, God was not remote and distant, as many assumed. He was there, in that stony, cleft of earth, among men, the least and greatest of them.

"Behold the kingdom of God is with me, and He will dwell with them."

The cascading light caressed the limestone cliffs, eddied through the curling leaves of olive trees and spilled into the blue shadows where the livestock grazed. In the stillness below came the cry of an infant.

And there was music in heaven. "Glory to God in the highest, and on earth peace, good will to men."

Stoutsville News By Mrs. A. B. Wynkoop

Mr. and Mrs. Terry Rife of Circleville and Charles Stein were Sunday dinner guests of Mr. and Mrs. Marvin Rife.

Mr. and Mrs. Nicholas Conrad of Columbus were recent supper guests of Mr. and Mrs. Cliff Hanley.

Teletype Operators Transmit Christmas Art

By TED BOYLE

Associated press teletype operators transmit thousands of new stories in a year, but no bulletin — no story that draws big headlines — causes as much stir among them as their preparation and transmission of Christmas art on the teletype.

Madonnas, reindeer, Santa Clauses, winter scenes, all formed by the same letters that spell out the news, flow over The Associated Press wires every Christmas eve.

Operators spend weeks working out Christmas greetings — all on their own time. Years of experience on the teletype make each operator a potential Rembrandt. These experts know the letters and combinations to give design and shading to a scene.

Newspapers have printed many of the greetings and each year editors of AP newspapers praise the operators' efforts. A British newspaperman working in the New York office of a London newspaper last December messaged thanks to The Associated Press for "brightening up a quiet Christmas eve."

"I am lost in wonder at the technical competence," he said.

Christmas teletype art not only moves on domestic wires, it is sent also on AP's cable between New York and London. The Tokyo gre greeting shown here was sent by radio-teletype from the Japanese capital and relayed to U. S. newspaper by New York last year.

The custom began in the '20s with operators transmitting simple Christmas trees and other symbols made with Xs. In 1947 Meyer Hill, an AP operator in Baltimore, sent the first sophisticated greeting — a Madonna and Child — with highlights and shading that brought expressions of wonder around the circuit. Other operators have followed Hill's lead and today the custom is a regular — although not officially scheduled — event on the AP's nationwide AAA wire circuit every Christmas eve.

The starting time depends on the flow of news. But news — barring a major Christmas eve tragedy — has a way of drying up early that evening. Usually by 10 p. m. the wires that chronicle the world's events are chattering with the greetings as bureaus try to outdo each other. How is teletype art made? Well, we've all seen pictures formed with letters on a typewriter.

These are worked out with the picture taking shape right in front of the "artist." But teletype pictures are transmitted from a perforated tape. The operator must first work out his picture visually and then perforate the code for each letter and spacing into the tape. Frequently the letter X is used to form the basic design, Ms

The recreation commission of Omaha, Neb., opened a school for Santa Clauses after complaints were registered that local Kris Kringle suffered from "improper padding, a hollow chuckle and phony whiskers that won't fool any 20th century kid."

and Ws for darker areas and shading. Periods and colons, of course, can make a lighter tone.

With so many letters and symbols at the disposal of the teletype artist, he has almost as many combinations to use as an artist working with colors. For instance, some of the dark areas in this greeting from AP Tokyo, designed by N. Tsuruno, were achieved with the letter B over the letter M and G over M.

The New Haven bureau's greeting was designed by newsman Tom Stewart and punched by traffic bureau chief Robert Bolton.

Some teletype artists make original pictures. Other get inspiration from drawings or photographs. Some buy needlepoint patterns to use as a basis. Operator Charles Reeser of AP's Washington bureau, who has had some schooling in art, said he was attempting to produce a scene that might appear on a stained-glass church window, in the "Peace on Earth."

Each of the 182 lines in Reeser's drawing is 72 characters wide. To start his scene, Reeser began at the top with 33 spaces, then six Ws followed by 33 additional spaces. The second line is 31 spaces, 10 Ws and 31 spaces. Each line at the top of the picture has gradually fewer spaces and more Ws to achieve the peaked effect. When he came to the fifth line, Reeser left one space in the center to begin the top of the A in "peace."

The dark details of the angel's robe were made with Ms over the basic Xs. Wings were made of spaces and periods.

The original design as transmitted on the teletype was 30 inches in length. The tape which transmitted it was about 325 feet long.

Reeser estimates it took him a full week of his own time to work it all out. It can be done after a

fashion on your own typewriter — and if you start now you may have a design for your Christmas cards before next Christmas rolls around.

Clothes Always Top Gift for Man of House

By JOY MILLER
AP Women's Editor

Baffled about what to give the fellow often coyly referred to as the man-in-your-life? You can always fall back upon the utilitarian solution: clothes.

If he's already paying the bills, he'll congratulate himself upon having such a thrifty wife. If he's contemplating the step that would lead to paying the bills, it could be the deciding factor in favor of you — unless, of course, he had his heart set on a replica of a museum statue of the eighth atavar of Vishnu.

Since women are getting self-conscious about selecting ties—among minor league jokesters the Christmas tie is second only to mother-in-law—they might be happier choosing larger, less artistic, items.

What about slippers? The shapeless house slipper of old has been replaced by elegant at-home shoes that reflect the tapered continental look without sacrificing the smallest degree of comfort. And these can be worn out doors as well.

Then there's the raincoat, worn as a sort of uniform by the young married and college set. He's got one? He can always use another.

Cotton dressing gowns are fine for both traveling and staying at home. They're lightweight, washable, colorful. And the drip-dries endear themselves to bachelors.

Leisure shirts are a modern expression of masculine vanity. Even the most conservative corporation executive will go wild over the weekend. Once they wore cotton T shirts. Now the most modest investment is a multi-hued madras cotton. For more expensive pampering, there's single stitch raw silk.

For the fellows in the office, what about the silk handkerchief-scarf? You'll either start a vogue or cater to one.

If you're a girl who has everything herself, you might want to know a haberdashery store in New York is offering a set of hand-made sports coat buttons for —\$30. But imagine sewing on all those buttons on office time.

Santa Claus and angels were banned from Christmas cards in Red Hungary. It was decreed that holiday gifts should be pictured being brought to good little children by tractors.

U.S. Will Move into 1962 Behind Confident Outlook

By NATE POLOWETZKY
AP General Business Editor

NEW YORK (AP) — The U.S. economy, its health restored, moves into 1962 in a buoyant and confident mood—certain of good things ahead.

What's in store? Increased consumer and government spending—the twin props of the economy — a modest increase in corporate profits, and more jobs and less unemployment.

While there were some predictions of new records for all segments of the economy, the general feeling was there would be no runaway boom.

There is a way the possibility of a revival of creeping inflation could throw a spanner in the works or that a steel strike in midyear could turn things sour.

That's the way the experts see

Darbyville

Mr. and Mrs. Willis Hummel of Amanda were Sunday evening dinner guests of Mr. and Mrs. Floyd Brigner and family.

Mr. and Mrs. Leroy Hamneck of Lancaster are spending the week with Bernard Grabill.

Mr. Sherman Grabill is a patient at Mercy Hospital, Columbus.

Phillip and Todd Neff, of Columbus spent Sunday evening with their grandparents, Mr. and Mrs. Wendell Neff.

Mr. and Mrs. Gene Nutter of St. Albans, W. Va., were Sunday dinner guests of Mr. and Mrs. John Gillispie.

Changes in Fare

CINCINNATI (AP) — A flat charge of 50 cents a ride for night owl customers, starting Jan. 1, was approved Wednesday for the Cincinnati Transit Co. to offset costs of a pay raise of 17 cents awarded the firm's 1,000 employees.

Weekly permit prices were dropped to 95 cents from \$1.20 but individual rides on the weekly passes were upped to 15 cents each. Other regular fares will not be changed, George Howie, city utilities director, said.

Bovine Dentistry

HENRYETTA, Okla. (AP) — Lubelle the cow has a set of steel teeth. The 11-year-old bovine's teeth were worn down with age so her owner, Dr. Ray Wilcox, had the choppers made special.

That's the way the experts see

Darbyville

Mr. and Mrs. Willis Hummel of Amanda were Sunday evening dinner guests of Mr. and Mrs. Floyd Brigner and family.

Mr. and Mrs. Leroy Hamneck of Lancaster are spending the week with Bernard Grabill.

Mr. Sherman Grabill is a patient at Mercy Hospital, Columbus.

Phillip and Todd Neff, of Columbus spent Sunday evening with their grandparents, Mr. and Mrs. Wendell Neff.

Mr. and Mrs. Gene Nutter of St. Albans, W. Va., were Sunday dinner guests of Mr. and Mrs. John Gillespie.

Changes in Fare

CINCINNATI (AP) — A flat charge of 50 cents a ride for night owl customers, starting Jan. 1, was approved Wednesday for the Cincinnati Transit Co. to offset costs of a pay raise of 17 cents awarded the firm's 1,000 employees.

Weekly permit prices were dropped to 95 cents from \$1.20 but individual rides on the weekly passes were upped to 15 cents each. Other regular fares will not be changed, George Howie, city utilities director, said.

it for the first half of the year, at least, with a possible contraction setting in thereafter.

A sign of this optimism was the plan of the giant auto industry to build more cars in the first quarter of 1962 than in any single 1961 quarter.

Advance schedules call for 1,887,000 assemblies in January through March—compared to the 1961 quarterly high of 1,837,000 in the three months ending in December.

If these schedules stand, they will produce a record output total for the first six months of a model year of 3,724,000. The record now is 3,692,000 in 1955-56 with a 1954-55 second best of 3,516,000.

That means the automakers are convinced the average American is going to spend more in 1962 than he did in 1961.

Leading industrialists who gathered here in December for the annual meeting of the National Association of Manufacturers generally agreed there would be a continuation through 1962 of the business upswing that began in the spring of 1961 — provided a steel strike didn't pop up.

The gross national product (the total value of all goods and services) may be running at an annual rate of \$580 billion by the end of 1962, compared to the annual rate of \$540 billion in the last three months of 1961.

Federal purchases of goods and services are expected to total at least \$62 billion, a sharp increase from a 1961 level of \$56.9 billion. And some experts think the level of purchases may go as high as \$63 billion.

The dark spot on the economy throughout 1961—and a continuing one for 1962—was joblessness.

Continuing automation and demands for higher skills hit the older worker and the younger job-seeker with little education or

unneeded, or non-existent skills. For many observers, the biggest challenge for 1962 was an expanding economy that would be able to create enough new jobs to absorb a constantly increasing labor force.

Bovine Dentistry

HENRYETTA, Okla. (AP) — Lubelle the cow has a set of steel teeth. The 11-year-old bovine's teeth were worn down with age so her owner, Dr. Ray Wilcox, had the choppers made special.

Quick Pickup Beauty Routines To Help Revive the Most Weary Christmas Shopper

By JOAN O'SULLIVAN
That last weary mile is the longest! You're suffering from Christmas-shopper's feet, bagged down with packages, literally caught in a tight squeeze on the bus or train that bears you homeward.

You stagger into the house, sink into a chair, kick off your shoes and feel sunk.

How can you ever pull yourself together and shape up for a pre-holiday party? Obviously, the only thing that can help you is a three-week cruise in the sunny Caribbean.

Don't be too sure!

The excitement of going someplace special, plus a few beauty tricks, can work wonders in magic minutes.

Here's how:
If skin's dry, give yourself a Steam-and-Cream Facial.

Tie back hair. Wash your face. Smooth on a rich coating of dry skin cream from neck to forehead. Step into a hot tub.

Relax, while steam opens pores, allowing cream to penetrate deeply.

Remove the cream with tissue when you emerge from the tub.

1. Skin is normal-to-oily, bathe first, then follow up with this Fast Facial:

Wash your face, then dip the face cloth in warm water. Press against the skin. Massage cold cream lightly over your damp and receptive skin. Tissue off, then splash with cold water.

The warmth, light massage and cold splash of this treatment stimulates circulation and leaves the skin fresh and glowing.

If hair needs perking up, sit down, feet elevated, and then apply fast-drying spray.

Sometimes a good brushing is all that's needed to put locks into line.

Take time — at least 10 minutes — to stretch out for a short nap. Even if you just close your eyes, those minutes will refresh you.

Make the most of nap-time by

placing chilled witch hazel pads over the eyes and by elevating feet.

When you rise, you'll shine. Next step? Apply make-up, get dressed and ready to go places.

All in all, the treatment can be

accomplished in 45 minutes — 15 for bath and facial, 15 for hair care and nap, 15 for make-up and dressing.

That's the minimum. If you can spare a few extra minutes, so much the better.

Trim the Plain Yule Gift With a Very Personal Fancy

By ELEANOR ROSS
Looking for a pleasing yet practical way to stretch your Christmas gift dollar?

So many of us are, especially if we have to cope with a lengthy list.

A minimum of sewing ability, coupled with a nice big dash of imagination, can swell even the tiniest budget more than you think possible. And even if expense is not the primary consideration, a gift which contains something of the donor, as expressed in a bit of hand-work, is really symbolic of the true Christmas spirit. And such gifts are perfect when a remembrance, rather than a gift, is indicated.

Perhaps you don't consider yourself as "clever" enough to make something acceptable completely from scratch — and it's true that many of us do not have that particular talent. But almost any woman can take an ordinary item and turn it into something special, something quite charming.

One way is by adding harmonious trimming.

Some cooks always pour off the fat as it collects in the skillet during the frying of bacon in the belief that this procedure helps make the bacon extra crisp; other cooks do not agree with this proposition. Try this way and judge for yourself!

Have you browsed at a notions or drapery trimming counter lately? If not, you might be amazed at the array of unusual and decorative trimmings available by the yard — just waiting to transform the plain or utilitarian into the pretty. Fortunately, many of the trimmings are washable.

As a starter, remember that two plain, solid-colored terrycloth hand towels can be transformed into handsome guest towels merely by adding two rows of braid in a Greek Key design — or, perhaps, a multi-colored tassel fringe sewn along each end.

Stunning place mats can be made similarly, by sewing a border of ball fringe around the edges. Co-ordinated napkins are easy to trim by applying just a right-angle trim at one corner. Again, you will achieve the unusual for the cost of the commonplace.

When shopping for trimming, be sure to select the colorfast variety so that your gift will look pretty even after many launderings, for such gifts are sure to be used often. Quality trimmings are vat-dyed — which is an assurance that their colors won't run when they encounter soap and water.

If you are in doubt about the washability of a particular trimming, buy a minimum piece and give it a washing test yourself. There's no use wrapping up laundering problems with that pretty, hand-embellished gift item.

HOT BISCUIT-HAM CANAPES are a tempting treat to serve holiday guests. The biscuits puff up while baking but centers are hollow, ready to be filled with a spicy ham mixture.

Christmas Canapes Can Be Spectacular

By JOAN O'SULLIVAN

What kind of canapes to whip up over the holidays?

Dips offer a quick, easy, serve-yourself answer.

Spreads are fairly simple, too. But you'll want at least one production number, a spectacular!

And here are three suggestions: Beaten Biscuit-Ham Canapes are wonderfully good.

The biscuits puff up while baking, but centers are hollow because tops are not pricked. When they're done, split them, and fill with a spicy ham mixture.

If you like hot snacks — and doesn't everyone? — try the Curried Beef Patties or canape version of ever-popular English Rabbit.

BEATEN BISCUIT-HAM CANAPES

2 c. sifted all-purpose flour
1/2 tsp. salt
1-3 c. shortening
1/2 c. cold water

Sift flour and salt together. Cut in shortening until mixture resembles coarse meal. Stir in water. Knead dough 1/2 min. Then put through food chopper 8 times, using medium blade.

Roll dough 1/4 in. thick. Fold in half. Roll again to 1/4 in. thickness. Shape with 1 1/2 in. round cookie cutter.

Bake 25 to 30 min. or until lightly browned in preheated moderate oven, 350 degrees F.

When cold, split and fill with Ham Filling.

HAM FILLING

1 c. ground cooked ham
2 tsp. instant minced onion
1/4 tsp. powdered mustard
Dash of ground black pepper
1/4 c. sour cream

Put ham through meat grinder, using medium blade. Mix with remaining ingredients. Use as filling for Beaten Biscuit Canapes.

Makes 1 c.

ENGLISH RABBIT CANAPES

6 slices bread
2 to 3 tbsp. butter or margarine
1 c. (1/4 lb.) grated sharp American cheese

1/4 tsp. ground black pepper
1/4 tsp. powdered mustard
4 tsp. cooking sherry
Parsley flakes

Cut bread into 1 1/2 in. squares. Saute one side in butter or margarine. Toast other side.

Combine remaining ingredients except parsley. Spread on sauteed side of bread. Place under preheated broiler to melt and brown cheese, about 1 min.

Garnish with parsley. Serve hot.

Makes 24.

CURRIED BEEF PATTIES

2 tsp. instant minced onion
2 tsp. water
2 tsp. butter or margarine
1/2 lb. ground lean chuck
1/2 c. finely chopped fresh tomato

1 1/2 tsp. salt
1/4 tsp. ground black pepper
1/4 tsp. garlic powder
1 tsp. curry powder
1 egg, slightly beaten
1 pkg. pastry mix
1 egg white

Soften onion in water. Saute in butter or margarine 1 to 2 min.

Add chuck; stir and cook until meat turns gray. Add tomatoes, salt, black pepper, curry and garlic. Cook 5 min. or until tomatoes are done.

Remove from heat. Gradually stir in beaten egg. Stir and cook over low heat 1 min., to thicken mixture. Cool.

Roll pastry to 1/4 in. thickness. Cut into rounds with 2 1/2 in. pastry cutter.

Spread 1 tsp. meat filling on one half of one side of each pastry circle. Fold remaining half of pastry over meat in half-moon fashion. Press and crimp edges together.

Standing Out in Crowd

BIG CEDAR, Okla. (AP) — When President Kennedy visited this crossroads community, Mr. and Mrs. Jim London attended with their young daughter. To keep her from getting lost in the crowd they tied a gas-filled balloon to her belt so they could locate her if she wandered away.

More Wild Turkeys

PLUM COULEE, Man. (AP) — Manitoba's wild turkey population came close to doubling in 1961, it was disclosed at a meeting of the Wild Gobblers, organized here recently.

More than 100 birds were hatched during the year, bringing the total to approximately 225.

...and many thanks to all you wonderful people whose friendship has been so heartwarming during the year.

Quick Pickup Beauty Routines To Help Revive the Most Weary Christmas Shopper

By JOAN O'SULLIVAN
That last weary mile is the longest! You're suffering from Christmas-shopper's feet, bagged down with packages, literally caught in a tight squeeze on the bus or train that bears you homeward.

You stagger into the house, sink into a chair, kick off your shoes and feel sunk.

How can you ever pull yourself together and shape up for a pre-holiday party? Obviously, the only thing that can help you is a three-week cruise in the sunny Caribbean.

Don't be too sure!
The excitement of going some place special, plus a few beauty tricks, can work wonders in magic minutes.

Here's how:
If skin's dry, give yourself a Steam-and-Cream Facial.

Tie back hair. Wash your face. Smooth on a rich coating of dry skin cream from neck to forehead. Step into a hot tub.

Relax, while steam opens pores, allowing cream to penetrate deeply.

Remove the cream with tissue when you emerge from the tub.

1. skin is normal-to-oily, bathe first, then follow up with this Fast Facial:

Wash your face, then dip the face cloth in warm water. Press against the skin. Massage cold cream lightly over your damp and receptive skin. Tissue off, then splash with cold water.

The warmth, light massage and cold splash of this treatment stimulates circulation and leaves the skin fresh and glowing.

If hair needs perking up, sit down, feet elevated, and then apply fast-drying spray.

Sometimes a good brushing is all that's needed to put locks into line.

Take time — at least 10 minutes — to stretch out for a short nap. Even if you just close your eyes, those minutes will refresh you.

Make the most of nap-time by

placing chilled witch hazel pads over the eyes and by elevating feet.

When you rise, you'll shine.
Next step? Apply make-up, get dressed and ready to go places.

All in all, the treatment can be

accomplished in 45 minutes — 15 for bath and facial, 15 for hair care and nap, 15 for make-up and dressing.

That's the minimum. If you can spare a few extra minutes, so much the better.

Stronger Aid Plans Help Give Lift to 1961 Farming

WASHINGTON (AP) — The nation's agriculture saw its economic situation improved somewhat in 1961 as the federal government embarked anew on stronger farm-aid programs.

Net income of farm operations was expected by the Agriculture Department to total around one billion dollars more than the \$11.7 billion earned in 1960.

Much of this increase reflected policies and programs of the Kennedy administration which sought to reverse those of the Eisenhower administration reducing the federal role in agriculture.

The new programs included higher farm product price supports and a plan under which feed grain producers were paid slightly more than three-quarters of a billion dollars to reduce production of corn and sorghum grains, crops available in oversupply.

The 1961 farm income continued considerably below levels of the late 1940s and early 1950s, and far below the amount the Kennedy administration considered necessary to provide farmers a fair share of the national income. By comparison, farm operators earned a record \$17.8 billion in 1948 and \$13.5 billion as late as 1958.

Improved economic conditions were not general throughout agriculture. In several sections the situation deteriorated because of lower prices for such products as poultry and eggs, beef cattle, po-

tatoes and some lesser crops. Too, the northern Great Plains suffered from a severe summer drought.

Where the Eisenhower administration had taken the stand that farm markets and production unhampered by government controls and regulation offered an eventual solution to farm income problems, the new administration took a position that it was essential that government embark upon a farm commodity supply control program.

The Kennedy administration did not get from Congress all the power and authority it needed to carry out its policies. As a consequence, both it and agriculture face a number of problems that may prevent any further upturn in farm earnings in 1962.

To make its policies work effectively, the administration would need power to control production of most crops and livestock products so that supplies could be brought into balance with commercial market needs and supplies donated under welfare and foreign aid programs.

The new year is expected to see the administration press Congress for additional authority to carry out its policies. This would be done in a political atmosphere because most lawmakers will be looking ahead to the November congressional elections.

As has been the case for a number of years, agriculture—as

represented by its private organizations—continued to be divided sharply over what government should do. The influential American Farm Bureau Federation continued to fight for less government in agriculture, but the National Farmers' Union and the National Grange largely backed the policies of the Kennedy regime. This division is expected to continue in 1962.

Total farm production in 1961 was about the same as the record high set in 1960. Crop volume was down under influence of crop control programs, but production of livestock and livestock prices was up. Next year's operations are expected to match this year's, unless, of course, adverse weather conditions should interfere.

Farm product prices in 1961 averaged about one per cent above those of 1960, largely because of higher government supports. Nevertheless, the farm price level remained considerably below the goal of federal farm programs.

Little Margaret O'Brien Now Is Stunning Actress of 23

By **BOB THOMAS**
AP Movie-TV Writer

HOLLYWOOD (AP)—Margaret O'Brien is back with Dr. Gillespie—but what a difference!

Little Maggie was back at MGM for the first time in a decade, but she wasn't little Maggie any more.

She was Margaret O'Brien, a stunning actress of 23 years ("I'll never be able to lie about my age; too many people know it"). Married two years to advertising man Robert Allen, she has successfully escaped the sweet little moppet category.

In fact, her return to MGM had her playing a misguided nurse who tries to seduce Dr. Kildare, Richard Chamberlain.

What makes the event notable is that her second movie (after the tear-jerking "Journey for Margaret") was "Dr. Gillespie's Criminal Case." Dr. Kildare, then Lew Ayres, was away during the war, and the elder medic was carrying on the series.

"That was when I first met Lionel Barrymore," Margaret recalled. "He was very nice to me—even made me rag dolls. We got along very well together."

She followed with such films as "Meet Me in St. Louis," "Jane Eyre," "Big City," "Music for Millions," "Our Vines Have Tender Grapes," "Little Women" (which she remembers with the most fondness) and "Secret Garden." The latter was her finale at the Culver City lot.

"There wasn't any bad feeling about my leaving," she said. "I simply felt I could do better on the outside."

There followed the usual in-between period when she strove to escape the saccharine tag that had befallen her in the MGM days. She never quite succeeded until a couple of years ago when she did a Playhouse 90 with Tony Randall.

Since then she has kept busy with TV dramas and summer stock. Last summer she toured with James MacArthur in the sexy farce "Under the Yum-Yum Tree." She recently did an "Adventures in Paradise" in which she played a hard-drinking heiress. Yes, our Maggie has come a long way.

It is the custom for former movie moppets to shed tears over their lost childhood. Margaret refuses to go along with this dodge.

"I often see or read interviews in which these former stars complain about what the film business has done to them," she remarked. "If they don't like it so, why do they stay in it."

"I stay in it because I like it. I always have. I always felt fortunate in being able to work in movies, and I don't think I suffered for it. My mother was very careful about seeing that I lived a fairly normal life. And remember that I came along after the Jackie Coogan case had prompted strict laws about children working in films and saving their money. Much of my earnings are still invested in bonds."

"If I had a daughter, I would not mind if she were a child actress. However, I wouldn't want that kid for a son. Girls thrive with all that attention; boys do not."

Not an Annual

ATLANTIC CITY, N. J. (AP) — The Baking Industry Exposition, held here recently, is held only once every six years, mainly because the equipment is so bulky that it is expensive to move.

Manufacturers said too, that the design of the machinery doesn't undergo drastic changes very often.

"There wasn't any bad feeling about my leaving," she said. "I simply felt I could do better on the outside."

There followed the usual in-between period when she strove to escape the saccharine tag that had befallen her in the MGM days. She never quite succeeded until a couple of years ago when she did a Playhouse 90 with Tony Randall.

Since then she has kept busy with TV dramas and summer stock. Last summer she toured with James MacArthur in the sexy farce "Under the Yum-Yum Tree." She recently did an "Adventures in Paradise" in which she played a hard-drinking heiress. Yes, our Maggie has come a long way.

It is the custom for former movie moppets to shed tears over their lost childhood. Margaret refuses to go along with this dodge.

"I often see or read interviews in which these former stars complain about what the film business has done to them," she remarked. "If they don't like it so, why do they stay in it."

"I stay in it because I like it. I always have. I always felt fortunate in being able to work in movies, and I don't think I suffered for it. My mother was very careful about seeing that I lived a fairly normal life. And remember that I came along after the Jackie Coogan case had prompted strict laws about children working in films and saving their money. Much of my earnings are still invested in bonds."

"If I had a daughter, I would not mind if she were a child actress. However, I wouldn't want that like for a son. Girls thrive with all that attention; boys do not."

Not an Annual

ATLANTIC CITY, N. J. (AP) — The Baking Industry Exposition, held here recently, is held only once every six years, mainly because the equipment is so bulky that it is expensive to move. Manufacturers said too, that the design of the machinery doesn't undergo drastic changes very often.

USE THE CLASSIFIEDS

Yuletide Joy

May the happiness of the Holiday be truly yours, both now and in time to come.

Guy G. Cline
Judge
Probate Court

Seasons' Greetings

May your holiday be brightly filled with wonderful things.

Robert Huffer
Prosecuting Attorney

BEST WISHES

The best of health and much happiness is our wish for you this joyous season.

James Mowery
Clerk of Courts

Greetings

From the wreath on the door to stockings by the fireplace, may joy fill your house.

Judge William Ammer

NOËL

May the spirit of the first Noel fill your heart with a deep and abiding joy!

Florence Campbell
County Recorder

Merry Christmas

And a world of joy to you and yours.

Ed Wallace
Representative to the General Assembly

Merry Christmas

As on that Silent, Holy Night of long ago, may the light of the Christmas Star shine brightly in your heart, now and always.

Marvine Hoover Rhoades
County Auditor

Christmas Joy

May your Christmas be wrapped in happiness, filled with joy and surrounded by all the good cheer of the Day!

Earl Smith
Attorney at Law

Greetings

At this joyous season, we wish the best of everything for each and every one of you. Thank you all for the privilege of serving you during the year now ending.

Sheriff Walton Spangler

At Christmas

May your heart reflect the joy of the true Christmas spirit.

The Dentists of Circleville

Merry Christmas

May the light of Christmas, the light that first shone nearly two thousand years ago, fill your heart with joy!

Henry T. McCrady
County Engineer

Greetings

From Christmas feast to Christmas gifts . . . and from Christmas gatherings to Christmas greetings, may every part of your Christmas be perfect.

Kenneth Robbins
Attorney at Law

Give Christmas Gift to Home

By VIVIAN BROWN
AP Newsfeatures Writer

Give your home a gift for Christmas. Everybody in the family wants to share in the home improvements, so choose a gift that is for everybody, or one that an individual can use in the home.

One popular gift is trees, given with a gift certificate. The family who is always postponing investing in bushes or trees that they need will adore the idea, even though they don't have it in gift wrap. Dwarf fruit trees are good gifts. You can find substantial looking bush or tree in any price range.

If Dad has been planning a big gift for a long time, now's the time to come across with that swimming pool, tennis court, power mower. The family doesn't care that it isn't under the tree, a photograph will do just as well. They'll leap for joy just to know it is coming.

It could be the year for a substantial gift indoors such as a painting, statue or other home accessory. Many museums have beautiful decorative accessories for sale, made in America or abroad. There are odd chairs from Italy, wrought iron from Spain, needlework from Poland, teapots and metal accessories from the Orient. Brass fireplace accessories from England and furniture from France and the Scandinavian countries are other choices.

Mom will take anything, please, to improve her home. You can start in the kitchen with a major appliance if you like, or give her a gift of flattery like a vanity table. A new mirror in a Greek design would go with any decor. This particular one lights the mirror as well as the face, just like theatrical dressing mirrors. The single panel mirror has ten lights, those with side panels have more.

There are electric footstools for Moms and Grandmas with cold feet, and ottomans for Dads who are always hinting for them. There are comfortable television chairs.

Youngsters like something in the comfort line, also. Small tots like musical rocking chairs or those that are counterparts of Mom's Boston rocker. A new lamp base made of a playblock has a light built into it that glows in the dark to reveal a couple of playful

pusses in boots. Hassocks for television viewing are popular and some are available in practically indestructible Verel, a plush pile fabric, in fire engine red and a wide range of colors.

Older children like portable television sets, short wave radios, desks and even those pole lamps that supply lots of light.

The old-fashioned welcome mat in festive motif makes an excellent Christmas gift for the home. One that says "hello" in five languages is a gay asset for foyer or rumpus room.

Even Profit Was Realized

NORWALK, Ohio (AP)—A 23-year-old man from Brentwood, N.H., who was arrested here for failing to have lights or license plates on his Model A Ford, has sent Christmas cards to Mayor Louis G. Frey and "the best police department in the United States."

Police halted David Lyford, a University of New Hampshire graduate, two weeks ago and impounded his Model A vehicle, which he had purchased in Wyoming for \$140. He had been working for the summer on a Wyoming farm and was en route back to New Hampshire.

Lyford explained that he had gone through hundreds of towns without being stopped—until Norwalk. He couldn't buy license plates, so police and the mayor arranged to have the car sold. Louis Zorn, an antique dealer, purchased it for \$200, which was used to get Lyford on a bus and back to New Hampshire.

The mayor suspended a \$10 fine. Lyford left Norwalk with deep gratitude for the consideration he was shown. In the card to the mayor, signed "Model A Dave," Lyford said an antique clock from Exeter, N.H. was on the way as a gift.

Stuffed Animals Popular Yule Toys

By JOY MILLER
AP Women's Editor

Stuffed animal toys have never been so popular — and if the crib clique doesn't watch out teen-agers will take over the consumer's market.

Rag animals sold well in the 19th century. But it was Theodore Roosevelt and a bear cub he didn't shoot in Mississippi or did shoot in the Rocky Mountains, depending upon which story you hold with, that started the fad for Teddy Bears and subsequently all

stuffed animals from aardvark to zebra.

Toys love to hug and squeeze the soft, cuddly toys. Unlike baby dolls, which are dependent on young play-mothers, or adult dolls that are often frighteningly superior, a stuffed animal is a companion, as bewildered in a grown-up world as the child himself.

A youngster can pour his troubles into the ever-attentive ears of a stuffed animal, take it along on an imaginary trip to the moon, snuggle down with it in bed at

night. He feels secure with Teddy or Bozo or Coco because it's always present, and not even mother is around all the time.

But what's the appeal for teen-agers?

It wasn't until the last few years that the high school and undergraduate college crowd adopted the stuffed animal fad.

"Better ice breaker than to take a girl candy or flowers," one non-shaving gallant proffers.

Psychologists, however, have had a field day with explanations that brandy phrases like substitute mother love, maternal yearnings father images, totems.

The real reason could be very simple. Maybe the kids just like animals, and think the toys are cute.

Cubs Protected

PITTSBURGH (AP) — Pennsylvania was the first state to give protection to cub bears. In 1925, a legislative act declared that a bear to be legally taken in the Commonwealth must be "not less than one year old." As a rule cub bears born in January or February weigh 50 to 80 pounds by autumn. By the time the second hunting season rolls around, a young bear weighs 120-150 pounds.

Christmas Trees of Glass.

Each year witnesses many new uses for glass, one of man's most versatile materials.

This year, an intriguing new use will add cheer to many a Yuletide gathering.

It's a Fiberglass Christmas tree composed of thousands of glass rovings which comprise the "needles." Basic structure of the tree is wire.

The tree is absolutely firesafe, FNS

an important feature particularly in a household of children. It may be used with any type of decoration, and can be safely lighted with electric bulbs since there is no danger of shock. Produced in a wide range of sizes up to 80 inches, it's adaptable either as the main attraction in the living room where all the presents are heaped, or as a table tree in the "family room" or child's bedroom. FNS

Name Not on Rolls

NORMAN, Okla. (AP) — Lt. Gov. George Nigh mispronounced the name of Dr. Cedimir M. Slipcevic and apologized: "They told me you were not a registered voter so I didn't work on it."

Street's a Speedway

OSHKOSH, Wis. (AP) — Six Oshkosh residents have petitioned the City Council to change the name of their street to Webster. They claim motorists are taking too literally the present name: Speedway Avenue.
